## **1. Corona virus**

Corona virus

Really dangerous

It has no cure

To protect be sure

Be clean and pure

World is facing horror

No one is secure

Doctor can only monitor

Nature became warrior

God proved he is superior.

## **2. Is civilization at its height?**

The dragon is bleeding

The virus is spreading

Citizens are dying

People are crying

Vaccine not coming;

Nuclear weapon helpless

Red army is clueless

Medicines are useless

The world is restless

Prayer become valueless;

Nature showing it's might

Australia, China made tight

Playing with nature not right

Human is losing the fight

Is civilization at its height?

### **3.No need to be panic for virus**

No need to be panic  
All viruses are unique  
Ebola, AIDS or common cold  
No medicine created to hold  
Make your immune system bold;  
Soon corona virus will subside  
But it will continue to reside  
Resistance antibody has to provide  
All nations now must unite  
A new approach we have to decide;  
No need to close down cities and town  
It will push citizens moral down  
Corona can't dethrone civilization crown  
Let life continue as usual before it was detected  
Only precautions needed till medicine invented.

### **4.Virus can't destroy civilization**

A virus can't destroy civilization  
Nature tries to control population  
Ways will come for Corona's isolation  
Soon science will find a solution  
But human must stop pollution;  
Virus attacks us since time immemorial  
But their existence is always peripheral  
In the ecosystem they contribute substantial  
Towards human virus is never beneficial  
Resolving virus issue calm and quiet will be economical.

### **5.A tale of two viruses**

Computer virus you can heal  
But Corona virus can kill  
To cure it there is no pill  
In isolation you have to chill  
For good health go for drill;  
Computer virus created for fun  
From Corona we must run  
Stay in door and eat hot bun  
To kill it there is no man made gun  
Clean your clothes and put under sun.

### **6.Global threat Corona**

Like Ebola Corona is not dangerous  
Though Corona is also notorious  
To deal it need to be judicious  
Towards hygiene must be serious  
Eat plenty of vitamin C delicious;  
Wash hands as frequently as possible  
To prevent Corona is not impossible  
Mask is necessary during travel  
Hand sanitizers can do the marvel  
Threat from Corona already global.

### **7.Don't be panic to Corona**

To Corona don't be panic  
Nature has power unique  
It has healing capacity majestic  
Don't be weak like plastic  
Make your immune system rustic;  
Viruses are part of the nature  
They will survive in world forever  
Try to save ecological balance  
Nature will take its own prudence  
Corona is only a minor nonsense.

### **8.To Corona don't be serious**

To Corona don't be serious  
It's spreading is hilarious  
Only need to become cautious  
Corona is very hazardous  
Our life is always precious;  
Viruses has no medicine to cure  
For prevention take care sure  
Breath air when you feel pure  
To save human life is duty your  
We came to world for fixed tenure.

### **9.Corona Corona go away**

Corona, Corona go away  
You are not welcome today  
Wait till vaccine is invented  
Your evil design will be frustrated  
Supremacy of human will be trumpeted;  
Corona, Corona go away  
Cleanliness is order of the day  
To hand wash never we say nay  
Sunlight will give hope and ray  
For your elimination to almighty we all pray.

### **10.Corona is not the last horror**

Corona is not the last emperor  
Many more will come to create horror  
Human society should look at the mirror  
Civilization is now at cross road corridor  
Destruction of ecology we must monitor;  
Medicine alone can't fight a new virus  
Nature must participate in the chorus  
Global warming, climate change are bigger  
One day certainly they will pull the trigger  
Human civilization will face extinction danger.

### **11. Supreme animal is now vulnerable**

Supreme animal is now vulnerable  
Corona virus is now intolerable  
Is it like dinosaur era preamble?  
Spreading of threat is gullible  
Fear psychosis is not desirable;  
Except man no other animals worried  
The fear from Corona must be buried  
The destruction of economy to be avoided  
To face the virus we should not be timid  
Soon the Corona virus may become hybrid.

### **12. Don't be afraid**

Don't be afraid of death  
But don't sit idle thinking fate  
No one knows when will come date  
Even Alexander could not bet  
So better play with your beloved pet;  
Before Corona death was there  
After stopping it death will be here  
Then why become panic with fear  
Life is beautiful and always dear  
Yet like shadow death stay near.

### **13. Make safety habits your friend**

The legs only know place of death  
All your calculations may be wrong math  
You can die falling from your bed  
Slippery bathroom can make you red  
Take precautions, in panic don't be mad;  
Even with seat belt accident may occur  
But seat belt may be your saviour  
Safety precautions required every moment  
Make safe habits your friend permanent  
Yet it will guarantee life is a wrong comment.

#### **14.Move ahead**

Move ahead move ahead  
Throw away fear, raise head  
You have to earn your bread  
In corona fear don't be mad  
The sun rises as usual red;  
Gearing Corona don't lie in bed  
Your children have to be fed  
Be alive, you are not yet dead  
No one will give free milk and bread  
Washing hands move ahead.

#### **15.We will win**

Survival of the fittest  
If you fear you are weakest  
Many species don't have mask  
Yet they are busy in survival task  
Why afraid man? they will ask;  
Those who fear will die down  
The fittest one will get the crown  
Go out putting your beautiful gown  
Without fear roam in the town  
The battle with Corona will be own.

#### **16.Corona can't destroy civilization**

Corona can't destroy mankind  
Soon a solution science will find  
O' man strengthen your body and mind  
Vaccines will make the virus blind  
Face Corona bravely till it forced to wind;  
Viruses will come and viruses will go  
Don't allow it to make our progress slow  
With precautions let activities flow  
Resistance and immunity body will show  
Caged Corona we will be able to tow.

### **17.Face Corona bravely**

Brave man will face Corona courageously  
Corona can't attack them dangerously  
Brave man can thwart Corona boldly  
Every step they will deal with Corona firmly  
Bold people will protect mankind seriously;  
Don't behave in this moment cowardly  
Never roam here and there carelessly  
In public use protective equipment firmly  
Wash your hand with soap regularly  
Follow safety precautions religiously.

### **18. Lord Siva**

Life is illusion, death is truth  
Journey of life, a difficult route  
Every day progress may not be smooth  
But you must move forward your foot  
Every morning polish your boot;  
Creation and destruction law of nature  
This is the way universe step in future  
Lord Shiva the God of truth and justice  
He is bold, kind and equity always practice  
Beauty, kindness, forgiveness, truth is Shiva  
With dambaru and trishul he is music's diva.

### **19. Omnipotent Mahadeva**

Between life and death razor thin distance  
Lord Mahadeva is the omnipotence  
Through his music life always resonance  
In every living things feel his presence  
To help devotees always show kindness;  
He is the barrier between good and evil  
Within a moment he can kill strongest devil  
In the matter of death only his writ prevail  
With prayer his generosity man can avail  
Truth, honesty and beauty Mahadeva hail.

## **20. Sleeping fox can't catch duck**

Sleeping fox can't catch duck  
Without work you can't earn a buck  
Lottery may sometimes help your luck  
But to buy ticket you have to drive truck  
If you don't work, your life will stuck;  
Sleep is necessary but for eight hour  
You must woke up to plant a flower  
More you need want become rich  
Hard work is necessary life will teach  
If you remain asleep the train you will miss.

## **21. On line hair cutting not possible**

Sleep can give you good dream  
But you must get up to eat the cream  
Must feed the cow for giving milk  
Without fodder milking will not click  
Dream can't give you any magic trick;  
Online hair cutting is not possible  
To grow food grains in sleep impossible  
Dotcom dreams are always gullible  
Only dreaming will push you in trouble  
Work awaking to make dream feasible.

## **22. Third eye**

Mahadev destroy evil with third eye  
If you pray honestly he will come to say Hi  
But greed, hate, jealousy you must say bye  
To get his blessings tapasya you can try  
Your prayer to Mahadev never go dry;  
Mahadev can be satisfied very easily  
Pray him with belief and pure mind daily  
On Shiva ratri think about him coolly  
He always protect his devotes boldly  
But if he is angry, he can destroy totally.

### **23. Pet**

I love you, I love you  
I cried before her  
But she took her own way  
Ignoring me on the street junction  
Sitting on the footpath  
I thought life has come to an end  
A small street dog came and sat near  
As if he has come console his dear  
I looked to the puppy and picked him  
He did not bark even in the car  
Though I drove him to my home far  
He became friend with love and care  
Now he is my pet companion rare  
Welcome me with his moving tail  
A jump for a hug never fail  
Pet can change your life's journey  
In cross road bring a pet to accompany.

### **24. Enjoy your life**

Why I came, how I came not important  
What I am now is only pertinent  
The question remained unanswered  
So, the question why I should carry forward  
Better I should work for worldly reward;  
God, big-bang, steady state all hypothetical  
So towards them try to be cynical  
Enjoying the life is more practical  
Look at the beauty of world and be jovial  
Smile, love and enjoy life being social.

## **25.Happiness**

Happiness is a state of mind  
Even in a small hut you can find  
To all living beings always be kind  
With a smile your neighbour wind  
Towards negativity be blind;  
Happiness is a matter to feel  
Every moment show your zeal  
Depression in the bud kill  
Help the injured one to heal  
Give the hungry one a meal;  
Happiness can't be purchased  
But to friends it can be distributed  
To happiness travelling contributed  
Jealousy and greed must be substituted  
Weak one should never be humiliated;  
Happiness can't be saved for future  
It should be part of daily life and culture  
Smile in trouble also to be a happy creature  
Give forgiveness to enemy not torture  
Without love happiness will puncture.

## **26.Loneliness**

Loneliness is created by mind  
Everywhere companion you can find;  
A stranger may be your companion  
In smiling you should be champion;  
Call a pedestrian forgetting he is stranger  
In the journey he will be your co passenger;  
A bird, cat or dog can also give accompany  
Playing with pet you will not feel monotony;  
Read a book when you feel very lonely  
After few minutes mind will be lovely;  
TV and internet can throw away loneliness  
Maintain your garden with cleanliness;  
A peg of whisky is helpful if you are alone  
Sing a song loudly, loneliness is gone.

## **27. Don't worry, be happy**

How much wealth will go to graveyard?  
Don't worry for money, look forward;  
If you have enough to eat four times  
Keep your mind away from crimes;  
When you have a concrete house to stay  
You are lucky enough, to God always pray;  
If you can afford to buy branded cloth  
To help needy you should show worth;  
When you are driving a luxury car  
Always keep your greed very far;  
Money is worth as much as you consume  
Too much of wealth will be like perfume;  
Be generous and do charity before you die  
To carry wealth to graveyard, never try.

## **28. Run after butterfly**

When you run after butterfly  
You can look at the beautiful sky  
Sometimes wetting in the rain try  
Run with the wind as if you fly  
When mind is open desert is not dry;  
Look at the full moon chasing firefly  
To touch the rainbow sometimes try  
To talk with a beautiful girl never be shy  
Walk through the woods listening bird's cry  
In small things the beauty of life lie.

### **29. Women have to assert right**

Religion is a stumbling block  
That is why lagging women folk  
Everyone should take a stock  
Must break the orthodox rock  
For reforms let us do work;  
Customs are created by man  
Some old customs need ban  
Gender equality relics dislike  
To have many wives they like  
Women have to assert their right.

### **30. Let us become one human race**

Hunger, racism and gender inequality  
To fight against these show solidarity  
All those things are enemy of humanity  
Campaign for eradication in community  
As one human race lets show unity;  
Technology has changed quality of life  
But inequality in society still alive  
To divide people many are sharpening knife  
Dress code is applicable only for wife  
Racist abuse in the world still strive.

### **31. Biodiversity is balancing source**

If we apply unpleasant force  
Nature will take its own course  
Biodiversity is balancing source  
Many species pollution can close  
Viruses may come in heavy dose;  
Bacteria, virus, plant and animal  
Every living things live like social  
Man made unbalance nature dislike  
Corona, Ebola, AIDS so frequently strike  
To stop pollution, cycling is better than bike.

### **32. Tiny virus destabilises China**

A tiny virus can destabilise a nation  
Except shut down there is no option  
To supreme animal a big humiliation  
The world is struggling for a solution  
But the virus is spreading like pollution;  
How vulnerable we are people should feel  
Yet for moving ahead we should not lose zeal  
Otherwise whole civilization the virus will kill  
Already world faced a costly economic bill  
More than a nuclear war mankind now chill.

### **33. Valentine's day**

Love don't have a specific day  
Yet every day we can't say  
So, I love you express today  
For a good gift online you pay  
Together to restaurant take way;  
If your money bag is empty  
Valentine will not show sympathy  
To your rose she will feel apathy  
Credit card can generate telepathy  
Otherwise valentine's will show antipathy.

### **34. Enjoy in top gear**

A beautiful sunny day of life  
For a gift eagerly wait wife  
Companies create gifting hype  
Market is full with different type;  
A red rose may not be enough  
Without gift girlfriend will laugh  
To convince love it will be tough  
In future conversation will be tough;  
A good day to celebrate with dear  
She will smile and sit very near  
To touch her you need not fear  
Celebrate valentine's day in top gear.

### **35. Pray for the neighbour**

Pray for the neighbour  
God will be the saviour

Workshop become dancing floor  
Success knock at the door.

Say bye, bye to anxiety in the morning  
Make anxiety to become positive turning  
Anxiety will not remain force of harming.

But after winning politicians throw it like used tissue  
And anti-corruption become in society disuse.

I feel depressed not for losing the tourney  
I feel depressed in humanity when lonely;  
When voice of weaker people is suppressed  
Always I feel terribly helpless and depressed  
When innocent children died of hunger  
Depression hit me with big thunder  
Why I can't oppose people doing blunder?

To isolate Corona is now unavoidable  
Stay inside home and be humble.
