Conducting criminal and civil investigations: Provide your clients with the highest likelihood of success, supported by a thorough investigation fully documented in a professional investigative report. Our investigators are experienced in report writing (investigative reports, affidavits, supporting depositions, etc.) and with testifying in court.

We win cases!

Locating and interviewing witnesses: We will track down (if necessary) and obtain interviews/witness statements critical to the success of your case. Notary services included.

Client Security: We provide top-level protection to potentially vulnerable and/or high-target clients/witnesses offering personal security (bodyguard) services.

Matrimonial/Infidelity Investigations:

- If you have a "hunch" that your significant other may be cheating and/or lying, there is already a cause for concern. We utilize state-of-the-art equipment and covert surveillance techniques to retrieve physical evidence (photo/audio/video) either confirming your suspicions or setting your mind at ease. And remember, your confidentiality is of utmost concern to us.

Our Services

Family Court (Divorce/Child Support/Custody Issues):

- Establishing an upper hand in family court related matters is critical, and the welfare of your children is paramount. We utilize state-of-the-art surveillance techniques to retrieve evidence to support your impending child support and/or custody matters, thus improving your case in court. Protect your rights and your children's well-being.

Criminal Defense/Civil Lawsuit

- Wrongfully accused? Being sued? We help win cases! Attorneys are essential in presenting your case at trial, but they will NOT "enter the trenches" to investigate and obtain evidence. Only an experienced private investigator has the capability and motivation to provide this critical service, needed to win your case!

Locate Missing Persons:

- In search of runaways, disappearances, or long-lost loved ones? Or simply need to locate an address? We combine interview and surveillance techniques, and the utilization of extensive database searches to locate and establish the status/well-being of missing persons and loved ones, and location/addresses of those unable to be found.

Business/Corporate Investigations:

- If you suspect that someone is stealing from the company or violating company policy, sometimes filing a police report is not enough. We will work relentlessly to ascertain the identity of the culprit and obtain evidence to prove or disprove the potential impropriety.

Security Services

- Let's face the facts, the world is not always a safe place. We offer professional and competent security services including on-site security for businesses work sites and events.
- We also offer personal security (bodyguard services) for individuals. We will ensure that your well-being and/or valuables are protected by professionals who possess extensive training and experience.
