POWER AND CAPACITY

GASOLINE ENGINE
EURO 4 / EURO 5

Thanks to a well-tested design, modest fuel consumption, and off-road endurance, the engine is highly reliable. Mounted on all models, the engine generates high torque at low rotation rates, which allows for reliable starts in off-road conditions, and comfort in the city.

COMFORT

Comfort, simplicity and functionality make the interior of the new UAZ HUNTER fully prepared for any situation. The distance between the front seats and the backseat allows easy entry into the cabin.

A reliable window opening and locking mechanism

A spacious backseat row

For transportation of large-size cargo and equipment the rear seats
