## ABOUT US

### Our Market

Our markets are conveniently located, extremely well organized, and fully transparent in strictly following all the guidelines to provide the most hygienic, clean, well-spaced out, safe environment for a stress-free and enjoyable shopping experience

### Our Community

We are a group of dynamic people with a principal focus on enforcing the cleanest, safest, freshest practices in the fresh produce supply chain

### Safe Zone

We rigorously screen in an extremely thorough and careful way, all our vendors and attendees entering the market to assure a virus-free safe zone

### Changing times need change in working style

We all must take care and change our social behavior according to the changing times, Mandatory requirements

1. Temperature check
2. No mask No entry
3. Hand sanitizer compulsory
4. Only digital payment

### Verified Trusted Vendors

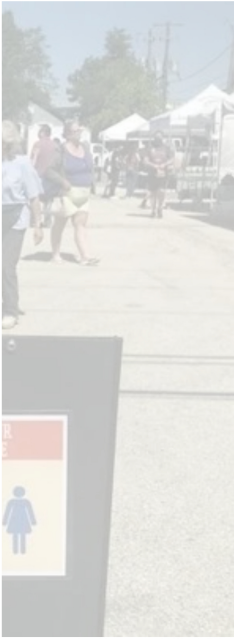

Our vendors take an oath to the commitment of providing you with the safest and most transparent fresh produce

### We care

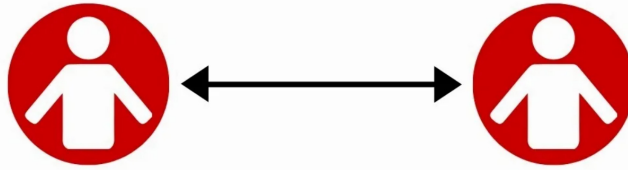

We care genuinely for your - safety - wellbeing - health That's why we take detailed oriented approach for our better future

## DIRECTIVES AND PROTOCOLS FOR SAFE CONDUCT

# SOCIAL DISTANCING AT FARMERS' MARKETS

**STAY AT LEAST 6 FEET AWAY FROM OTHERS**

### WHAT YOU CAN DO:

- Do **NOT** crowd others in line
- Consider shopping at non peak days or times
- Do **NOT** bring unnecessary people shopping with you
- Follow vendor requests

### HOW YOUR MARKET IS HELPING:

- Markets should require people with symptoms not attend
- Some markets are limiting the number of guests at a time
- Some markets may offer pre-orders and online payment
