

**ATTENTION BROTHERS!**

My name is Ian Dufala and I'm an active brother at Epsilon Upsilon. I've taken the task of putting together some more events the weekend of homecoming to celebrate EU's recent winning of the SMYTHE and NESTER awards with an additional hope of getting alumni to return to Gannon for homecoming to celebrate with us. I have been working with Gannon and they will be working on putting a website together to RSVP for these events. This website won't be complete until next week but it will be complete and available for you to RSVP then. The events will be listed below for you to plan ahead now. Feel free to message me in the meantime to RSVP so we can keep an accurate eye on numbers.
