GOOD NEWS!

by Laura McGinty, CEO & Founder

It's hard to believe we are nearly halfway through 2022 already! Skillz2Success™ have been busy delivering multiple projects throughout the UK within the public & private sector. As you all know we have seen a huge demand for more health & wellbeing support and a consistent need for our neurodiverse programmes, which have seen us achieving many wonderful success stories and positive outcomes over the last 15 months. I want to say a special thank you to all of the talented mentors who have been involved in the delivery of these projects. Not only are you supporting our learners, but you are also empowering our learners to realise their own potential.

Skillz2Success™ is proud to be delivering our signature Autism support programmes with the DWP, having just completed a contract in Scotland with some fantastic results, and currently delivering another course in London, we are on track for yet another positive finish. The feedback around these programmes has been outstanding and is set to continue, so another big thank you to the team for all your dedication.
