

TEEN LIFE OVERVIEW

ABOUT OUR PROGRAM

Olive Tree Resources is your social service partner for TEENS, TEAMS and the FAMILY. The Teen Life program is specifically designed to relate to the current stage of life teens are journeying through. This 12 month program for teens in middle & high school (13 & 17 years old). There are a variety of resources implemented throughout the year (as listed within the Investment Package). The resources are tailor-made for each group of teens, as well as individual needs. When the teen enters the program the mentorship and coaching continues until they graduate from high school.

WORTH THE INVESTMENT

The program is a small financial investment into the future generation. TEEN LIFE is literally one fast food meal per week investment for our children. It is a little less than \$1 a day annual investment. Are our teens worth this investment? YES!

Thank you for considering to partner with us to support TEEN LIFE!

Leadership Development
Mentorship

"Working Together Works"

Each teen who participates in the Teen Life program is guaranteed to receive the tools required to be prepared to enter the workforce and successfully matriculate into their young adult life. Our goal is to partner with parents to enhance their child's adolescent development. We recognize the significance of working together to make our youth prepared for life. There are practical life experiences which will not necessarily be taught in school, however training for life is a must. The greatest investment we can make is in our future generation. There is a guaranteed return when we invest in their success. Olive Tree is one avenue to do just that. Contact us today to schedule your free consultation.

We look forward to hearing from you and partnering to provide LIGHT, HOPE, WEALTH & HEALING for our teens.

What is Teen Life?

TEEN LIFE is a year training model for teens 13-17 years old. It is a life preparatory curriculum created especially for adolescents. Teen human development is very important and Olive Tree is passionate about invoking purpose within TEEN LIFE participants. By utilizing practical life skills and bringing them to their level of understanding results are confidentially received. Parents of participants will see the positive outcomes from this program within their teens and the returns of their investment.

How can we help?

TEEN LIFE can help in several ways. Small groups have been proven to produce enormous results among teens. A structured setting for teens among their peers gives a high sense of comfort and comradery. "Big things come out of small groups." Teen life coaching, mentoring, counseling, equipping, empowering and results are all things guaranteed for participants of the program.

Olive Tree will help teens to transition from Wonder (?) to Wonderful (!) during this time of life development.
