GOOD NEWS!

by Laura McGinty - Founder & Director

As you know, 2021 was the start of an incredible journey for Skillz2success™. We were awarded multiple contracts to deliver courses in digital upskilling, money mindset, goal setting, self-employment, interview workshops, CV masterclasses and not forgetting our signature Neurodiverse support programmes. These courses have achieved many wonderful success stories and positive outcomes since we launched them in January 2021. A huge thank you to the team of talented mentors & tutors who have been involved in the delivery of these projects. Not only are you supporting our learners, but you are also empowering our learners to reach their full potential. So thank you for your ongoing support.

Skillz2Success™ is proud to have secured multiple contracts on the new DPS2 framework since it launched recently, these include courses in Health & wellbeing and Neurodiverse support throughout the UK for the DWP. We are already seeing some incredible results for our learners, the feedback we have been receiving is really positive and again, a huge thank you to the team for your outstanding delivery.
