LAUNDRY TECH

FREE RINSING LAUNDRY DETERGENT

"Top Line Chemicals is dedicated to your bottom line performance."

Laundry Tech was developed to aggressively clean towels and rags that are used for automotive washing and detailing. The unique blend of surfactants with a slightly alkaline pH works aggressively to remove those hard to clean oils and dirt picked up from automotive detailing. The free rinsing formula ensures residue-free towels that improves performance while extending the life of the towel.

For normal laundry load use 1/2 cup (4 oz). For heavy soils use 1 cup (8 oz) per load.

Consult with your Top Line Chemical Solutions representative for maximum efficiency and results.
