**QUARANTINE: An English Poetry Collection composed by Devajit Bhuyan during Corona 2020 period and published by CAREER GURU devajitbhuyan.com. Copy right: Devajit Bhuyan**

## 1. Quarantine

I am not afraid of the virus  
 But I am afraid of the circus  
 The ring will be my radius  
 About me all will discuss  
 To my family people will be bias  
 Quarantine is fearsome than the disease  
 Tension and depression it will increase  
 Neighbour will fearfully look after release  
 No one likes in society troll and tease  
 Everyone now suspects if you are Chinese.

## 2. Corona said

Corona said  
 Trap laid  
 Masks made  
 We paid  
 Police raid;  
 Covid19 unstoppable  
 Life become vulnerable  
 Economy now unstable  
 Fear is palpable  
 Stay inside, be humble.

## 3. Cough

In the world, once upon a time  
 I was considered to be fine  
 With me people used to dine  
 No restrictions from friends to wine  
 But now everyone afraid of mine;  
 Still I am a normal disease  
 Helped doctors to earn fees  
 But now even doctors are afraid of me  
 Now no one anywhere want to see  
 The Covid19 forced me to flee.

#### **4. Corona virus will stay**

Corona virus will stay  
 But will be aloof like gay  
 People will talk and say  
 Will try to avoid in the day  
 For protection ready to pay;  
 We have to live with the Covid19 virus  
 There will be no more lockdown curious  
 To protect own life people will be serious  
 Attitude to stranger will not be harmonious  
 For social life the damage is tremendous.

#### **5. Let Corona bark**

We are too close to vaccine  
 Soon will come curable medicine  
 The Covid19 episode will be memory  
 People will tell children the story  
 Some will cry remembering history;  
 So, don't be afraid and act in panic  
 In loneliness enjoy the beauty scenic  
 The world has become a beautiful park  
 Don't roam thinking future may be dark  
 Enjoy life and move ahead, let Corona bark.

#### **6. Think for paradigm shift**

Corona has entered a new phase  
 To face it let us build different stage  
 We must come out of self-made cage  
 The virus is going to stay indefinite days  
 Open the door to come beautiful rays;  
 Let's think for paradigm shift in strategy  
 If we don't change there will be big tragedy  
 Soon world will see largescale malnutrition  
 Lockdown can't be a permanent solution  
 Need of the hour is fear psychosis dilution.

## **7.Redefine progress**

Time to redefine human progress  
 Fast car and high-rise alone not success  
 Pure water and air is more important  
 Ecological balance is very pertinent  
 For better life biodiversity is supplement;  
 Development does not mean shopping mall  
 We have seen how quickly it can fall  
 Better health care must be available to all  
 No need of skyscrapers and towers tall  
 Cycle of human life's domain is very small.

## **8.Health care priority first**

Food, shelter and clothes must  
 Health care is priority first  
 Information technology give trust  
 Environment should not be allowed to rust  
 Otherwise human civilization will burst;  
 No need of so called progress fast  
 Let the value system in society last  
 A tiny virus can make civilization past  
 So now forget your greed and lust  
 Saving humanity is our duty just.

## **9.Economic package is not remedy**

Economic package is not remedy  
 It is only a temporary comedy  
 Soon the vaccine should be ready  
 Otherwise life will remain cloudy  
 There will be no more party goody-goody;  
 If Corona continues to remain proudly  
 Even bold and beautiful can't shout loudly  
 No one will be able to hug and kiss fondly  
 Emotions and attitudes will suffer badly  
 Relationships in the society will be deadly.

### **10.Citizens want to open door**

Nights are coming with curfew  
 Everyday leaders are doing review  
 Before them no previous preview  
 No one has any clear cut view  
 What experts tell, leader has to chew;  
 Lockdown one, two, three and four  
 Till now this could not touch the core  
 Experts will ask for lockdown more  
 Staying inside home people became bore  
 Citizens now want to open their door.

### **11.Corona forced to lift the veil**

Neither Trump nor Jinping nor Modi can decide future  
 In the world now Covid19 is the de-facto master  
 The world economy is helpless to Corona hunter  
 Self-goal in the fight against virus is a big blunder  
 Lockdown without remedial measures is only surrender;  
 Life is precious every human being know well  
 In the name of saving lives millions pushed to hell  
 Everyone now realised mistakes and ringing the bell  
 Bailout packages worldwide now at discount sale  
 From lockdown Corona himself forced to lift the veil.

### **12.The big picture**

Corona is now the picture  
 The name itself is torture  
 Emerges a stay home culture  
 Social life is under pressure  
 Get together totally puncture;  
 Time has come to think beyond  
 The social life must rebound  
 In parties we should hear sound  
 Children should play around  
 Cheers must return to Olympic ground.

### **13. Mother earth is severely ill**

Mother earth is severely ill  
 So is Corona's nonstop kill  
 Skyrocketing medical bill  
 Not available curing pill  
 Lockdown is only mock drill;  
 Mother earth we have to cure  
 Covid19 will go out be sure  
 To teach us a lesson it's tenure  
 Environment must become pure  
 Covid19 should be reason to lure.

### **14. When we repent and cry**

When we repent and cry  
 Hate of our mind becomes dry  
 God never remains shy  
 To help us God sincerely try  
 The evils can't make our fry;  
 When we are free from greed  
 Limited becomes our need  
 To our prayers God always heed  
 With generosity God feed  
 Towards fulfilment he lead.

### **15. When solution is not in our hand**

When solution is not in our hand  
 When fear and uncertainty is the trend  
 Pray God to become your friend  
 Ray of light and hope he will send  
 The road ahead will take a sharp bend;  
 The problem may be hard and tough  
 At your falling people may laugh  
 But to prayer God never behave rough  
 Solution will come for fever and cough  
 Infront of God, the devil can't bluff.

**16.You don't know my friend**

You don't know my friend  
 How much pain I am carrying,  
 Yet in the darkest night  
 I dream for the full moon  
 In the black clouds  
 I search the rainbow  
 When there is thunder storm  
 I look for the petals of rose  
 Even if there is hurdles of hills  
 I continue to flow like spring  
 When the dearest one break my heart  
 I allow them to fly and become smart  
 I am keeping all my pain  
 In the deepest corner of heart  
 If carbon can become diamond under pressure  
 My pain will also bloom like heavenly flower.

**17.Mind**

Nothing is more negative than the mind  
 Every step fault it can easily find  
 It can break years of friendship  
 For a flimsy or silly reason  
 For hate it can go for treason  
 It can start a quarrel with a smile  
 It can instigate to kill within a while  
 Mind can be cruel than the butcher  
 In killing sacrificial goat always smarter  
 Negativity is the creation of sick mind  
 It's remedy inside your mind can only be find.

### **18. Why we are here?**

If our birth is without any reason  
 The world for us is a prison  
 Everything will be fair and just  
 No value of the word called trust  
 Only survival is must  
 Honesty, integrity everything will rust  
 No need of justice and fairplay  
 We can do whatever we say  
 For our existence reason may whatsoever  
 With love and brotherhood let's bind together.

### **19. I don't want a life living on pill**

I don't want a life living on pill  
 One day slow poison will kill  
 I want life full of joy and thrill  
 Want to fly and climb tallhill  
 I have the capacity to pay bill;  
 Don't want a life that is stand still  
 Dislike the advices of rumour mill  
 Want to avoid doctors paid grill  
 It is not enjoyable to live more as ill  
 Want a life which my mind loves to fill.

### **20. No one remain young forever**

When you are at the top  
 Try to hang on with rope  
 Any moment God may drop  
 You may go down the slope  
 Falling down you must cope;  
 You may not be on top for long  
 To face challenges be strong  
 Your pride may be proved wrong  
 Life moves up down like ping pong  
 Remember, whole life no one remain young.

### **21. When a puzzle we can't solve**

When a puzzle we can't solve  
 In the name of God we dissolve  
 Inside a circle our thinking revolve  
 New approach stop to evolve  
 But for solution throw away the glove;  
 God should not limit the thinking process  
 In the name of old text don't be obsess  
 The outdated religion will stop progress  
 Don't allow mind's horizon to recess  
 Allow new thinking and fresh air to ingress.

### **22. Whom should we blame?**

How far will go the death toll ?  
 How long will remain close mall?  
 How many times will be lockdown call ?  
 How much jobs will quickly fall ?  
 Things are changing like moving ball;  
 The situation is like a fast football game  
 Suddenly the best player became lame  
 Defeat will push them towards shame  
 With all efforts they are trying to tame  
 Result less game, whom should we blame?

### **23. No point for the past to regret**

The dark nights I want to forget  
 No point now for the past to regret  
 All along the journey was toughest  
 The path to the shore was longest  
 But enough experience I could harvest;  
 To forget the bad days is always better  
 The tough journey taught life's grammar  
 Avoiding mistakes to move is smarter  
 Walking on right track makes life merrier  
 With determination I can cross any barrier.

### **24.I pray for your good health**

I pray for your good health  
 For seniors health is wealth,  
 If you are free from diabetes  
 Your money will not be wastes,  
 If your blood pressure is perfect  
 Your life span will not subtract,  
 If you are not suffering in acidity  
 Bold is your digestive ability,  
 In the morning if you bowl is clear  
 You are healthy, O my senior dear  
 Corona will continue to flow  
 But good health will allow you to glow.

### **25.The human civilization has resilience**

The human civilization has resilience  
 It grows in the history through persistence  
 The character of mankind is perseverance  
 To biggest threat it can give resistance  
 Epidemics are always a temporary hindrance;  
 The empire will again strike back and bloom  
 Soon there will be sunshine and go away the gloom  
 Human genes are the fittest one to survive  
 No sooner the economy and civilization will revive  
 In better atmosphere people will move out for drive.

### **26.Human civilization will not accept defeat**

Human civilization will not accept defeat  
 As usual rise after fall it will repeat  
 Plague, Spanish flu, world war couldn't stop  
 To destroy civilization the Covid19 will flop  
 Soon civilization will again rise to the top;  
 The progress of mankind is not a cakewalk  
 Many times on the road it had badly stuck  
 Yet with courage it always rises from ashes  
 The civilization will not stuck in the bushes  
 It will overcome problem and continue progress.

### **27. Salute mothers on Mother's Day**

There can be a Mother without a father  
 There can't be a father without a Mother  
 Don't think about having sister or brother  
 Maternity is the truth always to remember  
 Fraternity is social acceptance rather;  
 The cruelty of war made patriarch society  
 But mother continues to lead the polity  
 Still bear the pain of motherhood with humility  
 Mothers are the torchbearers of human community  
 Salute mothers on mother's day for their dignity.

### **28. Sometimes we become lonely sailor**

Sometimes to hide our failure  
 We become a lonely sailor  
 Sail our ship of life to mid sea  
 So that vastness of world we can see  
 Our existence is smaller than a bee;  
 Sometimes we are forced to hide  
 So that we can make our horizon wide  
 The pride, glory all are momentary  
 We have to leave this world in solitary  
 Ego, greed, hate in our life all are mockery.

### **29. Might is always not right**

I am always right  
 It will push to fight  
 You may have might  
 Yet will come night  
 Your position will be tight;  
 Better you see the light  
 Navigate your flight  
 If you are wrong lower height  
 You can see the world bright  
 Might is always not right.

**30.Crazy people**

If you are crazy  
 You are not lazy  
 You are only choose  
 But always busy  
 Sometimes vision hazy;  
 Crazy people are not mad  
 For days don't go to bed  
 For their dream busy head  
 In failure never become red  
 Will not give up till he is dead.

**31.I am no more hero**

Nothing left in the fridge  
 No money to pay electricity fees  
 So, enjoying morning breeze  
 Remembering taste of cheese  
 Let hunger subside and decrease;  
 Lockdown made bank balance zero  
 In friends circle I am no more hero  
 So playing my guitar like emperor Nero  
 Waiting for prediction of astrologer Kero  
 No one knows what will be future of Euro.

**32.Misery of the poor**

To save life, they left city  
 Barefoot and thirsty  
 No money, no resource  
 Moving to home is the course  
 Know well, home is not bed of rose;  
 Walked hundreds of miles  
 On their faces no smiles  
 In hot summer life is fragile  
 Road side policemen are hostile  
 The misery of poor will only pile.

**33.O' God please forgive us**

We are sailing in a ship without a rudder  
 O' Lord show us the direction like father  
 Corona is torturing us with it's hunter  
 People are queuing in hospital counter  
 World is now suffering for China's blunder;  
 The hole on the bottom is becoming larger  
 Every day increasing the sinking danger  
 Doctors are fighting with crossed finger  
 People in the ship is suffering from hunger  
 Please forgive us for our sin and blunder.

**34.Work from home**

From home the barber can't cut hair  
 To the farmers the call is not fair  
 Without movement delivery is rare  
 All human works robots can't share  
 Doctors can't take critical patients care;  
 Work from home is only for limited people  
 For the working class it is not so simple  
 With job loss and hunger they are humble  
 The drivers and porters heard it as ripple  
 Work from home is tougher than dribble.

**35.Eat without mouth**

Eat now without mouth  
 Defecate without sound  
 Remember world is round  
 Food poor will not found  
 To return home they are bound;  
 Without labour food will not grow  
 The economic growth will be slow  
 Supply chain will not smoothly flow  
 For food people will stand in row  
 To economy stay in home is a blow.

**36. Poetry is free flow**

What is poetry still I can't define  
 But within boundary it is not confine  
 It's aroma is better than the best wine  
 Mother of all literature always shine  
 I love my poems and they are mine;  
 No one can write a poem, it is free flow  
 If you try to compose it will come too slow  
 The standard of the poem will be very low  
 In the world of poetry it will never glow  
 If we try to define poetry it will be hollow.

**37. Think global act local**

Man always forgets that man is mortal  
 So efforts are maximum to become global  
 But basically man are animals rural  
 Better be satisfied remaining local  
 Only make your Facebook, Twitter vocal;  
 Few graveyards are known to be global  
 Everyone in world can't build Taj Mahal  
 Yet in your area you can become social  
 Your attention for success will be focal  
 Message of Corona is 'think global act local'.

**38. Only for human situation is critical**

The world is moving as usual  
 To nature everything is casual  
 We are forced not to be social  
 Only for human situation is critical  
 It is not time to play game political;  
 To become self-sufficient be practical  
 Try to produce every food items local  
 In spreading self-reliance be vocal  
 For the time being forget to be global  
 Live with nature and now become rural.

**39.To Modi always be kind**

To oppose Congress be blind  
 But to Modi always be kind  
 Solutions he can only find  
 Small mistakes don't mind  
 Modi's achievements rewind;  
 Congress looted the nation  
 To poor Modi has given pension  
 He is working for workers retention  
 To lockdown there is no substitution  
 For self-sufficiency give your suggestion.

**40.For better life people migrate**

For better life people migrate  
 To earn more is the target  
 But motherland never forget  
 Sometimes they also regret  
 In world they are largest brigade;  
 To migrant many nations are wicked  
 During danger their problems cascade  
 Remember whom they forgot for decade  
 To return home many places stampede  
 Citizenship acts will now be differently made.

**41.March ahead**

March ahead, march ahead  
 We must earn our bread  
 Otherwise we will be dead  
 Staying home will not feed  
 Between the lines please read;  
 Throw away caste and creed  
 Forget about luxury and greed  
 People have to fulfil the need  
 Sleeping on bed is bad indeed  
 Plough for spreading wheat seed.

**42. Electricity can't be seen**

Ohms law is easy  
 Kirchhoff's law is messy  
 Coulomb's law is hazy  
 Faraday's law is lazy  
 Gauss's law is drowsy;  
 Electricity can't be seen  
 Power factor is lean  
 To improve it be keen  
 Watt's law depicts power  
 No power without tower.

**43. Electrical is at top**

If electricity stop  
 Ventilators will flop  
 Electrical is at top  
 They are invisible soap  
 But getting lollipop;  
 Like air, water; electricity is must  
 Without electricity people will bite dust  
 Now in society doctors, nurses are hero  
 For police also people express sorrow  
 To electrical people's attitude is narrow.

**44. No politics on migrant workers**

Try to understand migrants plight  
 In their name politics is now not right  
 Condition of labourers are really tight  
 Their future is not at all very bright  
 Society together must show them light;  
 On road labourers are in pathetic condition  
 Doing politics in such matter is our tradition  
 In society no one should infuse social pollution  
 Insult to migrants is inhuman and rights violation  
 All political parties of India please find a solution.

**45.Come out smiling**

Forgetting death come out smiling  
 To face danger come out dancing  
 Always maintain social distancing  
 Within family don't avoid soliciting  
 Avoid only gatherings in socialising;  
 Come out to see the new horizon  
 In future life make required provision  
 Forget many old custom and tradition  
 Very soon mankind will see solution  
 Life will flourish with new substitution.

**46.Human supremacy nullified**

Environment is beautified  
 Traffic movement simplified  
 Food habits are rectified  
 Staying at home specified  
 Nature's act can be justified;  
 Before nature animals testified  
 Air, water, jungle all are purified  
 Man's unethical behaviour verified  
 Human supremacy is nullified  
 All our activities should be dignified.

**47.Budget**

Indian budget is gambling of monsoon  
 Corona overcast everything so soon  
 Suddenly sun sets in the mid noon  
 No one knows when will see full moon  
 Life of finance minister is now a toon;  
 No one can predict even for next month  
 No remedy from the invisible Corona wrath  
 No one can tell how long will stay on earth  
 Remedy is to find alternate budgeting path  
 Soon economies will see Corona bloodbath.

**48. Don't demotivate frontline warrior**

Don't demotivate frontline warrior  
 They are our survival barrier  
 Let's try to keep them merrier  
 To save our life they may become carrier  
 Remember to face diseases is their career;  
 Doctors, nurses and other hospital staff  
 In their works they can't now give you bluff  
 Seeing their protective kits don't laugh  
 Without wearing will not realise how much tough  
 To medical workers be polite and kind not rough.

**49. Whom to be saluted?**

Environment has become less polluted  
 For this whom to be saluted?  
 Though our lives are commuted  
 The achievement should not be diluted  
 This has happened because nature wanted;  
 We must now engineer balanced development  
 In areas of animal kingdom no need of our settlement  
 Environment friendly technology we must implement  
 To the future generation it will be complement  
 Mother nature will give to it positive supplement.

**50. What next?**

What is next  
 SMS me text  
 I will forward  
 You will get award  
 No monetary reward;  
 Do your own assumption  
 Do permutation, combination  
 To be winner give good solution  
 Award will be small distinction  
 You will become an institution.

**51.Night is now night**

Day is now day  
 Night is night  
 To make night bright  
 Now we don't fight  
 This is approach right;  
 More use of natural light  
 Consumption of fuel is tight  
 Emission of carbon is not at height  
 Night clubs and pubs are quite  
 In nest animal faces less plight.

**52.Newspapers are in trouble**

Newspapers are in trouble  
 Book readers become double  
 Sales has not increased multiple  
 E-book may be reason probable  
 Buy also hard copy, request humble;  
 Printed book has may advantage  
 You can easily fold a page  
 Quickly start and stop at any stage  
 Touching and holding we feel amaze  
 For reading books let's create craze.

**53.VC (Video conferencing)**

Video conferencing is better than travel  
 It has saved lot of carbon emitting fuel  
 No need of secret conversations in dual  
 Bosses can't fire suddenly becoming cruel  
 Lesser responsibility as discussed in plural;  
 Being time bound, there is less debate  
 You can't tell you are busy and so late  
 Things on record, nothing you can forget  
 If you give false statement, have to regret  
 No one can exaggerate his actual target.

**54. Don't be afraid**

Don't be afraid to fight  
 To face bravely is right  
 Fight with your all might  
 Fasten your belt tight  
 Soon we will see light;  
 Don't be tired of struggle  
 Otherwise you face trouble  
 Do not allow enemy to smuggle  
 With hot water always do gurgle  
 Pray to the God and be humble.

**55. He who afraid is dead**

He who afraid of fighting is dead  
 Only for the fittest the world is made  
 Coward will die sleeping on the bed  
 Before facing enemy bowed their head  
 Courageous are not afraid to see blood red;  
 Don't accept defeat till the last moment  
 There may be upside down in the event  
 Ignore negative people's bad comment  
 Listening them never become dormant  
 Till death, defeat is not event permanent.

**56. How to save economy?**

How to save economy is million dollar question  
 There is no readymade or quick fix solution  
 Many economies has already gone in hibernation  
 All nations now have to go for serious interaction  
 To implement any measure, need is people's participation;  
 Dead people will never come back, very sad  
 But due to poverty thousands will become mad  
 The conditions of working class is now very bad  
 To lift family burden incapable now many dad  
 Nobody knows when the world will come out of red?

**57.Life and economy both are in danger**

Cut your coat according to your cloth  
 In danger life and economy both  
 Even earning one penny has worth  
 For social distancing take a oath  
 Every penny counts is now truth;  
 Economy may reach the rock bottom  
 To save economy there is no Phantom  
 So never spend money in random  
 Good new of economy will come seldom  
 The whole world is now Corona's fiefdom.

**58.No need to make life slow**

Even if you bend, cloud will not go  
 So, no need for us to bow  
 As usual cloud will flow  
 It can't give us any blow  
 No need to make life slow;  
 After rain sunshine will certainly come  
 Though cloud caused disruption some  
 The dark cloud never stay long  
 So, no need to bend, be strong  
 If you stop moving, it will be wrong.

**59.New generation, don't worry**

New generation, don't worry  
 With ease face the query  
 Soon, virus will say sorry  
 Back will be all old glory  
 Again you will become merry;  
 The pause you face is temporary  
 Work now in your own territory  
 Place your idea on right trajectory  
 Store your innovation in inventory  
 We will praise your success story.

### **60.Body language**

Body language is now more important  
 Everywhere tongue is no more omnipotent  
 Now you have to communicate from distant  
 For social distancing we have commitment  
 So body language become very pertinent;  
 Body language can express better than words  
 You can't stop vehicle shouting on roads  
 For acceptance sufficient is smiling nods  
 To scold, through gesture can give pose odds  
 Now to communicate tongue need not take all loads.

### **61.Middle class has become lonely**

Middle class has become lonely  
 Poor people penniless coolly  
 They accepted the enemy calmly  
 So roaming around for food silently  
 Poor has power to face situation bravely;  
 Rich people are not worried for money  
 In their hives they stored enough honey  
 Middle class is worried for heavy tax  
 So, without work in home they can't relax  
 The condition of middle class is like latex.

## 62. How, why, what?

How long we will go on sanitising?  
 How long we will go on criticising?  
 How long we have to avoid socialising?  
 How long it will take for rationalizing?  
 How long it will take for customizing?  
 Why nature forced social distancing?  
 Why nature infect without discriminating?  
 Why nature whole world contaminating?  
 Why nature closed normal life maintaining?  
 Why nature says no more animal hunting?  
 What is the reason behind all happening?  
 What is the reason of Corona boiling?  
 What is the reason for human killing?  
 What is the reason nature is nailing?  
 What is the reason vaccine is failing?  
 The answers to how, why, what must come  
 The solutions to the Corona is quickly done.

**DEVAJIT BHUYAN**, Engineer, Advocate, Management & Career Consultant, was born at Tezpur, Assam, India, on August 1961. He completed Bachelor of Engineering (Electrical), from Assam Engineering College and subsequently completed Diploma in Industrial Management, from International Correspondence School, Mumbai, LL.B. from Gauhati University, Diploma in Management from Indira Gandhi Open University, and Certified Energy Auditor Examination from Bureau of Energy Efficiency (BEE), New Delhi.
