Good morning The Grove family,

Over the weekend Dustin and I took a few students to CIY SuperStart. It is a two-day event for 4-6th grade students and it is full of energy and games and worship.

This year's theme was called 3E. The active theme was also trick shots. The game that the kids got to learn this year was called "3E". You randomly pick a type of trick show, an item, an obstacle, and a goal and play for a high score. It was a fun game that we got to play throughout the weekend.

Something that they learned over the three sessions was the three E's. Everyone, Everything, Everywhere. The big overarching teaching for CIY is developing the next generation for kingdom work and for them to be kingdom workers. Session one was "kingdom work is for everyone". Session two was "Everything can be used for Kingdom work". The final session was "Kingdom work is everywhere".

The trick shot game was fun and silly, but it was a springboard to show that, just like the game, kingdom work is everywhere, and anyone can do it and with everything. The theme verse for the weekend was Colossians 3:17 – "Everything you say and everything you do should be done for Jesus your Lord. And in all you do, give thanks to God the Father through Jesus".

This may sound silly applying a grade school event lesson into a devotional for Monday morning, but I think this really applies to everyone. Everyone single one of us that reads this have a chance to be a kingdom worker. From some of us in the middle of the workday to well within retirement to sitting in a classroom, kingdom work is always available.

"A kingdom Worker is someone who uses their gifts, talents, abilities, and time to do something for God." This morning, write down three lists. First, a list of everyone you are in contact with on a daily basis. The next list, a list of things you are good at or are passionate about. Third, a list of places you go to often. Now, you can either meditate on a specific combination of the three lists or for fun, randomly pick something from each list, and try and do kingdom work through this idea. This is what the students learned this week and I think it is something we can all learn and apply into our own lives.

Praying for you all this week.

In Him,

Jordan Kattine
