PROTECTOR

HI VIZ - TRAFFIC SAFETY & BALLISTIC VEST

The Fire Ninja **PROTECTOR** Universal Plate Carrier is designed around the most demanding conditions that Fire / Rescue, EMS and Law Enforcement have to face every day. The **PROTECTOR** design is a one size fits most, the oversize cummerbund has 3 points of expansion to fit a broader range of users and offers the best side coverage in the industry. The **PROTECTOR** will accommodate all sizes of optional hard armor rifle plates, Level III & IV in the front and back affording better coverage for the user based on body size.

RETAIL PRICE

\$1,299.99

Fire Ninja PROTECTOR Level IIIA soft armor ballistic Carrier with multiple plate options

Available in 4 styles:

(Coyote Tan, Black Ops, Hi-Viz Red FIRE and Hi-Viz Green EMS)

Standard Imprints are included in the vest price
(FIRE, EMS, POLICE & SHERIFF)

Custom letter Imprints are \$8.99 per side (\$17.98)

Custom logo Imprints are \$10.99 per side (\$21.98)

The PROTECTOR Universal Plate Carrier provides High visibility (Hi-Viz) options for everyday emergency response. These carriers are designed to separate Fire and EMS from Law Enforcement on confusing emergency scenes (drug overdose, domestic disputes, altercations...etc). The Hi-Viz option also provides max safety as it mimics the features of the Fire Ninja Public Safety Vest. Fire Ninja and Covert Armor worked together to create the one and only traffic safety & ballistic vest.

FEATURES:

- Fully adjustable and padded shoulder design for maximum comfort and adjustability.
- Front & rear accommodates all size and shape Level III or IV hard armor plates
- Large front utility pocket with hook & loop closure
- One size fits most with 360° of ULTRABRIGHT reflective tape increases visibility
- Reinforced contrasting drag handle
- Large loop area on front/back for ID placards
- Waistline pockets for trauma / rescue equipment (tourniquets, sheers, bandages)
- Optional radio pouch available

19.5 x 14 IN.
(ONE TOWEL
PER POUCH)

\$22.99

KEEP YOUR COOL ON SCENE

The SUBZERO REHAB COOLING TOWEL is designed to actively cool first responders and treat patients with heat related emergencies. The double sided RES-QCORE action fabric allows maximum absorption of water and wicks heat away from the body. The towel instantly cools when wet with water or sweat. Simply snap or wave the towel in the air to activate the cooling process. Position the towel to the cooling area and secure it with the Velcro (FLEX BAND).

WILDLAND & STRUCTURAL FIREFIGHTER REHAB

HAZMAT

- WIPE OFF MASK
- KEEP COOL IN THE SUIT
- REHAB AFTER TASK ARE COMPLETE

The towel does not require refrigeration, chemicals or batteries. It is reusable and machine washable with mild detergent. The REHAB designation is sublimated into the fabric to avoid confusion with other towels or utility rags.

SECURE THE TOWEL WITH THE VECRO FLEX BAND

STRAP THE TOWEL TO THE FOREARMS AND WRIST FOR SUBMERSIVE COOLING

ARM-LOC

WATER, ICE & ACTIVE SHOOTER RESCUE DEVICE

The ARM-LOC allows a rescue responder or victim to slide the unit onto the forearm and then pull the yellow lanyard to deploy and lock it into place thus eliminating the need for the victim to grasp a rope. It can also help float the victim when the victim pulls the device close to his or her chest. It can be deployed in seconds and re-deployed over and over again.
