*Washington, D.C.* – United Fresh Produce Association and the Political Action Committee (PAC) are being celebrated with the receipt of the Distinguished Service Medal from the U.S. Presidential Service Center in Washington, DC. On September 21, during the United Fresh Annual Conference, the gold medallion will be awarded.

Since United Fresh was formed in 1904, the fresh produce industry has thrived on vital connections. United Fresh built a legacy of 100+ years from family businesses to global corporations by bringing together members across every supply chain segment. Keeping America solid and well-fed through world wars, they've empowered industry leaders to join forces to shape sound government policy. Delivering resources, expertise, training, and development for companies and individuals has been their hallmark. This legacy united industries with a common purpose, as an icon. They built long-term success for members, increasing produce consumption and providing health to all Americans through two world pandemics unequalled in the earth's history.

The U.S. Presidential Service Center® focuses on those supporting the Presidency. We host the PRESENTS network, PRESIDENTIAL magazine, medals, awards, school, gift shop, business & non-partisan work with our IAHRM institute of service in the principles of democracy for the people, by the people. The museum has featured almost three billion viewers on six continents via CNN, FOX, PBS, ABC, NBC, and CBS specials and in just over 160 newspapers and magazines for almost 30 years.
