A few words from your "Prez"

Message from the President:

For the past few years a lot has been said about who owns Ontario Airport. People have approached me, at Chamber Events, Euclid Avenue activities, even at Friends meetings. What are the Friends going to do? Where do the Friends stand?

I recently reviewed the bylaws of the Friends and found that, from the beginning we have been designed as a non-partisan organization. We don't get involved in the politics of airport operations. What we do is bring the airport and the community together. We support the Bob Hope U.S.O. Ontario, one of the largest in the country. We support the Baldy View R.O.P., Travelers Aid of the Inland Empire, ONT's airport museum and Holiday Heroes event, which brings Christmas to underprivileged kids in our area.

These are things that will be important to our area for some time to come, no matter who operates ONT. You, as a member of Friends of the Airport, are a part of these endeavors and those who follow us will find that the needs will still exist in the future. Our meetings are important and our guest speakers have always been interesting, but the work that we do helps the people who make up Ontario's airport family. It's not our job to land the planes, but we do make where they land a better place.
