

- Premium Cutting Rate Performance
- Patented Design & Segment Orientation On Utility Pipe Cutting
- Layered Vacuum Brazed Segment Technology For Extended Life
- Continuous Diamond Link Technology On Every Link
- Compatible with Current Bars & Sprockets ICS STIHL & More!

Premium Cutting Performance

Efficiently Cut	Why Use Utility Chain
Ductile & Cast Iron Utility Pipe	One Sided Controlled Cutting
PVC / HDPE Utility Pipe	Efficient Excavating & Cutting Parameters
Rebar – Heavily Reinforced Concrete	One Chain to Cut All
Concrete & Clay Pipe Demolition	Compatible With Current Market Bars & Sprockets
