

# Tick

Tick tock, tick tock  
Don't you see how time is passing?  
The days roll into nights  
The weeks into months  
Then another year has gone

Tick tock, tick tock  
Don't you see how time is passing?  
Take exams, leave school  
Get a job, get a partner  
Mortgage, set up home

Tick tock, tick tock  
Don't you see how time is passing?  
Now a family of your own  
Strive for promotion, education  
A good life for your family.

Tick tock tick tock  
Don't you see how time is passing?  
Elderly parents, find them care  
Equity release, mourning  
The sandwich generation.

Tick tock, tick tock  
Don't you see how time is passing?  
Time to retire, work life done  
Travel and hobbies  
And medical appointments

Tick tock, tick tock  
You didn't see how time was passing  
Striving all your life to reach this  
That's what it was all about?  
The final deadline...
