

Members, please read carefully.

"Want to join? Here's the Official Application: Lone Star Hi-Railers – Application for Membership Please print the form and hand deliver it to the Baggage Car Benefits of Membership The Benefits of LSHR membership are sharing in a hobby you love with other model train enthusiasts, and learning and teaching various aspects of building and operating model train layouts.

Upon completing your first 90 days of club membership, you will be given a key to the Baggage Car, so you will have access to this layout to run trains at any time you might choose to do so. **Expectations of Membership As a member of LSHR we want you to be an active participant in club activities.** There are several ways members can participate in this great hobby:

- Taking a two or three-hour shift operating the Baggage Car layout on weekends.
- Attending our Monthly Meeting, typically held on the third Thursday and lasting one hour.
- Helping to set up/take down our portable layout or taking a shift operating the layout for Day Out With Thomas, held near the Grapevine Train Station two weekends in October.
 - Taking a one-hour shift or more at the North Texas Council Train Shows held one weekend in Plano in January and October each year.
 - Taking a one-hour shift or more at Train-A-Paloosa, an LSHR-sponsored train show in Grapevine helps one weekend in March each year.

You might also choose to buy a table to sell train-related items during the show. In summary, **we want you to be an active participant in a hobby we all enjoy. Don't just pay dues and be a name on the club's roster.** Get in on having some real fun with the rest of us!"

Sincerely
LSHR
