Congratulations on the successful holding of the Got Talent ABC Charity Concert and Art Exhibition on Saturday, October 14, 2023, at Houston Community College. The host, Clemence Youth Foundation, invited various officials, including US congressmen and their representatives, Texas state congressmen and senators, as well as community leaders from different ethnic groups and communities, to gather together. The atmosphere was lively and harmonious, with splendid performances by children and artists, enthusiastic charity auctions, and high-quality artworks at the exhibition. The whole concert and art exhibition ended successfully amidst the applause and cheers of the audience.

US congressmen Troy Nehls, Al Green, Dan Crenshaw, Wesley Hunt, Texas State Representative Jacey Jetton, Gene Wu, Texas Senator Joan Huffman, and Fort Bend County Commissioner Andy Meyer, all presented commendation certificates to the CYF Foundation, praising their outstanding community service, providing ample educational opportunities for young people, and making significant contributions to community development. Ms. Jingjing (J.J.) Clemence, the founder and director of CYF, accepted the award on behalf of the foundation.

Texas State Representative Gene Wu, Fort Bend County Commissioner Andy Meyer, and Texas Senator Joan Huffman's representative, as well as Houston Community College (HCC) Professors and AI division Chair Fidelis Ngang, all delivered speeches at the event, affirming and praising the significant influence of the CYF Foundation among the local youth in Houston and encouraging young people to continue their efforts in community development.

One particularly touching moment was Fort Bend County Commissioner Andy Meyer's unwavering support throughout the event, enthusiastically applauding every performance by the children and cheering for every charity auction of the foundation. Dr. Thomas McDevutt, Chairman of The Washington Times, flew from Washington to Houston solely to attend the event. He, too, applauded every child and cheered for the entire program. In these numerous guests, we saw boundless love. As long as we have a heart to serve society, we can work together and contribute.

A major feature of this year's Got Talent ABC was the successful integration of not only the Chinese community but also people from different ethnic groups, cultures, and languages, all uniting to contribute to social charity, showcasing the strong cross-cultural gathering ability of the CYF Foundation and the immense energy of promoting multicultural exchanges and integration. Indian and African American community leaders were present to support, and they also posted congratulations for the successful organization of Got Talent ABC.

Communities of Indian descent, Filipino descent, African descent, Native Hawaiian communities, Chinese communities, and others all united for charity. They not only presented wonderful music and dance performances but also donated various exquisite items for auction, including the painting masterpiece "Dionysian" donated by the internationally renowned artist Jiang Rui, as well as donations from the African and Muslim communities, such as cruise tickets, and branded violin sets. Graduates from the CYF Youth Department returned every year to

contribute, and everyone worked together to raise funds for charity with all their hearts. Same goal, same love. Together, we're stronger! We look forward to creating brilliance together next year!

The Clemence Youth Foundation (CYF, Nonprofit 501C) aims to provide North American youth with an opportunity and platform to showcase their artistic talents, cultivate independent personalities, meet other outstanding young people, and serve the community.
