ARTIST SPOTLIGHT / ONLINE PURCHASING

Angels Choir / 24 x24" digital Art on metal \$1500

MAE JEON

ARTIST STATEMENT:

Korean-born New York-based artist, Mae Jeon, works on a creative exploration of the digital medium, rooted in her background in graphic design and life-long passion for fine art.

"Using the central flower motif, I aim my artwork to enlighten people in the spiritual realm. For that purpose, I assign to chosen flowers specific roles to perform within a simulated background, which I captured from digital exploration. It is my desire that all my artwork has unique beauty while enlightening viewers about eternity and true hope in life. My dream as a digital artist is for my artwork to live as a witness for the time I lived in digital art history."
