

People's expectation toward individual mobility requires more than just a convenient means of transportation. The old understanding of cars has become outdated. A car represents individuals' lifestyles, and it became an integral part of their lives. At the same time, the automobile industry has experienced seismic change. Hyundai Motor Company has grown rapidly to become one of the largest automakers, backed by world class production capability and superior quality. We have now reached a point where we need a qualitative approach to bring bigger ideas and relevant solutions to our customers. This is an opportunity to move forward and we have developed a new brand slogan that encapsulates our willingness to take a big leap. Led by our new slogan and the new thinking underlying it, we will become a company that keeps challenging itself to unlock new possibilities for people and the planet.

2nd & 3rd row seat adjustment system

4th row seat adjustment system

SEAT ADJUSTMENT SYSTEM

Clever design allows the seats to be tipped up, slid or reclined. Whatever the circumstances, there's certain to be a combination to suit your requirements. (Seat adjustment may vary according to countries.)

DRIVER-ORIENTED ROOM

The H-1 is ideal for long journeys and has every comfort feature built-in to keep the driver and passengers relaxed and happy along the way.

A. DUAL SUNROOF

Both front and rear passengers will feel more of the fresh air and wide-open sky with the wide sunroof.

B. AUDIO SYSTEM (MP3, CDS, RADIO)

Drivers should never get bored on long journeys with this H-1 audio system including MP3, CD, radio and connectivity.

C. FULL AUTO AIR CONDITIONING SYSTEM

Heating and cooling that automatically adjusts to maintain a desired set temperature throughout the cabin.

EXPAND YOUR SEATING CAPACITY

Extreme comfort and spacious interior of H-1 is matched only by its practical and sophisticated design. Let's go to the next destination in comfort and style. The H-1 will take you to the next destination in comfort and style.

THE ULTIMATE MULTIPURPOSE VAN

Hauling lots of cargo is now more convenient and safe with optimized specification features in this spacious H-1 van. Twin rear doors that both swing open also allow for more efficient loading and unloading of all your cargo, quickly and easily.

MORE SPACE FOR CARGO & PASSENGERS

The H-1 line up comes in 3 different seating variations: a 2/3 van, 5/6 van. The 2/3 cargo van allows you to load more cargo with its very spacious capacity, while the 5/6 van accommodates more passengers.

MULTI-PURPOSE + LUGGAGE + PASSENGER = H-1

Anything is possible with the H-1. Whether it's hauling lots of cargo, or hauling lots of passengers with their luggage; the H-1 is prepared and capable to make any trip, whatever your purpose may be.

A. 2/3 SEATER PASSENGER SPACE
Drivers will feel comfortable in this spacious 2 or 3-seat option, optimized for carrying large loads of cargo.

B. 5/6 SEATER CARGO VAN VARIATION
Gives you the advantages of both a spacious cargo van and multiple passenger wagon.

SAFETY WITH POWER AND PERFORMANCE

Driving an H-1, you will feel more confident and secure. Whether the engine is gasoline or diesel, H-1 guarantees good performance, complemented by Hyundai Motor's rugged dependability and eco-friendliness. Also, optimized airbag systems will protect driver and passengers from getting injured.

A. AIRBAG SYSTEMS

The driver and front seat passenger in the H-1 can be reassured by added side airbags, which offers additional protection against side impacts. In a serious accident, the safety devices instantly inflate to help protect the seat occupants from injury.

DISC BRAKES

16" disc brakes are available on all wheels, providing maximum stopping performance and outstanding control, even when the large H-1 is fully loaded with passengers and cargo.

B. 2.4 MPI GASOLINE ENGINE

Maximum output of 126 kW(175 ps) at 6,000 rpm and maximum torque of 224 Nm(23.2 kg.m) at 4,200 rpm.

C. 2.5 TCI DIESEL ENGINE

Maximum output of 74 kW(100 ps) at 3,800 rpm and maximum torque of 226 Nm(23 kg.m) at 2,000 rpm.

D. 2.5 CRDi DIESEL ENGINE WITH WGT

Maximum output of 100 kW (136 ps) at 3,600 rpm and maximum torque of 343 Nm (35 kg.m) at 1,500-2,500 rpm.

2.5 CRDi DIESEL ENGINE WITH VGT

Maximum output of 125 kW (170 ps) at 3,600 rpm and maximum torque of 441 Nm (45 kg.m) at 2,000-2,250 rpm.

ELECTRONIC STABILITY CONTROL (ESC)

Allows for greater control when braking suddenly, by manipulating brake pressure and engine output to allow you to steer effectively during emergency braking.

MANEUVER MADE EASY

Conveniently turn the large H-1 around anywhere. Despite having a length of more than 5 meters, the H-1's turning radius is only 5.6 meters wide. So, tight turns are no problem for this large, versatile and capable van.

AUTO CRUISE CONTROL

Auto cruise control lets you set and maintain your desired speed. It's perfect for long road trips, because it prevents you from accidentally passing the speed limit. At the same time, you can let your feet relax while saving fuel.

THE ALL-AROUND CONVENIENT & QUALIFIED, STYLISH H-1

The H-1 enables drivers to do everything they need. It is the ideal passenger wagon to shuttle all your special guests. With its modern look and spacious comfortable interior, there is no better way to get everyone around in style.

MORE THAN JUST A H-1

The H-1 is not only a wagon, but also a van for multipurpose business people. With all its convenience features, the class-leading H-1 is optimized for your needs, going beyond your expectations.

A. HEAD LAMPS
Optimally designed for efficient, effective lighting and providing aesthetic beauty at the same time; the H-1 is stylish and luxurious.

B. REAR COMBINATION LAMPS
The lamp clusters wrap around the sides and group together the rear lights, reversing light, direction indicators and reflectors.

C. ELECTRIC FOLDING OUTSIDE MIRRORS
Protect side mirrors when parking by folding them in using H-1's electronic folding mirror feature.

D. WINDOW CONTROLS
Allow you to open and close windows as much as you wish with greater convenience and ease.

E. SAFETY POWER WINDOW
Safety sensors on the power windows prevent pinching whenever an obstacle is detected. When detecting an obstacle, the window automatically reverses direction when an obstacle is detected.

F. 3-WAY WASHER JETS
3-way washer jets spray washer fluid on windshield when cleaning is needed without disturbing flowing frontal treatment.

G. REAR SPOILER WITH HIGH-MOUNTED STOP LAMP (HMSL)
The aerodynamic rear roof spoiler also contains the high mounted stop lamp for extra on-road visibility and safety.

H. REAR PARKING ASSIST SYSTEM (RPAS)
Sensors in the bumpers sound an audible alarm if they detect the vehicle is being reversed into objects hidden from the driver's view.

I. SUN VISOR
The sun visor is designed using a knit-embossed fabric for a luxurious feel and incorporating a pocket-type ticket holder for convenience.

J. STORAGE SYSTEM (DOOR)
Side storage space on the inner side of the doors can hold magazines, maps and paperwork that are essential on journeys.

K. ELECTRIC CHROMIC MIRROR (ECM)
The rear-view mirror detects the amount of light from other vehicles' head lamps and automatically reduces the glare.

L. OVERHEAD CONSOLE
A sunglasses case is provided in a spot that is convenient to reach even while driving.

M. ROOF ANTENNA
Good radio reception wherever you go is possible thanks to the standard roof-mounted antenna.

N. GLOVE BOX (COOLING)
Keep drinks cool on long road trips with this convenient feature. So your passengers and driver never go thirsty.

O. 16" ALLOY WHEELS
These light alloy wheels are an option to the standard steel wheels in most countries.

P. 16" STEEL WHEELS
These strong steel wheels are standard equipment across most H-1 models.

FOLDING KEY
Get used to the convenience of locking and unlocking your H-1. It provides protection against any unauthorized entry.
