President's Message

Here we are in August, the month we usually take a field trip, and are still unable to get together. I miss our meetings and hopefully this newsletter will keep you informed about what is happening at the airport. If it is allowed, we still plan to have a meeting in October and our Holiday party in December. Until then, stay safe and healthy.

Terminal Updates

Ontario International Airport has been busy ensuring optimal safety within the terminals. New Personal Protective Equipment vending machines have been installed. These vending machines offer masks, gloves, and hand sanitizer for purchase. In addition to social distancing decals placed at baggage claims, ticketing counters, jet bridges and security check points; ONT has added additional signage communicating a mask requirement in all areas.

Community Engagement

ONT was proud to partner with the City of Ontario to host our summer movie series. The community enjoyed four free nights of drive-in movies here on Airport Drive. The series kicked-off with Ford Versus Ferrari (much of the film was shot here at ONT), followed by The Sandlot, Princess Bride, and Napoleon Dynamite. The guest was asked to bring canned or boxed food items to donate. We were excited to welcome around 9,000 guests over the four nights and collected 11,933 canned and boxed items.

Face Masks are Required at ONT

ONT takes the safety and health of our passengers, employees and visitors very seriously. Masks are required throughout all areas of Ontario International Airport. We encourage our community to continue to wear masks and practice social distancing.
