PROGRAM

Hurricane Ian Clean-up: Todd Kerkering – Emergency Manager for the City of Sarasota:

Todd gave an update on the hurricane cleanup. The city has picked up 77,000 cubic yards of debris in the past 23 days. 400 work orders have been completed but asked members to watch at lights and signs that still need work. They will soon be announcing a final pick up for debris and asked that no debris be put in the streets. Construction debris should not be placed on landscape debris. The army corps will be reviewing the minor

damage to the beach. Residents were reminded that when asked to evacuate, it means mandatory whether stated or not.

City and County Commissioner Candidates

All candidates were given 3-5 minutes to address the membership. There were no questions taken at this time. City candidates, Dan Lobeck, Debbie Trise, and Jen Ahern-Koch spoke first and were followed by the county candidates, Fred Atkins and Mark Smith.

Secretary Report

Kathy reminded members of the new language in the bylaws approved last year regarding elections. Current board members need to inform the board of their plans to continue before the November membership meeting so that we can inform the membership of seats open. Members seeking to run for the board must notify the nominating committee by the November membership meeting. Elections will be held in February. The added time will provide the secretary time if paper ballots are needed.

Programs Report

Marlon Brown will be the speaker for the January meeting. Members were requested to let a board member know of any presentations they were like for the new season.

Social Committee Report

The first meet and greet will be held on Tuesday, November 8 at 5:00 at the Holiday Inn.

Beach Update

Jay reported that the dunes project design phase has been completed based on input from condo residents. The project is scheduled to be completed in early 2023. A post storm visual inspection of the beach showed minimal impact.
