

Can't stop sneezing
Journey; Don't stop believing

Just a small-time sneeze
Growing stronger every day
Girl spreads the germs, they go everywhere
Infects a nearby boy
Not born and raised in South Detroit
Just sniffing on the midnight train to South Oxhey (sorry Carpenters Park)
A sneeze echoes through the waiting room
The smell of Vic and cheap balsam
They can't sleep through the night
Blocked nose goes on and on and on and on
Sinus itching
Up and down laboured breathing blows
Snotty sleeplessness through the night
Streetlights pharmacy
Livin just to find linctus
Or hidden Beecham's in the night
Blowing hard to clear your nose
I just want a pill
A Boots blister pack roll of the dice
Please work this time
Achoo you win achoo you lose
The snot never ends
It flows on and on and on and on
Doctor waiting
Blue gloved in the surgery
Swabbing bogeys in the night
