**AKAKYA PLUS Series – ‘Elegance Meets Security
in Every Detail’**

Experience the ultimate combination of aesthetic appeal and safety with the AKAKYA PLUS Series. Our premium lift-slide TIMBER doors, crafted from the finest timber selections, bring unparalleled luxury and adaptability to your abode. Redefine your space with our exquisite range designed for both grand and cozy environments.

Product Features:

Premium Material Quality: Each door is meticulously carved from top-grade timber, ensuring a natural and elegant appearance.

Size Versatility: With options ranging from 2 to 11 feet in width, AKAKYA PLUS doors accommodate any space, large or small.

Heavy-Duty Performance: Designed to support up to 500 kilograms, these doors withstand substantial weight without compromising on style.

Ergonomic Handle Placement: Choose from various handle heights for a door that not only looks good but feels right.

Advanced Functionality:

Self-Cleaning Rollers & Adjustable Bogie Wheels: Guaranteeing smooth operation time after time.

Soft Close Function: No more slamming doors, just smooth, silent closure.

Night Vents: Enjoy a gentle breeze with our easy-to-use night vents.

AEROMAT flex System: For superior indoor air quality without compromising security.

Security Feature: Lockable handles on both inside and outside, providing extra safety and control.

AKAKYA PLUS doors are more than an entrance; they're a statement. Our doors are designed for seamless integration into your smart home ecosystem, allowing you to control access with the push of a button. The advanced technology ensures that your home stays well-insulated from noise and weather, while offering an elegant, natural look that elevates the overall design of any room.

Embrace the future with doors that blend form and function. The AKAKYA PLUS series isn't just about opening and closing; it's about inviting luxury into your home and securing it for years to come.
