About Tom Petty

For more than 40 years, Tom Petty delivered musical ingenuity and carefully crafted songs that speak to love, loss, and living large. He had 28 top-10 hits and 10 number-1 hits while selling over 80 million records worldwide. Tom Petty played with legends and in the process became one himself. Tom Petty and The Heartbreakers were together for over 40 years. That familiarity made for scorching jams, melodic excursions and captivating live performances. It is these live performances that Tom and The Broken Hearts recreate for Tom Petty fans.
