

## **PARENTS SHARE THEIR STRUGGLES, SUFFERING, AND VICTORIES...**

Parents who share their stories uncover the key to unlock a healing that impacts their lives and the lives of other parents. Your story allows you to confront and understand your past experiences and provides insight and empathy to others who have faced or are facing similar challenges that you have victoriously overcome.

### **CRAFTING YOUR STORY!**

Every story is crafted for the show. There is a cost of \$300 associated with the crafting of your story. You will be asked to pay by ZELLE or CashApp. We ask for half down and the final payment is expected when your story is crafted. There are no refunds. You will work with Dr. Denise Wilkins personally to skillfully craft your story. There are two reasons to have your story crafted.

1. Often painful thoughts and emotions were planted throughout your life and have slipped into your unconscious mind and could be silently operating as a stronghold. The process of crafting can be tedious, but it is most rewarding to uncover and discover insights into your history that awakens a deeper understanding on God's plans for your future goals and aspirations. You will work with Ms. Denise to connect the dots of your life experiences so that your story blesses your life and effectively impacts the listener.
2. You may have plans of using your story for future programs, projects, etc. A well-crafted story will enhance whatever plans you have to promote your story once it is made available to you.

Please answer all the questions below then share your story. You will be contacted within 48 hours of our receiving this form. Let's be a voice to a silent community. Please be as transparent as possible. We need to hear your struggles, sufferings, and victories.
