THE GOLDEN RULE: An English Poetry Collection composed by Devajit Bhuyan and published by Storymirror. Copy right: Devajit Bhuyan

1. The Golden Rule

Throw away your greed

You can easily fulfil your need;

Give up your false ego

If required move forward solo;

Throw away hate and anger

Life will be smooth and easier;

Lose your all types of attachment

Freedom of mind comes with detachment;

Don't be proud of your achievement

Nothing in this world is permanent;

Make love and smile your companion

In the journey of life, you are champion;

Take care of your family and friends

Everyone will strengthen your hands;

Health and relationships are true treasure

With money and wealth never measure;

To change life, change your attitude

Thank God for his blessings with gratitude.

2. Be honest, because you are best

Be honest, because you are best
With peace of mind take rest
Love everyone in east and west
Lovely will become your own nest
With smile welcome your all guest;
Be positive, because you are attractive
Your life will always become progressive
Keep distance from negative people
The journey of life will be very simple
You better tomorrow no one can cripple;
Be humble, you are bold and beautiful
Make other people's life also cheerful
Don't harm anyone being powerful
People will hate you as creature fearful
For your kindness people will be grateful;
Be simple, because you are great
For your greatness people will treat
Simple people can smile better and free
Simplicity will make you the tallest tree
People will give you nectar like honey bee.

3. Wisdom

Education and knowledge are not wisdom
In life you will find wise people seldom
The world is now wicked people's fiefdom
For wisdom we need experience random
To know about landing you need aerodrome;
For wisdom common sense is necessary
Without common sense education is secondary
For wisdom knowledge with common sense compulsory
Basic instinct is available as complementary
Knowledge, education, skill and wisdom are life's granary

4. Trust

Years needed to have trust
But with small mistake it burst
With doubts it can easily rust
To keep trust, honesty is must
Otherwise trust will not last;
Trust is above our normal belief
It is not like quick relief
Trust is proven integrity
It is honesty with solidarity
Trust is the God's living territory.

5. Contentment

In containment zone we live in contentment
The life lesson to be learnt is important
For survival, requirement is food ingredient
Learn, how easy to make greed deterrent
The life after Corona will be totally different;
In life contentment is road to happiness
It always helps in mind's cleanliness
Honest and straight will become business
Any moment mind will be full of kindness
A new beautiful life with peace you will harness.

6. Silence

Silence is better than violence
It teaches us tolerance
Silence is also a resistance
But at times it may be hindrance
Sometimes from it make distance;
Silence does not mean surrender
It is helpful in avoiding a blunder
During confusion it can do wonder
In arguments you can give counter
From winning side, you may be founder.

7. In world nothing is permanent

In this world nothing is permanent
Within your domain make life sufficient
To time everything are subordinate
With time it is better to coordinate
Any moment your life time may terminate;
Kingdom of Ram, Ashoka, Alexander all gone
As long as you have time, ahead of it learn to run
With limited time you have to earn and enjoy fun
In the graveyard with you, there will be none
Yesterday has already gone, today it will not return.

8. Past is past

Past is always past
In mind don't allow to last
Otherwise you have to fast
To live, you will lose trust
Life will destroy in rust;
Forget past to move forward
You will get many reward
Sitting with past is a coward
Their journey will be backward
Soon they will be in graveyard.

9. Be a loving person

When we live in a loving home
Along with loving attitude roam
The world becomes a loving family
We can enjoy beauty of life truly
Making life lovingly, in our hands solely;
A loving person is always cheerful
For him the world is not painful
To anyone he never becomes harmful
He always tells, world and life are beautiful
Towards family and society, he is dutiful.

10. Reflection of mind

The world is reflection of our mind
Based on its beauty and ugliness we find
When mind is in cheerful mood
The whole surrounding looks good
Tasty becomes all types of ethnic food;
Look at the world without coloured glass
Simplicity and straightness is different class
With coloured glass don't follow the mass
Through necked eyes enjoy beauty of grass
Your journey in life beautifully all the time pass.

11.Face bad days with courage

If you can face bad days with courage
Time will not be able to inflict any damage
Every problems of life will be small challenge
You will never run after chasing mirage
In society, bold and strong will be your image;
Courage will give confidence and determination
To face the danger, you will find easy solution
Out of fear never go to forced hibernation
It will spoil your life's favourable situation
In coming days, you may face humiliation.

12.Mind also needs drill

Mind is the breeding ground of all evil
Mind's creation is the imaginary devil
Over good or bad mind can only prevail
Like body, mind also needs regular drill
For mental illness sometimes needed pill;
With good thoughts, your mind always fill
Otherwise one day bad thought will kill
With strong mind you can climb tough hill
If you hesitate, with fear mind will be still
Nature will never allow mind to remain standstill.

13. Golden rule of the tribe

Property belongs to the community
Every member work with sincerity
Limited was the tribe's necessity
No one allowed to stay without integrity
The whole tribe lives in solidarity;
Children are identified with mother
Together all tribes' men are father
Males are busy in hunting rather
Everyone in the clan are brother
The tribes try to survive together.

14. Golden rule of life

Always say yes to your wife
This is golden rule of life
While alone do as you like
Inside home mute your mike
Wife will never point her knife;
Tell your wife, she is beautiful
The food she makes are tasteful
At home, your life will be cheerful
With friends' drink alcohol harmful
Tell your wife, drinking is shameful.

15. How much money needed to be rich?

How much money needed to be rich?

If you have surplus budget you can preach

Containment to your mind always teach,

Million dollars not required to rest on beach

For greed the beauty of sunrise you may miss;

When you have enough for food and health

In the graveyard what you will do with wealth

If you accumulate money, you cannot use

You are working hard for others amuse

After your death your wealth someone will abuse.

16. Our life revolves around health

Our life revolves around health

For a better life we require wealth

Poor health with wealth is useless

Good health with limited money is good

You can smile and enjoy different food;

For comfort we work for wealth accumulation

But without health money is not the solution

Good health can only give comfortable situation

So, never compromise health for greed of money

With diabetes you will not be able to eat any honey.

17.I am rich

I am rich because I don't have greed

I have enough money to fulfil my need

I am rich because I can do charity

I spend my hard-earned money with clarity

I am rich because of my asset-liability parity;

I am rich because I can travel around freely

I can smile and socialise with people friendly

I am rich because I need not spend on hospital bill

For me there is no regular expenditure in pill

I am rich because I don't want to buy a palace on hill.

18.Saving money is good for future

Saving money is good for future

But for savings, present don't puncture

Money will accumulate, but age will go

One day in future, movement will be slow

Your vision and appetite will become low;

Save money considering future requirement

Limited will be your need after your retirement

So, it is better to spend for present time enjoyment

After ten years you will not get today's youthful moment

All your extra savings will remain with you as latent.

19. When God saves, no one can kill

When God saves, no one can kill
If he calls, nothing can be done by pill
Unnecessary will be the hospital bill
So, it is better to move forward with will
No one knows when life will be still;
Yet the life is full of excitement and thrill
To move forward galloping always do drill
Praying God for his grace, mind will fill
Without blessings wealth may become nil
In a moment you may fall from the hill.

20. Corruption

Corruption is integral part of need and greed
Needy and greedy will always spread the breed
To stop corruption first kill all the greedy weed
Society must work to spread poverty elevation seed
Simply speaking against corruption will not do the deed;
Religion always encourages people to be corrupt
In temple, mosque, church the corruption erupt
Priests, politicians, police, judges' part of the game
No one in society thinks that corruption is shame
Without socio-cultural revolution corruption will not be lame.

21. Joke

In party jokes always rock
Laugh, jokes can easily unlock
For jock, people sometimes mock
Some characters pushed to dock
In group people enjoy jokingly talk;
Jokes are good to release tension
But not suitable in every situation
Sometimes it creates social pollution
Some people avoid jokes in hesitation
But some are expert in joke creation.

22. Rafael

Is it a fighter plane?
Or a philosopher's stone?
Did any war it has won?
Why so much hue and cry?
Let him first comfortably fly;
War is not a video game
In war, Rafael someone may tame
Then whom people will blame?
Like MiG, Rafael is also a name
Before performing, don't make it lame.

23.Rafael and politics

Don't use Rafael as tools for politics
Let it add power to air-force logistics
Without field performance no statistics
May become wrong assumed mathematics
No one knows unconsidered harmonics;
Price is now immemorial for the people
Rafael must perform is the logic simple
Unnecessary is media coverage triple
No reason for creating so much ripple
All politicians, see air-force is still humble.

24.Everything controlled by brain

Medicines can't relieve all pain
To overcome wound, your mind train
In the long journey of life, you will gain
Pain and pleasure all come in chain
But everything controlled by brain;
Mental pain is more difficult to defuse
To accept the harsh reality mind refuse
Sometimes body and minds confuse
So, expertise to float in painful deluge
You don't know, the burden may be huge.

25.COVID protocol

Adjust with the present time
Otherwise it will be termed crime
Now survival is the duty prime
It is better to wear mask and be mime
Covid protocol is now the regime;
Many fit people died due to protocol
They were treated only with paracetamol
Nothing was done to other disease control
The Covid protocol is volatile than petrol
Duty in now wash your hands with Dettol.

26.Corona has not created panic

Corona has not created any panic
Manmade protocol is inorganic
Many people don't understand the logic
The situation in world is now scenic
Everyone is forced to take vitamin tonic;
People become so frightened is ironic
In fear some are consuming turmeric
It is said that to fight, immunity is basic
Medical systems have no real logistics
Everything of Corona is now statistics.

27. Ram is symbol of justice

Ram is symbol of justice

Rule of law was really majestic

Commitment to equality was basic

Polygamy never practiced

But honoured people's verdict;

Fought with criminals like true warrior

To save dignity of women he was saviour

In his Governance transparency roar

In his kingdom no one considered inferior

His concept of governance made him King superior.

28. Time and change are dangerous hunter

Don't forget record player and tape recorder

Floppy and CD are also now out of order

Telex and fax machines are now in no one's radar

Photo film and video cassette also meekly surrender

Time and change are very dangerous hunter;

Ram, Buddha, Jesus, Muhammad couldn't stop time

Remember change and evolution is always for fine

The only thing to continuously flow forever is time

How will be tomorrow is not known to anyone in the line

Tomorrow he may not be remaining alive to dine.

29. Temple is not solution of problems

Foundation stone laying of Ram Temple is a big event
In his words Modi proved himself consistent
Ram temple will glorify Hinduism in all continent;
Date and time not so important
The dispute came to an end is pertinent
Let the temple bring solution permanent;
Ram temple is necessary to forget division of country
The glory of Ram already there beyond our boundary
New Ram temple will once again prove Newton's theory;
In religion use of force and deceit is sinful
Change of religion should not be forceful
For society action of destruction of original temple harmful;
All religions should be like different flowers in Garden
Otherwise intolerance will be social burden
Let society forever discard philosophy of Laden;
Temple, Mosque, Church can't eradicate racism and poverty
For this we need equitable distribution of wealth and property
Achievement of millennium goals is bigger necessity.

30. Religion is for humanity not vice versa

Religion is for humanity
Don't use it for polarity
On prayers maybe diversity
But it is for mankind's solidarity
For all religions God is solitary;
Humanity is not for service of religion
Religion is only a way of prayer or opinion
Quarrel for religion is mankind's humiliation
Temple, Mosque, Church are not for division
We need religious tolerance and integration.

31.No man is a standstill tree

Can't think world without travel
For us tourism is always marvel
Corona made tourism illegal
Man are forced not to be social
Condition of economy is critical;
No man is a standstill tree
Like bird man wants to fly free
People want the world to see
For tourism travel is the key
From lockdown we want to flee.

32.Majuli

Majuli, the largest river island
In India (Assam), Majuli you will find
People of the island are kind
Brahmaputra will always remain in mind
To live with flood, people are destined;
Yet Majuli is centre of making mask
To promote Assamese culture is the task
The unique Majuli deserve to be heritage site
Because of flood economy of Majuli is tight
One day the as as heritage site Majuli will shine bright.

33. Going out is full of tension

Going out is full of tension
Wife shows her emotion
I may not be able to avail pension
Staying home is the solution
Outside air is full of pollution;
Corona test may give humiliation
Government will force isolation
Vitamin supplements is the prescription
Home quarantine is also a compulsion
Staying home gives mental satisfaction.

34. When heart break

When heart break
Everything becomes fake
Inspiration we lack
No taste in birthday cake
Your heart someone hack;
Life stops on the dock
It will never rock
Failure start to work
We dislike to talk
Heart break is a shock.

35. A painful death

A painful death is suicide
Some people use cyanide
Very common is hanging
Most of people use ceiling
Few people try jumping;
Whatever way, suicide is painful
Majority people say it is shameful
To the family members it is harmful
For media it is an event and delightful
In glorifying suicide please be careful.

36. Religious equilibrium

The world is moving towards religious equilibrium
The foundation of Ram Temple is the momentum
The religion centric states will be economically doom
To convert people to expansionist religion in future no room
Forever the might of sword and Petro dollar lost its boom;
All religions in future will live in harmony and brotherhood
Even the smallest of the religion will get survival food
Slowly the expansionist movement will change their mood
Within their own territory there will be gender discrimination
But in tolerant nations there will be millennium goals implementation.

37. Rules are for poor

When breaking rule is the rule
Rules are to make people fool
Break rule and stay calm and cool
Go to the nearest swimming pool
To escape penalty lot of tool;
Rules are generally for the poor
They can't easily knock court's door
No need to afraid if you are in top floor
When lawyers fight, go on foreign tour
They will easily tear apart rules core.

38. No one commit suicide for fun

No one commit suicide for fun
Circumstances forced to pull the gun
There may be no alternate way to run
From bad to worse life took turn
For him impossible to live under the sun;
Yet suicide is a death not natural
Though people cry in the funeral
Death through suicide is also real
Never allow mind to add fuel
Defeat the suicidal tendency cruel.

39. Friendship

Friendship is companion of all season
In friendship there should not be reason
True friends will never give you poison
Good friends are not for only occasion
They will always help in problem solution;
But in reality, true friends are very rare
Your pain and hardship they will not share
Though in good days you take their care
Friendship with selfish people is not fair
Yet for your all friends always do prayer.

40. Beautiful world

The beautiful world is boundary less
Same is the beautiful woman's case
Beauty is not a thing of wild chase
From anywhere you can easily praise
Universality of beauty always amaze;
Don't chase butterfly to see its beauty
When they fly freely, they look pretty
The beautiful sky is not our near
But the blue sky with cloud is dear
Enlarge mind's horizon, behold will be clear.

41. Shadow

Your shadow will never become widow
Shadow is always an open window
During noon you will not see shadow
But when sun sets shadow become long
Finally, it goes to grave with you along;
Sometimes our own shadow frightened us
But the fear from shadow for long don't last
In dark shadow of tree becomes ghost vast
A fear psychosis in night shadow can cast
As companion till last moment, shadow you can trust.

42. God also love bribe, religion tells

When we believe God can be bribed
How corruption can be wiped?
Religion is the opium of masses
Corruption is brown sugar of classes
To wipe corruption, we need different brushes;
God should stop accepting the bribe money
To corrupt people society should not give honey
The cultural DNA of society to be changed
Then only to some extent corruption can be managed
In jails corrupt people should forever be caged.

43.Keep desire in backburner

Keep your non-essential desires in backburner
In the race of happiness, you are front runner
When the long run of life ends, you are the winner
Unnecessary desires make burden of life too heavy
Throw away the loads quickly to become happy;
When you know actual requirements of life
For excellence of your qualities you strive
Desire breed greed and unhappiness in mind
Nowhere happiness and joy you will find
If you throw away desire to your life, you will be kind.

44.I love to be social

I don't want to live forever
So, don't afraid of Corona fever
Will never try to become immortal
But will never do anything immoral
Rather than alone, I love to be social;
No need for me tears and tribute floral
Every moment Corona is propagating plural
In isolation I spending lonely life rural
Yet days and nights are passing as usual
For me Corona virus is no more novel.

45. All will collapse

Where from government money will come?

The readjustment is temporary solution

The poor should be empowered to earn

Money will not grow in will grass

Economy, free distribution will damage;

To infuse consumption, produce more

Food and essentials government to store

Remunerative pricing of agriculture products must

Otherwise economy and poor will not last

In recession rich, poor, middle all will collapse.

46. Sri Lanka

The pearl of the Indian Ocean

Beautiful even during monsoon

Beaches are really awesome

The tea gardens are handsome

Buddhist culture is nice and firm;

Elephants, birds and different lakes

Under mangrove trees boat journey takes

The herbal gardens are good place to roam

With the hospitality you will feel at home

For foodies also different foods zoom.

47. Fifteen August, 2020

This Independence Day is special
We are not allowed to be social
Celebrating alone is practical
So, the celebration will be partial
Yet, Indian citizens will be emotional;
Colonial days are now in page of history
But the struggle of people is good memory
India was divided and shrink its boundary
Now unity and integrity of India is priority
Let us stand together with solidarity.

48. For poor nothing to cheer except spirit

For the poor independence is flop
They got in free nation only lollipop
For Corona, their livelihood also stop
In world position of India may be at top
But to eradicate poverty India need new mop;
Population explosion is the biggest challenge
Unemployment of youth is now big discouragement
Corruption in independent India is always hindrance
The poor and vulnerable people has lost patience
For vast majority there is no meaning of independence.

49. Poverty and hunger are still in core

The country is crowded with too many poor
When they will cross the poverty door
Still poverty and hunger are in India's core
After seventy-three years people are hungry
Unemployment forced us to become angry;
Every year leaders gave beautiful lecture
But has not changed poor people's structure
Corruption is still the greatest Indian culture
Corrupt people are eating government money like vulture
Population and corruption will do democracy's puncture.

50. Inspire others

Inspire courage in other
Team work always matter
Victory will come faster
Team players are brother
For them you have to bother;
Life is not one man's journey
Lots of players in the tourney
For victory team needs harmony
Inspiration should not be cacophony
Courage can't be purchased by money.

51. Smile without penny

I don't have too much money
Yet for me the world is funny
Everywhere I can find honey
For me days are always sunny
I can smile even without penny;
To enjoy full moon money is not needed
Explore beauty of sea, money not required
Even without money the day move forward
Don't think without money you are backward
But funny thing is that money can buy award.

52. Indian have solution for all problems

Corona made poor Indians poorer
Producing foods at home is now better
Earning money becomes tougher
Spending too much will be blunder
Let's work to overcome the thunder;
The people of India will not surrender
To kill animals Indians are good hunter
In India soon Corona virus will wonder
Indians will do with them collective murder
For every problem, Indians have a answer.

53. My religion

My religion is very simple
I don't visit Mosque or temple
To humanity I am humble
Love all hate none my preamble
With anger no one I trouble;
Gender equality I always respect
Polygamy, child abuse I distract
Spreading of knowledge, I like
For peace miles I drive my bike
In my mind violence never strike;
I ignore caste, class and race
Mankind is my favourite base
Never lie to the omnipotent God
For cruelty to animals never nod
My mind is free like tiny tod.

54. Happy Independence Day

My heart leaps up when tricolour fly
With proud, I held my head high
Beautiful becomes the blue sky
National anthem without sound I try
India, I will never let-down you to cry;
East or west, for me always India is best
Even roaming in Europe, I love Indian taste
The soil of India warm enough to take rest
For millions of people India is safe nest
We have a leader with fifty-six-inch chest.

55. Salute the tricolour

From home salute tricolour
Express your pleasure
This time occasion is rare
Only feelings we can share
Social distancing is there;
Foundation of Ram Rajya laid
New India will be made
No one will live without bread
The world peace India will lead
Unity and integrity are only need.

56. Nation First

For me always nation first
More than heaven I trust
Never I will allow to rust
Independence Day is to clean dust
To strengthen nationalism, it is must;
Nation is called our motherland
For its sovereignty we must stand
In Olympic we have to play our band
Against invasion we have to defend
India is the twenty first century's brand.

57. All religions need reforms

All religions with same yardstick please measure
In every religion you will find nectar and treasure
The best things of all the religion you should share
No religion can claim to be better than the other
With refinement of religion, world will be smarter;
Religion was created for smooth sailing of society
To reform it with time is mankind's greatest duty
The purpose of religion is not to worship a deity
Religion is for minds purify, no question of minority
For reforms of religion mankind should show sincerity.

58. He is without colour, odour and shape

When my prayer reaches the star
I feel the omnipotent though he is far
We can't go to driving the best car
The emperor can't touch him winning war
Only way to reach him good job and prayer;
He does not have bodily structure like Sun
But with a spark everything he can burn
Beyond the domain of time he always run
Past, present, future and relativity he can shun
Matter, energy, time and space for him limit none.

59. Don't be pogo

Talaq, talaq, talaq and relationship finish
Decades of love and affection all vanish
In modern society your image tarnish
Your integrity as good human will diminish
Old customs can create only anguish;
The due process of law should be followed
In democracy equal rights to all to be allowed
Religious rules were framed thousands of years ago
They should remain only as historical logo
In twenty first century don't follow clerics ego
In modern time be rational and logical not pogo.

60. For fear we lie

Out of fear we always lie
With courage fear will fly
Truth and honesty, you try
Self-satisfaction will fly
Negativity will become dry;
One day everyone will die
So, in fear no need to cry
Let your fear become shy
Eat challenges life fish fry
You will become brave guy.

61. Fed up with pseudo secularist

I am fed up with pseudo secularist
So, for construction of temple we insist
Country was divided in the name of religion
Integration of Indian, Pakistan is a solution
Otherwise secularist need more humiliation;
Reforms in all regions is absolute necessity
But some people will always try to keep polarity
Secularism is the last resort of scoundrels
Hope Ram temple will make their funerals
Indian democracy will overcome secularist's hassles.

62. Examination

A three-hours horse race
Any problem you may face
Strong should be knowledge base
Otherwise you will not finish page
Your future will be locked in cage;
Examinations are horror for student
Yet for success in academics prudent
But in the long run it becomes redundant
Attitude and hard work are pertinent
Explore your hobby and potential inherent.

DEVAJIT BHUYAN, Engineer, Advocate, Management & Career Consultant, was born at Tezpur, Assam, India, on August 1961.
