

SCHERER DESIGN GROUP, LLC
Consulting Engineers • Construction Inspectors

Construction Field Support Specialist

Scherer Design Group, LLC – Lebanon, NJ 08833

Scherer Design Group, LLC (SDG) is a consulting engineering firm providing full service site design to the telecommunications industry. Our talented, dedicated and down-to-earth team of hands-on engineers, technicians and inspectors is seeking a like-minded individual to support our Construction Management Team with on-site project support functions.

Key Responsibilities

- **Perform site inspections and condition assessments before, during and after construction**
- **Conduct field inspections, condition assessments and prepare reports**
- **Collect pertinent job-site information and attend pre-bid meetings and jobsite showings**
- **Meet with client representatives, General Contractors, and construction staff, as needed**

Qualifications and Skills

- **Previous experience in construction, maintenance and/or similar work preferred**
- **Excellent communication & interpersonal skills**
- **Ability to read construction drawings and diagrams, in both hard and soft formats**
- **Ability to record data clearly, and write passages for reports, letters, etc.**
- **Ability to drive and safely operate a motor vehicle with a valid & active driver's license (company car provided for all travel)**
- **Strong organization and time management skills**
- **Energetic individual who enjoys being in the field.**
- **This is a working position that is on-the-go and active, with light deskwork.**
