Superintendent

Official Standard for the GOLDEN RETRIEVER

General Appearance—A symmetrical, powerful, active dog, sound and well put together, not clumsy nor long in the leg, displaying a kindly expression and possessing a personality that is eager, alert and self-confident. Primarily a hunting dog, he should be shown in hard working condition. Overall appearance, balance, gait and purpose to be given more emphasis than any of his component parts.

Faults—Any departure from the described ideal shall be considered faulty to the degree to which it interferes with the breed's purpose or is contrary to breed character.

Size, Proportion, Substance—Males 23-24 inches in height at withers; females 21½-22½ inches. Dogs up to one inch above or below standard size should be proportionately penalized. Deviation in height of more than one inch from the standard shall *disqualify*.

Length from breastbone to point of buttocks slightly greater than height at withers in ratio of 12:11. Weight for dogs 65-75 pounds; bitches 55-65 pounds.

Head—Broad in skull, slightly arched laterally and longitudinally without prominence of frontal bones (forehead) or occipital bones. *Stop* well defined but not abrupt. *Foreface* deep and wide, nearly as long as skull. **Muzzle** straight in profile, blending smooth and strongly into skull; when viewed in profile or from above, slightly deeper and wider at stop than at tip. No heaviness in flews. Removal of whiskers is permitted but not preferred.

Eyes friendly and intelligent in expression, medium large with dark, close-fitting rims, set well apart and reasonably deep in sockets. Color preferably dark brown; medium brown acceptable. Slant eyes and narrow, triangular eyes detract from correct expression and are to be faulted. No white or haw visible when looking straight ahead. Dogs showing evidence of functional abnormality of eyelids or eyelashes (such as, but not limited to, trichiasis, entropion, ectropion, or distichiasis) are to be excused from the ring.

Ears rather short with front edge attached well behind and just above the eye and falling close to cheek. When pulled forward, tip of ear should just cover the eye. Low, hound-like ear set to be faulted.

Nose black or brownish black, though fading to a lighter shade in cold weather not serious. Pink nose or one seriously lacking in pigmentation to be faulted.

Teeth scissors bite, in which the outer side of the lower incisors touches the inner side of the upper incisors. Undershot or overshot bite is a *disqualification*. Misalignment of teeth (irregular placement of incisors) or a level bite (incisors meet each other edge to edge) is undesirable, but not to be confused with undershot or overshot. Full dentition. Obvious gaps are serious faults.

Neck, Topline, Body—Neck medium long, merging gradually into well laid back shoulders, giving sturdy, muscular appearance. No throatiness.

Backline strong and level from withers to slightly sloping croup, whether standing or moving. Sloping backline, roach or sway back, flat or steep croup to be faulted.

Body well balanced, short coupled, deep through the chest. *Chest* between forelegs at least as wide as a man's closed hand including thumb, with well developed forechest. Brisket extends to elbow. *Ribs* long and well sprung but not barrel shaped, extending well towards hindquarters. *Loin* short, muscular, wide and deep, with very little tuck-up. Slab-sidedness, narrow chest, lack of depth in brisket, excessive tuck-up to be faulted.

Tail well set on, thick and muscular at the base, following the natural line of the croup. Tail bones extend to, but not below, the point of hock. Carried with merry action, level or with some moderate upward curve; never curled over back nor between legs.

Forequarters—Muscular, well coordinated with hindquarters and capable of free movement. *Shoulder blades* long and well laid back with upper tips fairly close together at withers. *Upper arms* appear about the same length as the blades, setting the elbows back beneath the upper tip of the blades, close to the ribs without looseness. *Legs*, viewed from the front, straight with good bone, but not to the point of coarseness. *Pasterns* short and strong, sloping slightly with no suggestion of weakness. Dewclaws on forelegs may be removed, but are normally left on.

Feet medium size, round, compact, and well knuckled, with thick pads. Excess hair may be trimmed to show natural size and contour. Splayed or hare feet to be faulted.

Hindquarters—Broad and strongly muscled. Profile of croup slopes slightly; the pelvic bone slopes at a slightly greater angle (approximately 30 degrees from horizontal). In a natural stance, the femur joins the pelvis at approximately a 90-degree angle; *stifles* well bent; *hocks* well let down with short, strong *rear pasterns*. *Feet* as in front. *Legs* straight when viewed from rear. Cow-hocks, spread hocks, and sickle hocks to be faulted.

Coat—Dense and water-repellent with good undercoat. Outer coat firm and resilient, neither coarse nor silky, lying close to body; may be straight or wavy. Untrimmed natural ruff; moderate feathering on back of forelegs and on underbody; heavier feathering on front of neck, back of thighs and underside of tail. Coat on head, paws, and front of legs is short and even. Excessive length, open coats, and limp, soft coats are very undesirable. Feet may be trimmed and stray hairs neatened, but the natural appearance of coat or outline should not be altered by cutting or clipping.

Color—Rich, lustrous golden of various shades. Feathering may be lighter than rest of coat. With the exception of graying or whitening of face or body due to age, any white marking, other than a few white hairs on the chest, should be penalized according to its

extent. Allowable light shadings are not to be confused with white markings. Predominant body color which is either extremely pale or extremely dark is undesirable. Some latitude should be given to the light puppy whose coloring shows promise of deepening with maturity. Any noticeable area of black or other off-color hair is a serious fault.

Gait—When trotting, gait is free, smooth, powerful and well coordinated, showing good reach. Viewed from any position, legs turn neither in nor out, nor do feet cross or interfere with each other. As speed increases, feet tend to converge toward center line of balance. It is recommended that dogs be shown on a loose lead to reflect true gait.

Temperament—Friendly, reliable, and trustworthy. Quarrelsomeness or hostility towards other dogs or people in normal situations, or an unwarranted show of timidity or nervousness, is not in keeping with Golden Retriever character. Such actions should be penalized according to their significance.

DISQUALIFICATIONS

Deviation in height of more than one inch from standard either way.
Undershot or overshot bite.

Approved October 13, 1981
Reformatted August 18, 1990

AMERICAN KENNEL CLUB SCHEDULE OF POINTS

For complete Conformation Championship & Grand Championship requirements see **Chapter 16** of the *Rules Applying to Dog Shows*

SCHEDULE OF POINTS FOR DIVISION 6 - EFFECTIVE May 10, 2022

Division 6 is comprised of: Arizona, Colorado

CHAMPIONSHIP POINTS

The Points toward a Championship shall be awarded to the Winners Dog and Bitch of each breed or variety based on the actual number of dogs or bitches competing in that breed or variety.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Breed or Variety, the dogs of both sexes that have been entered for Best of Breed or Variety competition and that have been defeated in such competition, shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Opposite Sex to Best of Breed or Variety, the dogs of its own sex that have been entered for Best of Breed or Variety competition that have been defeated in competition for Best of Opposite Sex, shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points.

After points have been computed for Winners Dog and Winners Bitch subject to the above two stipulations, the dog awarded the Best of Winners shall be credited with the number of points calculated for Winners Dog or Winners Bitch, whichever is greater. If no points are available for the Best of Winners, the number of regular class dogs in both sexes are added together and compared to the point schedule. If the total sum of regular class dogs and bitches meets or exceeds the number of competitors needed for one point in its sex, the Best of Winners will receive one championship point.

In counting the number of eligible dogs in competition, a dog that is disqualified, or that is dismissed, excused or ordered from the ring by the judge, or from which all awards are withheld shall not be included. Any dog which shall have won fifteen points shall become a Champion of Record, if six or more of said points shall have been won at two shows with a rating of three or more championship points each and under two different judges, and some one or more of the balance of said points shall have been won under some other judge or judges than the two judges referred to above.

GRAND CHAMPIONSHIP POINTS

Dogs That 'Count' Toward Dogs Defeated in Determining Points Won:

Dogs competing in the Regular and Non-Regular (eligible for Best of Breed/Variety) Classes as well as dogs competing in Best of Breed/Variety.

Best of Breed/Variety: All eligible dogs in competition.

Best of Opposite Sex: All eligible dogs in competition of the same sex.

Select: All eligible dogs in competition of the same sex minus the Best of Breed/Variety or Best of Opposite Sex.

TIP: Dogs shown in multiple classes count once toward dogs defeated.

TIP: Winners Dog, Winners Bitch and Non-Regular Class winners that are not Conformation Champions are not eligible for Grand Championship points.

TIP: Any Champion of record from the Regular or Non-Regular Classes is not considered for the requirement to defeat at least one Champion of Record at three shows.

TIP: When counting dogs in competition, subtract those marked absent, disqualified, excused or that have all awards withheld.

MISCELLANEOUS BREEDS

Miscellaneous breeds will be awarded points towards the Certificate of Merit (CM) title based on the total number of dogs competing. Best of Opposite Sex to Best of Breed in each of the individual Miscellaneous breeds will be awarded points towards the Certificate of Merit (CM) title based on the total number of dogs of its sex in competition. The winner of the Best in Miscellaneous Class will be awarded points towards a Certificate of Merit based upon the total number of dogs that competed in all of the Miscellaneous Class breeds. Upon completion of the CM title a dog may continue to compete in the Miscellaneous Class so long as they are of an eligible breed. The CM suffix title is an introductory title to AKC conformation events and will be superseded by the CH title when earned. The Certificate of Merit requires 15 points.

JUDGING PROGRAM

The number before each Breed (Variety) indicates the number of dogs entered in that Breed (Variety). The numbers following each Breed (Variety) indicates the number of Regular Class Dogs, Regular Class Bitches, Best of Breed (Variety) (Dogs-Bitches).

There are 125 dogs entered in this show with a total of 167 entries, 1 dog entered in the 4-6 Month Puppy Competition plus 10 dogs and 14 entries in Rally.
