NOTES:

- (N) = Needs. All items with (N) must be packed in the bag they are assigned to.
 - (Rec) = Recommended. All items with (Rec) have a recommended packing location and may be adjusted by leadership.
 - Note 1 (Spare Batteries): pack spare batteries for assigned night vision devices and weapon optics. Batteries will not be packed with A-Bag (Duffel) (TAT).
 - Note 2 (Uniforms): T-shirts, socks, and undergarments have the minimum required needed. It is highly encouraged to pack more.
 - Note 3 (Laundry Detergent): Do NOT pack liquid detergent.
 - Note 4 (Sleep System): Pack the minimum shells needed in A-Bag (Duffel) (TAT) and remaining shells in B-Bag (Duffel).
 - Note 5 (IOTV): Pack IOTV with no pouches attached. IOTV will only be worn during LFX.
 - Note 6 (Weapon Cleaning Kit): Ensure to pack any CLP in a secondary zip lock bag to protect other contents from an accidental spill.
 - Note 7 (Load Bearing Vest): Pack load bearing vest with all required pouches attached (i.e. M4 magazine pouches, 1QT canteen pouch, grenade pouches, IFAK, etc).
 - Note 8 (Civilian Clothes): Must be appropriate and not be interpreted as unprofessional. No slogans or pictures which may be considered racial, unethical, derogatory, sexist, discriminatory, etc.
 - Note 9 (Boonie Cap): Must be OCP, must be previously issued from a past deployment (current SNCO's are not authorized to order boonie caps). Boonie caps will be packed but will only be worn when authorized by 41 BDE CSM.
- All items highlighted yellow must be available for NODE assignments and NODE duties for box preparation.
