OWNER OPERATORS!!!**

## COMMERCIAL PROGRAM

The Open Roads-Commercial Program is officially up and running. This program is specifically designed for any trucking company or business that needs more than one card on their account or any owner operators who is looking for a fuel discount card. With the Commercial Program, you will be able to access any reports that you will need to for IFTA reporting for tax purposes. You will have access to our discounts but your your account will be handled by EFS directly. If you know of somebody that falls into this category, they can find the application by clicking on the following link, <https://myopenroads.com/commercial-accounts>.

## AFTER HOURS PHONE LINE 800-275-5089

Our office is open 8:00 am to 5:00 pm central time Monday - Friday excluding holidays. We do have an after hour phone line that is monitored at night and on weekends **BUT** this is for emergencies only. An emergency means if you are at the pump isle and your card isn't working, please call us and we can help you and get it fixed right then. If you are needing to update your account or just have general questions you must call during business hours when we are present in the office.

### ~Android Phone: App Update~

We have released an update for the Android app that should fix the problems that we have had reported to us. Make sure you have version: 1.1.26. You will find what version you have on the **More** tab down at the bottom.

# INFLUENCER CORNER

EACH MONTH WE WILL FEATURE A SOCIAL MEDIA INFLUENCER IN THE RV COMMUNITY THAT NOT ONLY USES OUR PROGRAM BUT IS A BIG CONTRIBUTOR TO ANYTHING AND EVERYTHING RV RELATED.

BE SURE TO GO AND FOLLOW THEIR PAGE!

We're Liz and Paul, solo Rvers who met on the road. Together, we run a YouTube channel where we inspire, inform and entertain thousands of viewers with our Rv Travel videos.

In 2018, Liz hit the road in a camper van (camper #6 for her) leaving her hometown of Lexington, Kentucky. She traveled to Florida and back to Kentucky where she upsized to a fifth wheel trailer. Then she headed west. Paul left his hometown of Orange in Southern California about the same time Liz did, in 2018. He purchased his first camper, a 27' travel trailer, and headed north. Liz and Paul met at a campground in Washington State in June 2019. They were neighbors for two weeks- but didn't connect as a couple until five months later. Every solo traveler's worst nightmare is to get injured on the road. When Liz broke her hand in November 2019, she knew she could not continue to travel. Luckily, she and Paul had stayed in contact. His response was to move in with her and help her continue to travel. And...they have been together ever since.

Their fast-growing YouTube channel (YouTube.com/LizAmazing) provides entertaining and informative RV tips and tricks if you are thinking about living the RV life fulltime, part time or just on weekends.

Liz and Paul have been using the Open Roads fuel-saving app since 2021 and really appreciate the savings. They love it even more in these times of very high diesel prices. They like the convenience and efficiency of getting fuel at truck stops, which they know is big rig friendly, and thus a low-stress place to get fuel while traveling.

If you are looking for a rally to attend, here is a list of some that we have been made aware of.

July:

- SOITC South Central
- Newmars International
- RedWood Owners
- Highland Ridge Coming Home

August:

- RV Freighliner Custom Chassis
- FROG Rally

If you have anything you would like to see in our newsletter, please send an email to Tara at [trape@tsdinc.com](mailto:trape@tsdinc.com) with your suggestion! Be sure to check out our website, [www.myopenroads.com](http://www.myopenroads.com), for all things Open Roads and if you need to send somebody the link for the application to join.
