BANDMASTER

CIGARETTES have achieved an immediate success in the 10 for 4d. class by virtue of the outstanding value which they offer, both in tobacco and coupon value to the public. They are backed by a strong advertising campaign; and as a selling proposition to the shopkeeper, show a larger margin of profit than any other advertised 10 for 4d. cigarette.

SEE LIST.

England pays the U.S. of America many million pounds yearly for Tobacco.

Agriculture has become unprofitable in the British Isles, and British Trade is saddled with enormous taxation to provide for over 2,000,000 unemployed.

One of the chief Agricultural productions of this Country was at one time tobacco, and many million pounds' worth could now be grown here, finding employment for English men and women, and thus, helping to do away with the burden of taxation.

Mr. T.S.S. "Good morning, Mr. Tobacconist, I represent the best organised distributors in the United Kingdom, The Tobacconists' Supply Syndicate Ltd., 55, Farringdon Street, London, E.C.4."

Mr. Tobacconist. "I buy most of my lines direct."

Mr. T.S.S. "Most of them, yes; but there are many brands mentioned in this Handbook, for instance, you have never stocked. Some you have never heard of. You will no doubt be asked for some of these sooner or later. What will you do then?"

Mr. Tobacconist. "Oh! I shall find them somehow or other."

Mr. T.S.S. "But look at the time you lose. If you draw your supplies from us, you have only to put them on your order with the other goods, and along they will come."

Mr. Tobacconist. "But is it worth changing?"

Mr. T.S.S. "Well, you will find that these odd lines mount up to quite a reasonable sum per week, and we pay carriage on a £5 parcel.

Just make a note of the Address:—
