

We have created this worksheet to gather the basic information we need in order to quickly provide you with a price quote. Don't worry, if you left out anything, we will call you to get more information if needed. Also, the dimensions you provide are for pricing purposes only and can be rounded to the nearest inch. We will take actual measurements before we fabricate your storage solution.

Instructions: Complete each of these sections on the following pages:

1. CLOSET SHAPE AND DIMENSIONS

Pick your closet shape and indicate dimensions and ceiling height.
(If your ceiling is angled, tell us both the lowest and the highest dimensions.)

2. INSTALL OPTIONS

Wall mounted or floor standing or a combination of both (for example drawer units resting on the floor and hanging and shelf sections start 12-18" above the floor or match the drawer units)

3. WALLS & FLOORS

What are your walls made of and what type of flooring is in the space?

4. HANGING

How many linear feet of single and double hanging do you need?

5. DRAWERS

How many drawers do you want? Select from 3 widths: 18", 24" and 30"

6. SHELVES

How many shelves do you want?

7. FINISHES

Select a finish for the panels, shelves and drawers and a metal finish for drawers pulls and hanging bars.

8. OPTIONS

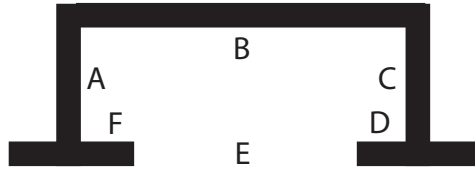

Tell us what other specialized features you are interested in., i.e. slanted shoe shelves, belt and tie racks, pant racks, hampers, etc.

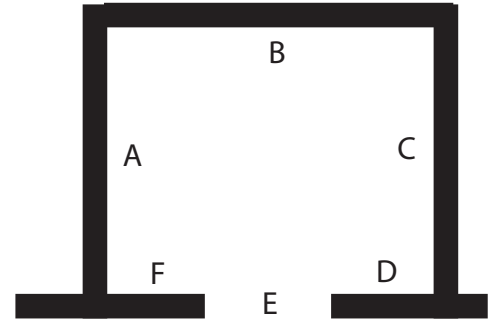

1. CLOSET SHAPE AND DIMENSIONS (CHOOSE ONE)

REACH IN

REACH IN

WALK IN
