LOCKDOWN: An English Poetry Collection composed by Devajit Bhuyan and published by CAREER GURU devajitbhuyan.com. Copy right: Devajit Bhuyan

1.Lockdown is not guarantee of life

Lockdown is not guarantee of life
 We have to live like husband and wife
 Sometimes there may be use of force
 Otherwise normal will be life's course
 Corona is not the only disease source;
 Marriage always does not mean divorce
 To grave all Corona infected never goes
 Only sometimes danger it may pose
 Cohabiting with Corona nothing to lose
 Rather than lockdown it is better choice.

2.Unfriendly lockdown

Lockdown is not friendly to the poor
 Everywhere they have suffered more
 The working class is the nation's core
 But treatment to them now is sore
 For help they are begging door to door;
 Lockdown is now a necessary evil
 But hunger and poverty may become devil
 To save life more death should not prevail
 The poor are suffering whether head or tail
 For the vulnerable future is dark and pale.

3.Life after lockdown

Theatre halls will be empty
 Seats in public transport will be plenty
 Lot of people will do charity
 Masks will be like heredity
 Lockdown has limited validity;
 No one will handshake a stranger
 In hug there will remain danger
 There will be few tour manager
 Restaurant will not be dearer
 Get together will face social barrier.

4. Depression in lockdown

Talk, talk and with all freely talk
 Else life, depression will stop
 In standstill time life will flop
 Dirt of mind continuously mop
 Once again you will be on the top;
 Push away depression quickly now
 I will explain simple solution and how
 Make books and music your companion
 In your creative area try to be champion
 People will change their opinion;
 Write a poem for your new girlfriend
 To live afresh, you will find trend
 If you draw a portrait of your father
 Delicious food will be supplied by mother
 Play guitar instead of quarrel with brother;
 Meditation and yoga will give better health
 During lockdown health is your best wealth
 New flowers in garden will refresh your mind
 Fresh vegetables in kitchen garden try to find
 To help the poor and vulnerable section be kind;
 Facebook, TV, net are now friend in need
 For your blog plant some beautiful seed
 To alcohol and cigarette throw away greed
 Hungry street dogs and cats try to feed
 Depression and anxiety no longer can breed.

5. Lockdown and unlock

Lockdown and unlock both are reciprocal
 For revival of economy now become vocal
 Food, vegetable, essential produce in local
 Export your products as brand of global
 Necessity is mother of invitation, be focal;
 Neither Good nor Corona imposed lockdown
 Our insecurity has only forced the shutdown
 Now we have entered the phase of cooldown
 Very quickly we have to repair the damage of breakdown
 Momentum must be given to economic slowdown.

6.No more forced lockdown please

No more forced lockdown please
 I want flow of life should be at ease
 Fear has now faded for wild geese
 Wheel of normalcy now needs grease
 In restaurants let's eat bread and cheese;
 Allow children to fly like honeybees
 Let them allow to forget the disease
 From forced prison they need release
 We are in world only for a period of lease
 Our present don't keep under lock and keys.

7.Lockdown is dangerous

Human life is always precious
 But lockdown is dangerous
 Economic loss is tremendous
 Society needs to be conscious
 Must restore the past glorious;
 Attitude now must be harmonious
 Look for opportunities various
 More problems in nation populous
 Solutions must be indigenous
 Implementation should not be erroneous.

8.Breakdown

Sometimes your car may face breakdown
 But it is not government's forced lockdown
 This is only temporary stop and shutdown
 You may get delayed or late in hometown
 Breakdown can never remove your crown;
 Never allow breakdown of spirit and mind
 It will be difficult to restart and way to find
 When breakdown of mind try to engulf
 Quickly make your thinking bold and tough
 Soon you will overcome the weather rough.

9. Corona the social reformer

Because of Corona we are singing together
 Once it is gone we will not hear no longer
 Can't we save the brotherhood forever
 It continues to flow like beautiful river
 Singing together shouldn't remain as a screensaver;
 If our tail again becomes round it will be blunder
 Before the devil virus it will be seen as our surrender
 Someone should lead to put a pipe in tail like plumber
 We should not allow brotherhood to vanish in the summer
 Let us thank Corona for being a social reformer.

10. Corona and God

Corona became powerful than God
 Exists everywhere in the world
 Like God no one can see its presence
 Yet everyone feel it's worldwide existence
 Praying to God cannot give resistance;
 Priests are helpless like the ordinary
 Even Pope is confined in solitary
 Silent even the busiest Vatican rotary
 Only Doctors are now respected Notary
 Indian prime Minister became a votary.

11. Economy will go to basic

Economy will go to the basic
 Only agriculture will show magic
 Many sectors will remain static
 Tourism will see fall gigantic
 Home delivery will become magnetic;
 Fish farming and poultry will grow more
 Horticultural products will need store
 Information technology will be in the core
 Investors in auto sector will become bore
 For health care investment will pour.

12.Logical conclusion

Corona episode will reach its logical conclusion
 Nature itself will do the necessary dilution
 Governments will follow the suit for solution
 For mankind the episode is a big humiliation
 We have to move forward now with more determination;
 Customs, orders, rules will certainly go for change
 Different will be social gatherings and people's bondage
 Food supply, healthcare in better ways we have to manage
 No resources can be allowed to rot in garbage
 Humanity, mankind will make new system of drainage.

13.Birthday

Death is coming near
 Life so becoming dear
 To death I have no fear
 For the past days no tears
 For the future three cheers;
 Life may be out of gear
 Market is in phase of bear
 No music, DJ to hear
 No pressure from the peer
 Alone drinking favourite beer.

(Celebration of birthday in lockdown)

14.Blessings in disguise

Blessings in disguise
 Spend lockdown time wise
 As usual sun today also rise
 Opportunity never comes twice
 Take from lockdown better price;
 Outside air become cool and pure
 Pollution has come down be sure
 No traffic jam in the cities I assure
 Nature has implemented foreclosure
 In lockdown search for the treasure.

15.Shift focus to eradicate poverty

Shift focus to eradicate poverty
 Soon nature will give us immunity
 Goal now should be humanity
 Healthcare should not be a commodity
 To make a better world show solidarity;
 It is natural that there can't be equality
 But in distribution there should be rationality
 The best option available is the equity
 Together only nations can move to prosperity
 Gone with the wind will be days of austerity.

16.How to modernise attitude?

How to modernise humans attitude
 It always stuck in religious latitude
 Nationalism derail its longitude
 In the horizon lost love and gratitude
 Let's work to enlarge modernity magnitude;
 With time everything changes in world
 But religious orthodoxy society don't fold
 To change customs people become cold
 For reforms in social life we need step bold
 To see better tomorrow attitude is the hold.

17.Tension

For better music strings need optimum tension
 Without tension no instrument has melody option
 To remove total tension in life is not good solution
 Tension needs only optimum level of dilution
 For performance with mind must work in combination;
 When you are totally free from tension and result
 You must belong to the sage or animal cult
 Or you are a performer in the art of occult
 Never try in emptying your tension vault
 Your companion will be failure and fault.

18. Basics are same, different is the game

The basic or core of all religion is same
 Difference exists in intermediate game
 Violence and orthodoxy made religion lame
 In all religion killing of innocent is shame
 For people's misdeed religion get blame;
 God is the focal point and centre of religion
 He is omnipotent and have all the solution
 For vested interest core value see dilution
 Hunger, insecurity and greed is intuition
 Follow core value and clean social pollution.

19. Feeling sad for not having wings

Feeling sad for not having wings
 Freedom and mobility it brings
 Different will be the lockdown things
 We could have fly in the sky like kings
 Even now fishes are better with fins;
 We are artificially united in the ring
 Very soon will snap the unity string
 Cock fight, dogfight it will again bring
 Brotherhood song too long we can't sing
 No truth in claiming supreme animal being.

20. The world is full of fear

The world is now full of fear
 Masks and sanitizers are dear
 Handshake took a seat in in rear
 Social gatherings will be out for a year
 People are afraid to go stranger's near;
 Only courage can put people in the gear
 Children are eagerly waiting to cheer
 Teachers voices they are restless to hear
 Corona phobia soon society must tear
 From scientists good news we will hear.

21. Analyse your view

In the midst of problem lies opportunity
 Dig for goldmine in the Corona territory
 Soon Corona will be in confinement solitary
 Corona is not a disease of heredity
 Future generation will resist with immunity;
 Grab the opportunity available around you
 The opportunities will be seen by very few
 Frontline entrepreneur will be Chinese or Jew
 The powerful nations will miss opportunity new
 To grab the opportunity analyse your own view.

22. I am worried for children

I am worried for our young children
 To play outside they are forbidden
 All are now living in virtual Eden
 Their talents now become hidden
 Their horizons somehow we must widen;
 Children are the hope of our civilization
 Their wings should not be clipped in sanitization
 Rules of lockdown and social norms need rationalization
 Leaders should come forward with new organization
 Lockdown is not a permanent rule for standardisation.

23. Be careful

World is beautiful
 Life is colourful
 Virus is harmful
 No one cheerful
 Death is painful;
 Praying the worshipful
 Eyes are tearful
 People are hopeful
 Be now careful
 Covid19 is shameful.

24.Adjust life

Helping people is good
 Help any poor with food
 Along with man stood
 It will clear you mood
 You can see beauty in wood;
 Raise height of life's hood
 Remember you born nude
 While going can't carry a quid
 Don't change colour like squid
 For time being adjust life fluid.

25.Cities are burning in invisible fire

From Neil to Mississippi to Amazon
 The Corona is showing presence random
 Now the whole world is their fiefdom
 In Rome, New York, Paris resistance seldom
 The virus is destroying powerful kingdom;
 Cities are burning in an invisible fire
 Firefighters nowhere available to hire
 In hospital senior citizens easily retire
 Doctors are fighting with strange attire
 Invention of vaccine, drugs everyone's desire.

26.The flying machine

I spread virus from Wuhan to Milan
 I am the best communication titan
 People worshipped me like Sultan
 In the sky I am like Richard Vivian
 But now my condition is like Tiananmen;
 I am gathering dust on the runway
 To fly again people couldn't find way
 Pilots are helpless to fly even in day
 I am the king of sky now I can't say
 People are waiting with hope for new ray.

27.All non-believers are not fool

All non-believers are not fool
 Many of them are Scientists cool
 Modern time science only rule
 God has not developed any tool
 He is not owner of the Google;
 People have the right to choice
 They are free to raise own voice
 Orthodox will connect God to all
 Prayer can cure is their claim tall
 Infront of Covid19 Pope is also small.

28.First impression

First impression is important
 First sight is always potent
 Look is the only component
 So look need improvement
 Well-dressed look implement;
 Costly cloth don't make you beautiful
 Your smile on face should be plentiful
 In performance you must be dutiful
 Ugly face is also not painful
 If the heart inside is not sinful.

29.Better friends

A friend in need
 Is a friend indeed
 Don't lose him in greed
 Of his advice take heed
 In bad days he will feed;
 Spread friendships seed
 Promote good friend's breed
 Remove all the selfish weed
 They may force you to bleed
 Better friends are like kid.

30.The town clubs

The town club
 It is not a pub
 A friend's hub
 Time it can rub
 A beautiful tub;
 Location is permanent
 Always on forefront
 Never become dormant
 In all towns important
 In cities old component.

31.SWOT Analysis

SWOT analysis are defunct
 Airlines are giving refund
 Videoconferencing is good
 Bosses are in smiling mood
 It helped in earning daily food;
 All targets are suddenly derailed
 To meet revenue earnings all failed
 In the hostile sea we are forced to sail
 Looking to the government to bail
 In targets, meetings nothing to hail.

32.Time is now not money

Time is now not money
 Time is now sweet honey
 With family life's journey
 No crowds in the tourney
 With the nature in harmony;
 Money has now limited use
 Corona let us first defuse
 But to stop Corona refuse
 Even Trump blows his fuse
 Time is not a matter of reuse.

33. Ignorance is bliss

Some people still don't know Darwin's theory
 For them big-bang is only imaginary
 For them religious texts are primary
 Rationality and science are secondary
 Sayings of age old books are boundary;
 Several thousand years has to pass
 Then only reduce ignorant people's mass
 Orthodoxy is heavier than rationality
 It is true irrespective of nationality
 Ignorant people live in orthodox polity.

34. Koala

The beautiful lazy creature
 They are unique in nature
 Sleep twenty hours a day
 Lives in Australian bay
 Don't wake up even in sun ray;
 Eucalyptus tree their habitat
 On tree always they remain silent
 Australia's they are original resident
 Fire destroyed their living environment
 Now for survival need human involvement.

35. Nature forced the pause

Nature forced pause due to pollution
 We have to find permanent solution
 Cutting of forests made animals hungry
 Seeing their condition nature is angry
 Forced man to remain within boundary;
 Introspection needed in solitary confinement
 We have to think for weaker animals' empowerment
 Every creature has a right to live in this world
 Man has no right to throw away them for being bold
 During this period of pause look at their story untold.

36. Money does not grow in tree

Money does not grow in tree
 Governments are giving free
 Down trend economy will see
 Due to debts poor nations will pee
 Governments will impose tax on me;
 Austerity measures now inevitable
 Many industries will become unviable
 Job losses in countries will be palpable
 Condition of working class will be miserable
 In doing expenditure now become humble.

37. Today is the best option

For death why I should worry
 When today I can write my story
 I can sing, dance and dine today
 So why should I wait till Saturday
 I can convert this week to holiday;
 Priority or non-priority mind's creation
 Any time you can think different equation
 For each and every equation there is solution
 Do your own permutation and combination
 Always you will find today is the best option.

38. In life calculation is the basic

If you are not good in mathematics
 Poor will be your life's statistics
 In life calculation is the basic
 If you can't calculate you are cynic
 With blurt vision you are myopic;
 Life's mathematics is quadratic equation
 Very difficult is to find it's simple solution
 Money, health, relationships are variable
 In a simple mistake they quickly tumble
 In solving it whole life you will face trouble.

39.Good photo

Women are sensitive for their look
 So, all good photos upload in Facebook
 But in kindle very few women read a book
 On smartphones for gossip they hook
 Photoshop photos credit they took;
 Beautiful photos are like powerful magnet
 In thousands male surfers they can attract
 But afterwards many honeybees retract
 Good photos give better first impression
 In the long run sometimes bring depression.

40.Optical illusion

Optical illusion
 Not a solution
 Temporary dilution
 Not a substitution
 Only hibernation;
 Temporary blindness
 Throw away sadness
 It can throw darkness
 It is temporary highness
 Illusion is not kindness.

41.Attitude alone not enough

Attitude alone is not enough
 Your negativity it must engulf
 To perform you should be tough
 In destroying hurdles be tough
 With family and friends freely laugh;
 Positive attitude will push forward
 No need to repent and look backward
 Determination should not be lowered
 Never backtrack like defeated coward
 Hard work will certainly give reward.

42. Don't sit idle

If we sit idle nothing to worry
 But if we move it is different story
 You can taste different curry
 See the beautiful Koala furry
 For truth argue with the jury;
 Sitting idle will make you crook
 Soon gloomy will be your look
 Better alone you read a book
 Idleness will make you a pauper
 Where from you will get supper?

43. First morning job

In the morning I wake up with hope
 First job is to run for a fresh loaf
 You can't do anything being hungry
 Without breakfast you will feel worry
 Empty stomach will make you angry;
 Food first is life's survival query
 For food whole life we are in hurry
 Work hard to buy tasty chicken curry
 To fill stomach differences we bury
 Hungry people are dangerous vary very.

44. Hope

Man lives on hope
 Climb toughest slope
 Break strong rope
 With girlfriend elope
 Danger easily cope;
 Greed and hope are different
 Hope for better tomorrow is inherent
 Greed is only a supplement
 Hope inspires to pray omnipotent
 Without hope end of life imminent.

45. Death is always painful

Death is always painful
 But it is never shameful
 Sometimes it is harmful
 In times death is wilful
 People become tearful;
 No one can escape death
 Whatever maybe your faith
 Coffins may have breadth
 But death is difficult math
 So enjoy life in your youth.

46. Don't live covering your face

Don't live covering your face
 Everyone is now of human race
 Home is now human beings base
 Will not last long Corona case
 Flowers will come to the vase;
 This is time for learning and read
 No need to live lowering your head
 Though few thousand people are dead
 People may be struggling to earn bread
 To change the world scientists will lead.

47. One day world will be cancer free

When we invent cancer cure
 Certainly vaccine will be sure
 One day science will assure
 Life in the world be very pure
 But now it is any body's tenure;
 Every year thousands die in cancer
 Doctors, scientists have no answer
 Every year cancer is going higher
 Some treatments are there however
 One day world will be free forever.

48. Earth is still round

Staying together we fall
 Staying alone is the call
 Better is now store small
 Dangerous is shopping mall
 We can't even play football;
 Life is now upside down
 Everywhere deserted town
 Missing is the beautiful gown
 To stay inside we are bound
 But mother earth is still round.

49. Big brother

America is now undisputed leader
 Even in death tall they are on top of ladder
 Nuclear weapons lying in stores together
 Dollar is appreciating all time higher
 To remain in top America always desire;
 They killed Saddam with silly pretext
 Gaddafi was killed without reason next
 For them America's interest only text
 Covid19 infections they defeated others
 Confirmed their position as big brother.

50. Two stars of Bollywood left together

Two stars fall together
 The sky glow brighter
 Light they emit forever
 Everyone will remember
 Emotion is now higher;
 Irfan and Rishi left for heaven
 Bright stars of Bollywood garden
 In their funeral people are forbidden
 To pay last respect it is not deterrent
 They live in people's hearts is pertinent.

51.Cohabitation is unavoidable

Cohabiting with virus is unavoidable
 With civic sense containing it possible
 Let us make basic rules unbreakable
 Unabated spreading will surely tumble
 We must act wisely during this trouble;
 Soon nature's furry will become humble
 The death toll in all nations will trickle
 The disease will become easily curable
 In cohabiting we will forget the horrible
 Children's presence in open will be palpable .

52.No one can claim tall

Celebrities are also departing silently
 From home fans are paying tribute calmly
 No farewell on graveyard warmly
 The grip of the virus everywhere firmly
 Rich, poor, powerful all leaving similarly;
 Don't be sad if few people present in funeral
 For everyone now time is equally critical
 Saving own life and stopping virus is crucial
 Nature has created a level playing ground for all
 Bold, beautiful, mighty also now can't claim tall.

53.Telepathy

Telepathy is always not merely a myth
 The minds of two persons together bath
 Sometimes telepathy follows fictional path
 Telepathy really happens in this earth
 To testify this there is no people's dearth;
 When electromagnetic waves travel in air
 Catching by someone's brain is not rare
 To ridicule telepathy as myth is not fair
 Two unique bonding minds can only share
 The mystery of telepathy will remain here.

54.Life is never been so uncertain

Life is never been so uncertain
 One point agenda to maintain
 All human beings are detained
 Other animals are not retained
 Together all nations are chained;
 Everywhere life is back to basic
 We have to follow our instinct
 Food and shelter is the only requirement
 Entertainment and books are supplement
 How to save life of dear ones is pertinent .

55.O' God forgive the children

O God let children chase butterfly
 Colourful kites again can fly
 Beautiful gardens alone don't dry
 To roam along allow us to try
 In locked room children should not cry;
 Why this punishment we don't know
 Infront of you will clean mind we bow
 Please allow the children free flow
 In school they want to stand in row
 Allow the darkness to move and go.

56.Don't think life is cruel

Don't think life is cruel
 It is a continuous duel
 You are precious jewel
 In life add on new fuel
 Everything will be well;
 No need to look back
 Unfold your new pack
 Keep them in time's rack
 Move on your own track
 Bold one time can't hack.

57. Why we are in cage?

Why all human are in cage?
 There is an inherent message
 To the animals don't be savage
 Give them also a safe passage
 Otherwise nature will ravage;
 Lockdown of mankind unprecedented
 In future balance not to be destructed
 A better environment to be constructed
 Rights of other animals not to be frustrated
 From destruction men must distracted.

58. Don't take advantage of situation

Smiles of people has lost in the horizon
 Many places in world are now in red zone
 Holes are enlarging in layer of ozone
 No difference between home and prison
 In the beautiful world who added poison?
 Today is same as yesterday, no change
 Eating and sleeping is only to manage
 In talking, surfing we are forced to engage
 To travel only few people have the privilege
 In this situation don't take any advantage.

59. Everyone has to go

One day everyone has to go
 But when no one know
 Life in the world become slow
 Yet continue the life's flow
 Birth and death still move in row;
 Today we all are stuck in home
 Even the richest man can't roam
 The virus is enlarging like foam
 It is dangerous than cluster bomb
 So many untimely deaths in Rome.

60.The frontline warrior

Motivating the medical team necessary
 Nation showed with them solidarity
 They are fighting the battle for humanity
 Helping the nation show your integrity
 Don't divide mankind in religious polarity;
 Doctors, nurses are now frontline warrior
 Between life and death they are solicitor
 In this war medical staffs are terminator
 Insulting them don't become perpetrator
 To protect your society become a curator.

61.God loves seniors more

God loves seniors more
 They are his advisers core
 Their conditions in world sore
 So for them he opened the door
 Calling quickly after sixty four;
 Seniors pray more to almighty
 So, with them he showed solidarity
 They are the people with diversity
 Unquestionable is their ability
 God is calling them to prosperity.

62.Corona becomes asymptomatic

Corona virus become asymptomatic
 But the virus has not become static
 Social distancing become hypothetical
 Requirement of vaccine become crucial
 Virus will make distancing theoretical;
 Testing strategies should be more practical
 Other than distancing nothing is logical
 The threat of more deaths is not illogical
 Virus is spreading though movement illegal
 Medicines and vaccines is the solution dual.

DEVAJIT BHUYAN, Engineer, Advocate, Management & Career Consultant, was born at Tezpur, Assam, India, on August 1961. He completed Bachelor of Engineering (Electrical), from Assam Engineering College and subsequently completed Diploma in Industrial Management, from International Correspondence School, Mumbai, LL.B. from Gauhati University, Diploma in Management from Indira Gandhi Open University, and Certified Energy Auditor Examination from Bureau of Energy Efficiency (BEE), New Delhi.
