

Tiaras & Diamonds

A fairy's wand sits covered in dust
It's been 5 years since she caused all the fuss
It was only a simple magic spell
But it sent her off to Fairy Hell

You see Fairy Mary got carried away
Wanting to be famous for just the one day
She thought she'd be a royal princess
Adorned with the most beautiful silk dress

Tiaras and diamonds to make her sparkle
But the whole thing turned into a debacle
She enjoyed the attention far too much
Even courting the royal Prince's touch

She couldn't leave after just one day
She decided she was here to stay
A royal wedding was in her sights
Beauty, glamour and paparazzi lights

A palace, some guards, pomp and glory
This really was a fairy tale story
But then things started to turn sour
It seems that she did not have any power

Protocol and tradition wore her down
In-laws that could only sigh and frown
Outraged when she had her say
'Banish her,' they said, 'to the USA'

So there she lives in Fairy Hell
Caused by that fatal magic spell
Tiaras and diamonds to make her sparkle
This was the downfall of poor Meghan Markle
