

## DEFEND

### EXTERIOR PROTECTANT

*"Top Line Chemicals is dedicated to your bottom line performance."*

Defend is a proprietary innovation of concentrated, high foaming polymer protectants designed to protect all automotive exterior surfaces including wheels from UV degradation, oxidation, bugs, tree sap, acid rain and other environmental threats by forming a lustrous shine and resistant barrier with a crisp apple fragrance. Defend also assists with vehicle drying.

The following represents recommended concentrations according to application.

- **Automatic Car Wash:** Apply before final rinse at approximately 1:90-1:128 depending on product dwell time before rinse.
- **Hand Sprayer:** Thoroughly wash vehicle and rinse all residual soap. Apply to entire exterior at approximately 1:128 allow to dwell for one minute and rinse.

Consult with your Top Line Chemical Solutions representative for maximum results.
