## *History of Hilltop Acres Farm*

In 1854, Matias Mashek staked claim to land 2 miles west of Calmar, Iowa which he purchased from the United States Government, after he emigrated to this country from Karlof, (near Pisek) Bohemia, with his family.

Wenzel Mashek, son of Matias & Anna, inherited the land and he, in turn, turned the property over to his son James.

James Mashek was born in 1869, in a log cabin on the Mashek farm. He followed in the footsteps of his father and grandfather, tilling the soil for his living and improved his buildings. He erected a machine shed, hog house, chicken coop, double corn crib, built a addition to the barn and did many repairs to the buildings. As of 2008, there are no buildings standing on the original homestead.

When Wenzel Mashek retired to Calmar in 1898, James took complete charge of the property. This was the year he married Rose Hejlik.

The terms of the life lease entered into by Wenzel & Katrina are the most amusing. James and Rose were to deliver to the older couple on or before March 1 of each year, six loads of wood, 40 bushels of wheat, 40 bushels of corn, two tons of hay, 15 bushels of oats, 400 pounds of pork, one load of straw and \$50.00 in cash. At the death of either Wenzel or Katrina, half of the said produce and money would be delivered. James was also required to furnish enough posts to fence the premises of his father's property and to do any necessary hauling.

The Mashek homestead was originally 120 acres, but James increased the acreage. In 1915, he purchased 200 more acres adjoining his property on the west. Three years later, he further enlarged his holdings by another 35 acres. He added another 30 acres in 1935.

Walter Mashek and his family lived on the original homestead for a number of years after James retired. About 1/2 mile west of Walter's house, a new farmstead was built, which is where Hilltop Acres Farm is currently located. This house was occupied for a short time by James' sons, Adolph and George. It then became the home of William and Regina Mashek.

They were the parents of five children; one of them is John Mashek.

On April 30, 1956, John married Dorothy Kleve. They farmed Northeast of Calmar until moving to a farm north of Protivin. In 1962, John, William's son, bought the property, and moved their family back to the homestead. John started out with 34 grade Brown Swiss, beef cattle, hogs and crops. His buildings consisted of a barn, machine shed, chicken coop, granary and corn crib. In 1962, he joined the Brown Swiss Assn. and started the Hilltop Acres Farm prefix. In 1968, John worked with the Brown Swiss Assn. in the IE program. John also owned all of the original homestead land which he purchased from Walter's estate in 1974. In 1991, John purchased 53 more acres, which totaled 470. Previously, he sold 75 acres for the Lake Meyer project, which is a 40-acre lake and camp ground only 1/2 mile south of the farm.

John & Dorothy Mashek are the fifth generation to work and own the farm. They are the parents of six children: Deb, Sue, Mary, Dennis, Dean and Doug.

In 1981, Dennis completed a short course at Iowa State University in the Dairy Science Program and then returned home to the family farm. On September 22, 1984, Dennis married Barb Vrba; they purchased a mobile home and were placed just west of the main house on the farm. They lived in the mobile home for nine years until John & Dorothy retired in 1992 and moved to Calmar. Dennis & Barb have three children; Joshua (29), Kylie (26), Tanner (23). Their children are the generation to live and work on their farm. Joshua returned to the family farm after attending NICC in Calmar for two years. He received his degree in the John Deere Farm Mechanic program. He's in charge of feed mixing, mechanics and crop production, and helps with the dairy as needed. Josh married Gina Fisher on November 11, 2017, and they have one son, Parker (2). Tanner returned to the family farm in April of 2015. He also attended NICC for Ag Business and received his degree. Tanner is in charge of the dairy and assists also where ever needed on the farm.

On January 1, 1989, John & Dorothy and Dennis & Barb joined into a 50/50 partnership with Dennis & Barb, purchasing half of the feed, livestock and machinery on a lease/purchase agreement. On January 1, 1994, Dennis & Barb purchased the other half of all the feed, livestock and machinery. On January 1, 1999, Dennis & Barb purchased the 470 acres of land on a 15-year contract.

In 1918, a tornado hit the original Mashek homestead and destroyed many of the buildings, and 70 years later, on March 24, 1988, another tornado hit the current farm. It destroyed a 36 x 72 addition to the barn, grain bin, granary, calf huts, garage onto the house, mobile home and many trees. This same year we also suffered a drought.

Today, Hilltop Acres Farm consists of 470 acres owned and another 330 rented, raising all corn and alfalfa. Currently, there are 400 Registered Brown Swiss cows and close to 350 of young stock on the farm. In 1997, Dennis & Barb built a 120-cow free stall barn/parlor setup. Prior to that, the cows were milked in a 68-cow tie stall barn. In 2014, another free stall barn with 240 stalls were added, along with a new special needs barn/calving barn that can hold 30 head. Also in 2014, the parlor was remodeled to a double-12 parallel with a new milk house and break room. The cows are milked 3x a day. We raise all of our own heifers and bulls. Most of the livestock is fed a TMR ration, except the young calves. Heifers six months on up are housed in a Virginia-style heifer barn. All calves six months and under are housed in a 68 x 152 calf barn, where calves three months and under are fed with a DeLaval automatic calf feeder. In the summer of 2015, the calf barn was added onto and a second DeLaval Automatic calf feeder was added. Bulls six months and over are housed in a pole shed open to the south, that was remodeled in 2015.

The herd is one of the top Brown Swiss herds in the world, with having placed over 50 bulls in AI; with resulting in five #1 bulls in the Brown Swiss breed. Embryos and semen are sold worldwide.

Hilltop Acres' "team" consists of five full-time employees along with Dennis and Barb, and sons Josh and Tanner.
