NCM UPDATE

by Ron Grove

Registration is now available for the NCM 30th Anniversary celebration with the Atlantic Caravan in 2024. There are many stops and events scheduled. . but you need to only attend those you are interested in and of course the fee will reflect your choices.

The milestone anniversary celebrations are well attended with thousands of Corvettes and people will be heading to Bowling Green for the event. Caravans help to insure that you can secure lodging and activities for the gathering. Should you be interested in attending – let me know and I will forward some information to you.

By the time you read this. . I will have attended the Corvette Racing Weekend in Hershey at the AACA Museum. Doug Fehan and Tommy Milner will be there to discuss the 2023 season and talk about the upcoming 2024 season.

I'll have an update at the next meeting and newsletter. I'll also be attending the NCM Ambassador Academy on November 9 and 10 for SDC. Planning information for our visit there next June and learning more about the Museum.

1967 L88 COUPE UP FOR AUCTION

The Only Known Rally Red on Red 1967 L88, 1 of 20 Produced for 1967

In an affluent suburb of Orlando, Florida, a magnificent collection of near-priceless automobiles is gathered in an expansive carriage house one could easily picture as the sound stage for a "Fast & Furious" sequel. The exclusivity of these automotive blue diamonds is beyond description, and for so many to be sequestered together with one lavish backdrop is almost unimaginable.

Among this multimillion-dollar assortment of exotica from Ferrari, Bugatti, Mercedes-Benz and McLaren is parked an absolutely stunning Corvette coupe, surely one of the most valuable in the world, and it will soon be offered for sale at the Mecum auction in Kissimmee, Florida, in January 2024. This ultra-rare American sports car is one of only 20 ever built: a 1967 Chevrolet Corvette L88.

CAR AND DRIVER TEST THE ERAY

2024 Chevy Corvette E-Ray Is Brutally Quick Even without Launch Control

The 2024 Chevy Corvette E-Ray posted a 2.5-second 60-mph time in THEIR instrumented performance testing—the quickest ever for a Vette.

On the street, the E-Ray's combined 655 horsepower, all-wheel-drive traction, and instant electric-motor torque make it a stoplight hellion, capable of brutal launches that are as easy to attain as flooring the accelerator.
