**April 24<sup>th</sup>, 2020**

Queens Village, of Cradle Cincinnati, has had the pleasure of working with Coach Vee as a guest speaker for our Motherhood & Mental Health Panel and a host of one of our online Wednesday Wellness sessions. We have also featured her on our page for our Black Girl Magic series highlighting Black women leaders in our community.

Coach Vee's passion and spirit that she brings to conversations about mental health and wellness has proved valuable to our community of women. Her presence and perspective offers a fresh take on a subject that can sometimes seem tired and taboo.

Coach Vee's "Mental Health is Sexy" brand is a beautiful message that we believe in and support ---that prioritizing your wellness is not just necessary but enjoyable! For this vision and leadership, we are grateful to Coach Vee and what she brings to our community as a speaker, role model and fellow Queen.
