A MESSAGE FROM YOUR ZOR POTENTATE

I trust we all survived the Ides of March and the Leprechauns spared you from their mischief on St. Patrick's day. Again, I was unable to trap one to get my three wishes. Maybe next year. I thought that it was normal to have things slow down a little in March. Well, not all that much it seems. My lady and I made trips to visit Clubs and Units and we have Divan Members attending Training in Tampa. Not as big a slowdown as thought. But then February was quite busy. Two trips to LaCrosse in February. One trip was for the LaCrosse SC/Firehouse Jesters Meeting and the other for the LaCrosse Circus. It was great to see all the Shriners in attendance in LaCrosse. Thanks for your help. In the case of both the Madison and LaCrosse Circuses, I thank all the clowns in attendance. They always bring a smile to us all. Speaking of clowns, well they took pleasure in creating Scoop. It definitely was fun, especially the fact that I didn't know what was going to happen or who (what) I was to become. Beau took pleasure in handling my makeup and provided some insight about clowns.

Congratulations to Zor for winning the Bob Spear Award, "Stop Burn Injuries Program," within the Midwest Shrine Association. This program works with local fire departments by providing free materials for burn prevention education. This award was presented to Zor at the winter session of MSA in Aberdeen, SD. We need to continue providing these materials to our local fire departments. This is an example where we can say that Together We Are Stronger. Let's work together to keep this award at Zor.

You may remember back in 2013 a Long Range Planning Committee was established. A survey that was conducted

among the membership to determine where we as a fraternity were at that point and how the membership viewed us. We have dusted off the results of the survey and are looking at what we need to do to keep Zor moving ahead. Our first meeting was in March where we discussed Communication, Finances, Facilities, and a few other topics. There was a lot of spirited discussion but some positive things will result. One specific that

was discussed was about the Imagineers. They continue to make communication better within Zor. Most recently, there have been updates on the website for smartphones. It is now easier to view the tabs to be able to find whatever information you are looking for.

Our next Stated Session (Quarterly) will be held on May 4 in Wausau, WI. We will be meeting at the Quality Inn. We'll begin at 1:30 in the afternoon. There is a coupon on page 15 - be certain to clip it and send it to PP Steve Peterson. They have an excellent tour of the Timekeeper Distillery planned as well. Then of course the dinner event and Wausauken Indian Potentate Party that follows the meeting.

Keep membership in your mind. June 1st we will have a Summer Ceremonial in Madison. Let's make certain we have candidates ready for that event. It is all about working together to have fun and build our fraternity. We all need to do this so we can continue to say "It's a Great Day to be a Zor Shriner".

IMPORTANT INFORMATION

ZOR ADVERTISING RULES

As Recorder of Zor Shriners I am required to inform all Nobles at least once a year what the fundraising requirements are per General Order No. 1, pages 44-47. I encourage all to review it in its entirety but here is a summary of the critical parts of it.

It is natural to associate the fez with Shriners Hospitals for Children. Because of this, meticulous attention must be given to all fundraising activities, including circuses, to make certain that such activities comply with the law of the land and that a contributor is not led to believe his or her money will be used for the Hospitals when all or a portion thereof will be used otherwise. The integrity of our charity and of our fraternity must remain above reproach.

The use of the name "Shriners Hospitals for Children" or reference to the Hospitals in connection with any fundraising activity by a temple or Noble without the written consent of the Imperial Potentate and the chairman of the board of trustees of the Hospitals is prohibited.

No Noble (in his capacity as a Shriner), club, unit, organization of Nobles or affiliated or appendant corporations, shall engage in any fundraising activity without the express written consent of the potentate of the temple having jurisdiction thereof.

There can be no representation, express or implied, that the proceeds will be for the benefit of Shriners Hospitals for Children.

Any officer, Noble or temple which violates a provision of Fundraising Activities as outlined in General Order No. 1 is subject to discipline pursuant to the bylaws of Shriners International.

Chicago Physicians Recognized Top orthopaedics physicians in the area

by Chicago Magazine

Four physicians at Shriners Hospitals for Children — Chicago have been recognized by fellow doctors as some of the top orthopaedic physicians in the Chicagoland area.

Chicago Magazine releases an annual list of physicians compiled by Castle Connolly Medical, a health care research and information company, who are endorsed by their peers as the best in the six-county metro area. For the first time, the magazine is highlighting the area's most-recommended physicians in orthopaedic surgery, physical rehabilitation and sports medicine.

While all of the orthopaedic, spine, and physical medicine and rehabilitation physicians at Shriners Hospitals for Children — Chicago are excellent doctors, four were specifically recognized on this year's list of the Top Doctors in orthopaedics:

Haluk Altioek, M.D., pediatric orthopaedic surgeon
Peter Smith, M.D., pediatric orthopaedic surgeon
Purnendu Gupta, M.D., spine surgeon
Michael S. Bednar, M.D., orthopaedic hand surgeon

2019 DIVAN DAY CHICAGO

Overlooking commons area of hospital.

Dean Larson, Vice Chairman B.O.G.

March 26th. 15 Shriners temples around the Midwest that are affiliated with the Chicago Hospital were present. Zor had good representation with Illustrious Sir Wally and Lady Gayle, Chicago Hospital Representative Dale Anderson, High Priest and Prophet Rodney LaBlanc and Lady Mary, Captain of the Guard Steve Livernash and Outer Guard Allen Coenen. Nobles Sean Shilling, Jacob LaBlanc and Lady Kessa and daughter Wila rounded out the list.

The added Sports Injury surgeon and staff made quite the impression. Many of our local school sports injuries could really use this service. A good long day and speedy travels had by all.

"IT'S A GREAT DAY

to be a Zor Shriner!"

LACROSSE CIRCUS REPORT

The LaCrosse Circus was held on Wednesday, March 17th, with one show, total attendance was 3,310. Zor profit per the Carden Circus contract is \$3,750.00

Two bicycles (Vernon County and Brad & Peggy Andrew) were given away. No one claimed the Walmart bicycle gift card from the LaCrosse Shrine Club. Other door prizes included: family pass to Circus World Museum, a Great Clips haircut certificate, and the LaCrosse Loggers baseball team donated a fan package of tickets, baseball cap sunglasses and water bottle.

1 minor incident at the end of the show, Rocketman Chachi Valencia got his foot caught in the net and had to be carried off the arena floor with a sprained ankle.

At Whitewater

A CHRISTENING generally accompanies the launching of a ship at the beginning of its travels. This picture shows the christening of a ship of the desert as a fitting finale and home-coming of Imperial Potentate Alfred G. Arvold. He wound up his busy itinerary with an "Old Home Town" ceremonial at Whitewater, Wisconsin.

ON THE LAWN of the Arvold birthplace the newest addition to the ZOR Camel Herd was officially christened. The name given was *Behedia*, the Arabian equivalent of Mrs. Arvold's name, *Mildred*. Captain Seals, at the right, holds the christening water, while two camel herders hold the christenee, whose eyes and appetite are centered upon mama and camel's milk. ZOR's (*Madison*) patrol made over 500 children happy by providing free camel rides.

The Zor Winter Circuses Are Now History

By John Thorstad

As of this writing it is too early to report with dollar figures, but they will be announced at the Wausau quarterly meeting on May 4th. Total attendance for the 6 shows was 19,190, down by 2,141 from last year. Mother Nature's snow storm on Sunday hurt the attendance counts.

Sunday night had the smallest crowd at 1884 and Saturday afternoon had the largest crowd at 5,326.

Lots of positive comments on the George Carden produced show, the biggest crowd pleaser for the kids was the yellow Camaro transforming car and the 4 giant dancing bears. Unfortunately, there was 1 small incident Friday night that the Madison media caught on, during the bow and arrow act, the circus show girl was struck with an arrow, after being evaluated by the EMTs she only needed a band aid.

Again plenty of door prizes were given away following intermission of each of the 6 shows: 20 bicycles, Mallards baseball family passes, Pizza Hut gift cards and Circus World. Museum passes.

Thanks to the following members, clubs and units for donating the bicycles: Mark Hazelbaker, Brad & Peggy Andrew, Harold & Marsha Shilling, Herb Johnson family and David Manthe by Ellen Manthe.

Clubs : Lakeland, Sahara, Mound View, St. Croix Valley, Southwestern Wi., Units - Camel Patrol, Midgets, Madison Clowns, Roadrunners, Mini Cars, Directors Staff, Divan, Past Potentates, Funsters and Wranglers.

A big thank you to the circus committee members and their ladies for all you do. Thanks to the promotion and telemarketing team, and a tip of the fez to the members , ladies and family members who year after year help with the December ticket mailing, school ticket counting and delivery. This year we have 302 new members added to the 2019 Zor Ringmasters Club who paid the \$75.00 for their sheet of tickets. Unfortunately we had to rebill 9 members for used and unpaid tickets totaling \$588.00.

Approximately 60 people attended the annual Sunday morning event at the Maple Tree Restaurant in McFarland with social time prior to the family style breakfast. Thanks again to Gary and his crew for a job well done. Mark Severson did the annual egg drink with 2 members of the Divan - 1st Ceremonial Master Roger Keller and Marshall Brian Dunham.

Mark your calendars for Feb. 2020. A major promotion will be on the elephants, as it will be the last time in Madison.

MEDICAL STAFF BRINGS CARE AND EXPERTISE

to the Caribbean

In partnership with World Pediatric Project, Shriners Hospitals for Children — Philadelphia medical staff members can offer their expertise and services to children all around the world who might not otherwise have access to care.

An international nonprofit, World Pediatric Project provides children with access to life-changing surgical care. Through its traveling medical teams and U.S. referral program, over 2,000 children a year receive treatment they would not have access to in their native regions. Orthopedic surgeons Joshua Pahys, M.D., and Steven W. Hwang, M.D., have both collaborated with World Pediatric Project, traveling to the Caribbean to perform spine surgeries for children experiencing pain and compromised lung capacity due to scoliosis. With help from World Pediatric Project, our staff is able to secure donated supplies, airfare and lodging during their visits.

Dr. Pahys traveled to Barbados for a medical trip for the first time in October 2018. “The trip was truly a life-changing experience for me. It gave me such a wonderful and much-needed dose of perspective to see how much good a small group can do when everyone focuses their energy towards a common goal,” said Pahys. “It was my first of I hope many more mission trips with World Pediatric Project.”

In addition to facilitating visits from U.S.-based medical teams, World Pediatric Project brings international patients to our hospital for care, securing visa appointments, travel and housing arrangements, and interpreters for patients and their families. Chief of Staff Scott Kozin, M.D., and Dr. Hwang have treated international patients at the Philadelphia Shriners Hospital and overseen their recovery until their return home.

Deniesha first began to notice signs of scoliosis, or curvature of the spine, when she was 9. Now 15, Deniesha and her mother knew that they would need to travel to the United States for surgery. They contacted World Pediatric Project and they arranged for Deniesha and her mother to travel from their native Barbados for treatment at Shriners Hospitals for Children — Philadelphia.

Despite the difficulty of a complex, lengthy spine surgery, Deniesha was excited about the opportunities this treatment would give her. “I was bullied due to my scoliosis. It was really hard on me,” said Deniesha. “I’m excited about this surgery so I can be a normal teenager.

Thank you to Shriners and World Pediatric Project for making me the person I am now.”

Imagineer's are hard at work

Greetings All Nobles and Lady's,

We would like to take a moment of your time to let you know that your Zor Communications Team, the Imagineer's, are hard at work to improve the communications throughout the membership. Following are some of the methods we have incorporated to improve communications and the use of Social Media methods:

Chris Peters
MARKETING &
COMMUNICATIONS CHAIRMAN
& ZOR IMAGINEER'S PRESIDENT
cpeters3232@yahoo.com

1) Zephyr: Each month we update the Zephyr mailing list to ensure each Member and Widow is receiving the Zephyr. We have some members who have chosen to receive just an electronic copy, and if you would like to be added to that list, please let us know at zorsubmit@gmail.com.

2) E-Blast: We are using the MailChimp system to send out time sensitive information to keep you informed. These will come to your primary e-mail address from Zor Shriners (zorsubmit@gmail.com). If you have not seen one, you may have to check your SPAM folder and mark it as "Not Spam" and then they will show up in your inbox. If you should receive a request to "subscribe" please select "Yes".

3) Zor Website: We have developed a comprehensive website (www.zorshriners.com) which is an interacting website for all who visit. You can access past issues of the Zephyr, access the calendar of upcoming events, pay your dues, and many other functions.

4) Facebook Pages: We have developed a Zor Shriners Facebook Page as well as assisted many of the Clubs and Units to develop Facebook pages so they can share their events as they happen. If you are a club or unit that does not have one and would like to set one up, please contact us.

5) Instagram: We have started an Instagram account "zorshriners" to reach those who use this social media channel.

Zor Shriners would like you to follow our newest Communications channel developed this past month. Thanks to Lexie LaBlanc and Jessica Brueggen for their help and efforts to make this a valuable social media channel. Our future is bright by being prepared for the opportunities to reach each and all potential candidates. Visit us on Instagram zorshriners

These are just some of the methods we have set into place to improve our communications with the membership. We are always looking for ways to improve, please let us know your thoughts.

We understand that we cannot reach everyone through these methods, and we still need to reach some by the U.S. Mail system.

*Thank you for your time and interest,
Chris Peters, Marketing & Communications
Chairman and Zor Imagineer's President*

LIFE IN FULL COLOR

Steve Livernash

CAPTAIN OF THE GUARD
IMAGINEER'S PROJECT MANAGER
prosticker@solarus.net

Imagine a world without color. New technologies constantly improve and replace past standards of excellence. Widespread news had to stir when the first photographs were viewed with incredible awe. Capturing images and forever retaining a moment of history. A memory that could be carried with

you and shared with others. The days of a telegraphed message had to be an eyebrow lifter in the 1800's. Communicating through a line fastened on a pole connected between two destinations along the train track rails. The speed of information was now faster than walking, horseback or canoe.

Advancement of frequencies transmitted through the air was the next creation. The radio signal made many gather around the upright of a tubed radio. Just by turning a knob in your home you could now tune into a new station miles away. Listening to stories of adventure that inspired the imagination by closing your eyes. Wow, could it get any better? Technology advancement was indeed not done. None truer than after WW2. The box of a television. What is that? They call it a T.V.? 1948 birthed an incredible and almost unbelievable achievement for it's time. To experience a television set in your home, turn it on and like magic, a slow developing picture appears. Not only a broadcasted image but an actual movie or news source. The days of intently listening to the audio of a radio has been trumped by an added visual image combined to relay a story. The movie theater crowd now had a new location and source of entertainment. Experienced right from the davenport within your home.

Color can also play an incredible trick on your subliminal mind. How about The Wizard of Oz movie of 1939. One of the greatest movies of all time. Originally filmed in black and white instantly dates the production. Technicolor of the early 1960's changed the game again. By adding color now, the visuals became even more realistic. The Wizard of Oz could be revisited by producers and color added. The classic movie starts out as black and white but once the House drops on the slippers of the wicked witch..... Dorothy opens a door to a world of fabulous color. What it had to be like to watch this technological wonder again

on the big screen or on the side of a building on community movie night. The improvement from gray tones to fabulous rich colors had to be a memorable experience.

Colors of a modern day stop light not only control the traffic by three different hues, it also controls us in other ways as well. We are so trained on specific colors meaning something. Yellow means caution. A yellow flower means friendship in a relationship. I learned this one the hard way after I brought yellow roses on a date once with now Lady Korl. Color does mean something in the realm of flowers. Red roses represent love we all know. I make sure I bring home red ones now, no wonder the yellow ones were on sale. Red also means stop what you're doing at the time. Green means you can go freely. Green is also easy on the eyes and the color of spring. White is the color of winter and can be cold as snow or ice. Blue follows suit with water and a cooling sensation. Red and yellow together fuel amazing sunsets with blended hues of orange.

What color is a school bus?... Caution sign?...any other color just wouldn't be right to our programmed mind in which color plays such a vital role. Observe advertisements of products and the colors the marketers pick that tap into your subliminal mind. Stimulating a human response that could possibly lead to a sale. The spectrum of color is an awesome visual sense.

Leave it to Beaver, My Three Sons, Barney, Andy and Aunt B, The Three Stooges, all date themselves by having no color. Arnold and the shady merchandising methods of Mr. Haney of Green Acres, Bonanza, Gunsmoke also date themselves by having early color. The Munsters and Hermie purposely shot in grayscale even though color was available because it captured a spookier feel for the viewing audience.

Red is one of the main colors of the spectrum. The deepness of our Shriners philanthropy red must be mixed by using other colors to form the rich shade. "Together We're Stronger" by working together we are mixing the color of our Fez by teamwork from individuals from every walk of life. If our Fez was blue, green or yellow, it just wouldn't be the same. Wear our fez high and proud. Our digitally rich colors today are bold and on the move. Most important is not to overlook the black and white photos that captured a moment. Nobles laying our foundation maybe faded, but not to be forgotten.

Our last Zor Divan meeting was held with new technology. A few members could not make the meeting in person because of time restraints. We now have in place a video conferencing system via Zoom. Chief Rabban Barry Ausen was returning by vehicle from Tampa, Florida. Hundreds of miles away he tuned in from his passenger seat through his smart phone and headphone set. Visually scene by all Divan, we all then interacted as if he was attending the meeting in person. We incorporated offsite auditory and visual feedback, but nothing will ever replace the handshake of another. Using today's advanced technology Zor made this reality. Made for a quality meeting in full color. "Imagine That"
