

Programs

“Laptops For Leaders”: Awards qualified students scholarships for a laptop, Internet access, and a sponsored-and-monitored development program. The program is designed to provide the student access to learning tools and content from home in order to promote leadership and learning.

“High School Scholarship”: In partnership with regional college preparatory schools, selected students are offered tuition assistance, financial aid, tutoring, and other ancillary support to ensure student access to secondary education.

“Making the Grade”: Provides support in low income districts for middle school children who demonstrate academic promise through Willow Street’s annual communication and leadership skills development retreat.

“GET MAD”: Sponsorship of projects that provide various aids to educationally and/or financially disadvantaged sectors of a community. In partnership with schools and academic advisors, Willow Street will invest in a number of integrated educational enhancement strategies.

Who We Are

About Us

The cornerstone of the Willow Street Foundation is the ongoing commitment to providing quality education and leadership development to financially disadvantaged children via partnerships with premier academic institutions.

The Foundation has as its primary goal, the identification of prospective students who have demonstrated potential in the areas of leadership, character, and community involvement and the mission of providing them academic and leadership development, preparing them for success in college.
