# The Lazy Wanderers RV

## influencer corner

We are Barb and Jeff McSpadden, and along with our black lab, Einstein, we live and travel full time in our Thor Magnitude XG32. We have been full time RV'ers for just under two years now and have traveled to more than 25 states. We plan to add several more this year. Discovering new places, meeting new people and seeing all this country has to offer are just some of the many reasons we chose this lifestyle. Our favorite style of travel is boondocking in out-of-the-way-places or spending time at COE (Corp of Engineers) campgrounds and of course moochdocking in the driveways of friends and relatives along the way. We share our adventures and misadventures on YouTube, Facebook and Instagram @thelazywanderersrv also on our website <http://www.TheLazyWanderersRV.com>

One of the most expensive parts of living this lifestyle is filling the gas tank. Gas costs, especially diesel, can really add up the more you travel. That's why we love using our Open Roads card. We have saved hundreds of dollars using the card every time we fill up. We found out about the program and signed up for the card months before we even hit the road, and we recommend it to everyone we meet. It's one of the easiest ways to save money as you travel.

**Psalm 33:12**

"Blessed is the nation whose God is the Lord, and the people whom he hath chosen for his own inheritance."
