BEAUTY OF LIFE: An English Poetry Collection composed by Devajit Bhuyan and published by CAREER GURU devajitbhuyan.com. Copy right: Devajit Bhuyan

(1)

1. Beauty of life

Beauty of life is it's uncertainty
Accept it with grace and humility
Never lower your honesty, integrity
Death is final, life is complimentary
In the journey we lose contemporary;
Today may be the last day of journey
So make beautiful today's tourney
No need to run after wealth and money
Every moment can give sweet honey
Make today sunny, tomorrow may be rainy.

2.Be deaf for success

In life for success and moving ahead
Make both of your ears temporarily dead;
Keep your mouth shut till you reach top
People will try to make your journey flop;
If you are deaf, in the middle you will not stop
All criticism you can easily face and cope;
Look ahead and move on don't listen other
Critics will never encourage like your mother;
Once you reach the top critics will clap more
You can listen good words from their store.

3.Poor man has no age

Poor man has no age
Whole life live in cage
Gets only minimum wage
Elite class tell them savage
Life for poor is only salvage;
Every day heart become damage
Sometimes protest to take revenge
Then organize condolence and homage
Next morning again carry other's baggage
Poor man's life is only a blank page.

(2)

4. We all born free

Every creature born free
But all can't climb tree
Some have wings to fly
Under water some are shy
Before standing many die
Whole life someone cry
Yet everyone wants to touch sky
In the sunshine they become fry
To be the fittest animal always try.

5. The strange journey

The strange journey of life
We move thousands mile
Chasing the illusive blue bird
But never bother to see backyard
The blue bird had made nest long back ;
We think life will be ok when children grow
In the search of future, present we throw
Along with children we become old
Our story only to next generation can be told
The future always remains unfold;
Look for the happiness today at home
Enjoy the present before the darkness
Play with your children tell them the story
In the next morning you will not be sorry
The blue bird chicks will fly near your greenery.

(3)

6. Don't chase beauty

Why chase a rainbow
Enjoy the beauty from home
It is only a virtual dome;
If you chase butterfly it will fly
When you catch, in pain it will cry
Better enjoy the beauty sitting shy;
In bubbles also seven colour is seen
Yet to catch rainbow everyone keen
Beauty and happiness remain unseen.

7. E equal to mc²(m c square)

Convert energy into matter
Gaining weight make us fatter
Convert matter into energy
Burn your body fat for synergy
Convert energy into energy
None can destroy any form of it
Only through conversion remain fit;
The universes has no purpose
Except the conversion process
Otherwise in creation will start recess
The purpose of life can't be above
The mystery no explanation can resolve
So eat, drink, enjoy don't try to solve
Death is waiting to convert wearing it's glove.

(4)

8.The purpose is to live

The only purpose of life is to live
As much smile as you can give
We can't change the rotation and revolution
For the destruction of world no solution
Philosophy gives vague permutation, combination
Religion can't prove existence of God in confirmation
God will never fix purpose of life to kill other
He will not create such a unholy world rather
So live and let live is the simple way to live
With generosity to mankind always give.

9.Spend when you have maximum

On birth you have maximum time on hand
Every moment you are bound to spend
To anybody a single moment you can send
For money a single moment you can't vend
Not the speed of time you can amend;
As you move on your time balance reduces
Time will not stop even nothing you produces
But slowly towards death time will seduces
Enjoy childhood and youth when balance is maximum
After you grow old you will be forced to spend optimum.

10.Protect your glory

Once you lost your glory
People will tell different story
You are then tusker without ivory
Every day you have to face query
So your pride always carefully carry
You may be any one Tom, Dick or Harry
Yet you may have your own glory
To protect it no need to be sorry.

(5)

11.Suicide

Suicide is a goal offside
Always keep it subside
Don't discuss it on roadside
With friends stand alongside
Again suicide strongly decide;
Suicide is act of weak mind
To live positive attitude find
Towards people always be kind
The pile of sorrow quickly unwind
Seeing negative people become blind;
Suicide is mental disease of weak people
To throw away suicide tendency is simple
Never bother even if your face is full of pimple
Don't be jealous for other people's dimple
Lead your life as you like without bothering ripple.

12.Ranjan Gogoi

When honesty and integrity his companion
He is destined to become a champion
The short and sharp lawyer became judge
To give justice is always his eagerness and urge
Dirt of judicial system he tried to purge;
Above caste, creed and religion his views
Through NRC he came to limelight news
Never feared to tackle controversial case
Equity, rule of law, trust, justice his base
Ramjanmabhumi judgement is historic page.

(6)

13.Be bold

In life I was never bold
So many things remain untold
Everything time only unfold
Things I like, I couldn't uphold
My life fate and destiny mould;
Be strong and bold before you grow old
Otherwise you novel will remain unsold
Your love story no one will hold
Life will be dry and chilly cold
Recall your love which was gold.

14.Love

Love is soft like butter
It always like flatter
A hug or kiss matter
With warmth melt better
Easily become solid like water;
Love is hard like diamond
Yet it is tasty like almond
Everywhere valuable like pound
True and pure love nowhere to found
People run after love round and round.

15.Extramarital love

Grass on the other side is always greener
Neighbour's wife is beautiful and thinner
The girls on the streets looks smarter
In heart their smiles can create thunder
In family life extramarital love is blunder;
Living with wife become monotonous
Man is an animal known to be polygamous
Neither woman is an animal monogamous
Extramarital love is the window generous
Though for family life it is very dangerous.

(7)

16. Depression

Under depression don't stop
With positivity one can cope
Depression is only a small slope
Don't make it a matter for dope
You can easily tear this thin rope;
When depressed, creativity don't suppress
Exploring hobbies will help in progress
New places and new people try to harness
Help of doctor will also give good success
Never take depression as a matter of regress;
Depression helps to unfold creativity
Always face depression with positivity
Handle your mind with sensitivity
Attitude will help to overcome resistivity
Convert depression to a tool of productivity.

17. Kill depression before it kills you

When attacked by depression
Mind suffer in mental pollution
Life struggle to face its compression
Psychologist gives lot of suggestion
Psychiatrist can give good medication
But medicine is not permanent solution
Determined mind can only do it's dilution
Friendship is medicine's better substitution
To defeat it required strong resolution
Work with all permutation and combination
Depression may lead to hallucination
To depression behave in insubordination.

(8)

18.Revenge

Basic instinct of ordinary man is revenge
With kindness you can easily change
Revenge ignite mind for silly thing
But big destruction revenge can bring
Remember Jesus when revenge bell ring;
Attitude of revenge caused many war
On humanity it left irreversible scar
It's consequences move on too far
Revenge and hostility are always at par
For better life revengeful attitude you should bar.

19.Divorce

Divorce is a negative force
Conflict is it's igniting source
Love leads to union of soul
Divorce separate with a hole
In family life it is suicide goal;
In compatibility may be reason
The children has to go to treason
They lost parental support and vision
Unbearable becomes their position
Fragile minds take path of addiction;
Whatever may be the reason of divorce
It changes whole family's future course
Quarrel and hate bring tears and sorrow
Love of husband-wife becomes zero
Reconcile before divorce become hero.

(9)

20. When you missed the train

When you missed the train
Don't wait in station in vain
Go out even if there is rain
If you wait nothing you will gain
Opportunities will go to drain;
If you miss train, catch the bus
Move to the airport very fast
You can board the flight last
Your leg pullers will bite dust
You will reach destination first;
The opportunity lost will not come back
But everywhere you will find in the rack
Don't wait move fast on the track
At suitable moment you can easily hack
You know, talent and skill you don't lack.

21. Throw away worry

When you make jealously your companion
In life you can never become a champion;
If hate is your one of the closest friend
For a peaceful life you can't be trained;
When anger is your dearest brother
You yourself will be your destroyer;
For peaceful life keep distance from greed
Otherwise in life never will fulfil your need;
For a happy, peaceful life throw away your worry
With all the evil forces life will never be merry.

(10)

22.Life is same everywhere

Life is same in all the continent
How you live is important and pertinent
Same sky and Sunday morning sun
The question is whether it is full of fun
You inhale same oxygen and drink water
But some people live life comfortably better
Food is made of same wheat and rice
It is your duty to make it testy and nice
There is no free meal anywhere in world
Attitude and work make life full of gold.

23.When we listen to heart

When we listen to our heart
A better journey we can start
We can avoid the false flirt
It is easy to clean mind's dirt
Happiness shower life's cart;
When heart and brain in balance
Our companion is persistence
We can work for excellence
Easily we can overcome resistance
Meaningful become our existence.

24.Land of Lahe Lahe (slow)

Assam the land of slow and steady
The people of the land are not greedy
Though majority of people are needy
They always tell about past proudly
But the present economy is not healthy;
Many people are now clumsy and lousy
Leaders tell agitation will make future rosy
So in agitation idle people are now busy
Elites are instigating and playing housie.

25.Defence

Self-defence is not crime
Protecting body is prime
Defence is required all time
Join defence force to shine
Future defence will be fine
Defence minister is powerful
But war is always harmful
Defence budget is useful
But offence is shameful
Defence should be skilful
Self-defence is fundamental right
To save life animals also fight.

26.Happy new year

The morning shows the day
Happy new year let us say
The new year begins new ray
Good things this year will pay
For mankind new year is okay;
Every day is a good day for fun
Yet special is new year's sun
Again we start a new long run
Next day will be struggle to earn
So, today celebration must be done.

27.When the weather is cold

When the weather is cold
Drink a peg to become bold
Many untold stories can be told
Friends will come to your fold
Amway products can be sold
During winter blanket you hold
Sunny days are like dazzling gold
The activity of day cloud can mould.

28.Go on smiling

Even on first day wives like to fight
To fight is their fundamental right
On first day they must show their might
Then only their future will be bright
All husbands please take it light;
New year's day will come and go
This does not mean female should be slow
They will force husband to stand in the row
Considering new year husband must keep low
Go on smiling to see wife's facial beauty and glow.

29.Make every day extraordinary

The first day of new year gone
Time and tide waits for none
How you utilise time is your turn
Your time as you like you can burn
This year utilization of time you learn;
Celebration on first January is arbitrary
Yet majority of world show solidarity
Arabs, Indians think new year contrary
For your own new year you are functionary
Work hard to make every day extraordinary.

30.Move on, move on

Happy new year, happy new year
Move your life on top gear
To move forward don't be fear
With courage all obstacles tear
On the journey make everyone dear;
Many new things new year will unfold
Some stories will be again retold
Past mistakes will make you bold
You can easily face the coldest cold
Success will bring you treasure of gold.

31. Don't be judgmental

Don't be judgmental
Seeing my appearance
Don't be judgmental
Looking at my colour
Peep into my heart
You will see the beauty
You will feel my colourful world
You will see the spring of love
Don't be judgmental on first impression
You will be proved wrong in the long run
To find gold you must dig deep.

32. Crow

The colour may be black
Melody voice may lack
Your kitchen she may hack
She may fly away with your pack
But her necessity always look back;
Crow is important in life cycle
Environment it don't allow to buckle
Clean neighbourhood to sparkle
Live near human not in jungle
To crow make your behaviour humble.

33. Rituals

Rituals in the name of God is farce
These are nothing but clever man's curse
God has never asked for rituals such
Animal sacrifice for God we must brush
Few fraud brainwashed the ignorant mass;
Rituals can't purify naughty mind
To humanity relics are always unkind
With vested interest priest are blind
Hollowness of rituals let us unwind
A rational better world we must find.

34. Gender equality

Gender equality is still distant dream
Male fraternity love to eat the cream
Religion is the greatest stumbling block
Gender equality is under religious lock
In this century we should take a stock;
Education alone is not sufficient
Culture is also an important coefficient
Religion needs reforms for gender equality
Society should also encourage this polity
Whole mankind need to show solidarity .

35. Love

Sleepless night
Day is always bright
With competitor fight
Sometimes bite
Sometimes like kite
Sometimes to show might
Sometimes to become light
Spending should not be tight
In love everything is right.

36. Kiss and hug

Kiss and hug together
You love each other
Keep the bond forever
Don't allow it to retire
No need of campfire;
Never miss opportunity to kiss
Emotion kiss easily release
To hug never try to tease
It may break relationship lease
Friend will fly like wild geese.

37.I love you

Not just three word
Around it revolves world
It can blow hot and cold
Yet it's bonding is very bold
True love is better than gold;
In life love is the best treasure
It has no boundary to measure
Love gives heavenly pleasure
Never put love under pressure
Say I love you to all living creature.

38.Religion needs reform

Religion needs reform
Duty it failed to perform
In world so many storm
Religion is now like worm
To mankind doing harm;
Don't make world more warm
With reform religion should charm
Against violence we should be firm
Avoiding war globe should calm
Let religion beat love and peace drum.

39.Wildfire

In wildfire Australia is burning
For safety wildlife are running
To save them people are mourning
Global warming is point of turning
The wildfire should be lesson of learning;
In Antarctica ice is rapidly melting
Yet fossil fuels every day we are burning
The environment human are destroying
Man think they are supreme and cunning
But through wildfire nature is protesting.

40.Is Australia burning

Kangaroos are burning in fire
Koalas are running here and there
Died many species which are rare
Killing of camels is also not fair
Let us find out ways how to take care;
The wind made the fire hostile
Eucalyptus trees become volatile
Australian defence was too fragile
Fire even burnt down birds and crocodile
Burning Australia lost its beauty and smile.

41.Bold steps needed

Australian rainforest in devastation
Nature showed its non-satisfaction
We are responsible for it's degradation
Everywhere environmental pollution
No sight of early, permanent solution;
Rampant abuse of mother earth by man
Global warming is destroying our den
But we claim that we are nature's fan
Organize seminars, summit now and then
Bold steps needed, not just publicity van.

42.I became killer

I killed my pets before fire engulf
How can I see their pain to suffer
So gunning down was option better
Now my life is devastated and shatter
Will never see peace of mind forever;
O' God why nature became so cruel
Why don't you stopped supply of fuel?
Rain didn't come to rescue the innocent
Why you gave the genocide consent
For whole life I became killer indecent.

43.Sleep

Morning, evening, day or night
For sleep, all time is always right
Without sleep life will not be bright
Anxiety, tension will show their might
To maintain health you will lose fight;
Sleep is always sweet, so also dream
When stomach is full it is life's cream
After few pegs never say no to sleep
Otherwise you may fall in trouble deep
Sound sleep is must to keep day time beep.

44. To remain honest is tough

To remain honest is tough
Your journey will be rough
People will criticise enough
Near and dear will also laugh
Heavy price you have to cough;
Honesty will give heavenly pleasure
You have overcome worldly desire
Your integrity nothing can puncture
In life you have a priceless treasure
With money no one can measure .

45.Is Religion a tool for exploitation?

Religion may be opium of masses
But it is tool of explanation for classes,
Rich people need not follow religion
For poor not following is treason;
The mighty and powerful can give reason
Yet for same the weaker one goes prison;
For bold, powerful religion is like season
The poor must follow like fixed occasion;
Basic principle of religion is not discrimination
Society must uphold truth with determination.

46.Netaji we salute you

Power comes from barrel of gun
To wage war against British was not fun
Yet with Netaji Subhash thousands run
Sacrifice for nation from him we must learn
Now to give him due respect is our turn;
He was mass leader per excellence
Even today people feel his presence
Still maestri his sudden disappearance
Independent Indian always remember
He is a true legend and hero forever.

47. Learn from Guwahati incident

Never play with safety rule
Safety rules are easy and cool
It may be lifesaving tool
If you ignore, you are fool;
LPG is convenient and easy to use
Once it starts to leak difficult to defuse
While using gas don't be confuse
To save life, safely rules never refuse
Loss of property and life may be huge.

48. Say no

Say no when it is required
With open mind move forward
Sometimes yes may push backward
No will give you better reward;
Yes is positive it brings smile
But before saying think a while
It is difficult to say no to friend
Yet saying no mind to be trained;
Never saying no to child is not good
Even a small thing may destroy mood
They will not eat even the best food
While facing life their attitude will be rude;
Learn to say no when it is just and fair
With friends good things always share
Never say no to opportunity they are rare
Combination of yes and no a good pair.

49. Never say no

Never say no when yes is right
For truth and justice always fight;
Never say no when yes is just
Delivering justice is always must;
Never say no when it is unfair
Triumph of falsehood is rare;
Never say no to poor and needy
This will prove you are greedy;
Never say no to an open truth
People will say you liar and rude;
Never say no to a beautiful smile
It will make walk of life very fragile;
Never say no to your beloved wife
Measurable and painful will be life.

50. Happy Republic Day

Our country, our soil
Division attempt we will foil
To save India our head boil
We will destroy divisive coil;
United India our mission
Love motherland our submission
To fight enemy no need of permission
Defaming India is gross insubordination;
India is by heart democratic republic
To save India come forward all public
Caste, creed, religion all are secondary
Tricolour should fly high is primary.

51. Don't stop, go on writing

When emotion fills the heart
When mind is free from dirt
Writing poems you can start
Progress with your poetry cart
Compose poetry to build a mart;
No one may listen to your voice
But continue writing as your choice
One day readers will notice you
People will express their view
You will be honoured as poet new.

52. Write a poem

When you are depressed write a poem
When you are angry read a poem
When you are hungry think a poem
When you are suppressed recite a poem
But never say no to a beautiful poem;
Poem can give you new ray of hope
In the world you will see many scope
Poem will motivate to climb life's rope
With any problem you can easily cope
No need to go to Vatican and meet Pope .

53. The flute

The sound is very cute
Without air it is mute
With many holes is flute;
One of the oldest instrument
With songs always supplement
In all music it is very pertinent;
The beauty of flute is its simplicity
But when you try you know the difficulty
The master can play the melody perfectly.

54. I am the best

I was the strongest sperm
So the sea I could easily swam
Even now I am bold and firm
I lead my life with my own term
But never do anybody any harm;
Darwin told about survival of fittest
In the run for life I was the fastest
To penetrate egg I proved to be boldest
Even now I am charming and honest
I always try to make this planet best.

55. No free meal

In world no free meal
 At best you can steal
 But you may get kill
 Your wound may not heal
 So, stealing is a bad deal;
 Without work life is nil
 Life is not like reel
 You must have zeal
 Pain you have to feel
 God never pay your bill.

56. Married life

Neither an one day cricket
 Nor play on T-twenty wicket,
 Neither a match of football
 Nor enjoyment in a shopping mall,
 Married life is tight rope walk
 Tough thank driving a highway truck,
 Every day same quarrel repeated
 Any moment you may get separated,
 Love, hate come like sinusoidal curve
 To play long you must have strong nerve,
 Yet married life is the backbone of society
 So, run the three leg race with humility.

57. Till we sing together

Till as human we sing together
 The division will remain forever
 Religion is making division wide
 Peoples emotion taken for ride
 Religious identity we should hide
 Divisive mentality keep aside
 Jihad is coming as dangerous tide
 Every mother please be a guide
 As human beings show your pride.

58. Zero

Difficult to understand zero
Standing behind it is hero
Zero is key in Mathematics
It is also important in physics
In multiplication zero is bad
In division the result is mad
Addition never care it's presence
In subtraction also no resonance
Concept of zero made in India first
In exam getting zero means last.

59. Physics

Nature follow physics or physics follow nature
Only God can give the correct answer;
The universe also follow law of physics
It is difficult to understand law of optics;
Easier is law of statics and dynamics
Newton taught us gravitational basics;
Einstein told about matter and energy
Speed of light is the natural boundary;
Knowing physics must for the creator
Otherwise the universe he can't monitor.

60. Chemistry

Physical, organic inorganic all are same
It is permutation and combination game
The catalyst carry the reaction theme
Without catalyst chemistry is lame
Pressure and temperature not to blame;
Bonding of atoms chemistry defines
From raw materials chemistry refines
Carbon, hydrogen, oxygen make wines
Body chemistry is part of our biology
It also determines human psychology.

61. Mathematics

Mathematics is the basic
Without it science is static
Zero to nine all digit together
Counting is maths mother
Addition, subtraction, division
Always important multiplication
Geometry, algebra and trigonometry
Calculus is important not complimentary
Without mathematics no engineering
Development of technology maths is supporting
Mathematics is the easiest of all science
To calculate arithmetic is always in mind.

62. Biology

Away from complex theory of physics
In tandem with simplicity of mathematics
Chromosome of biology science exists;
Heredity is the biological process of life
Through reproduction species survive
Biology is nature's beloved wife;
From protozoa to elephant or dinosaur
All living things are biological connoisseur
Preserving biodiversity is need of the hour;
Without biology physics, chemistry has no use
Mathematics also can't count when brain lose fuse
Biology reproduces things for future muse.

DEVAJIT BHUYAN, Engineer, Advocate, Management & Career Consultant, was born at Tezpur, Assam, India, on August 1961. He completed Bachelor of Engineering (Electrical), from Assam Engineering College and subsequently completed Diploma in Industrial Management, from International Correspondence School, Mumbai, LL.B. from Gauhati University, Diploma in Management from Indira Gandhi Open University, and Certified Energy Auditor Examination from Bureau of Energy Efficiency (BEE), New Delhi. He is also a Fellow of the Institution of Engineers (India). He is having 22 years' experience in Petroleum and Natural Gas Sector and 14 years in education management. He can be contacted at devajitbhuyan@gmail.com. To know more about him please visit www.devajitbhuyan.com
