

LOCKDOWN BLUES (To the tune of '*I will survive*' by Gloria Gaynor)

First I was afraid, I was petrified
Kept thinking I could never live if I can't go outside
But then I spent so many nights thinking lockdown's killing me
And I drank gin
And polished up my bakery
And now I'm fat
My roots are grey
I tried a workout with Jo Wickes that's how I sprained my knee
I should have stopped that video I should have put that bottle down
If I'd a known for just one second all the bars were shut in town
Oh now go, self-isolate
you know I miss you
just don't step inside my gate
Weren't you the one who told us all to download Zoom
D'you think I'm happy
Now you can see my messy room?

I will not die! I will survive
Oh as long as I've got PPE I know I'll stay alive
Covid 19 may be rife,
and I've got no social life but I'll survive, I will survive, hey, hey

It took all the soap I had just to wash my hands
Can't get no flour, eggs or tonic only baked bean cans
And I spent oh so many hours in a queue outside Tesco
I used to cry
but now I queue outside Costco and Aldi too, rolls for the loo,
I'm not that person placing orders online three for two
And now you feel like dropping in and just expect me to be free
But now we've got to keep our distance that's 2 metres socially
Oh now go, self-isolate
My hair looks awful
And I think I'm gaining weight
Coronavirus is a plague on our cities
But I still go out
For basic necessities

And pharmacies! So I'll survive
Oh as long as I've got PPE I know I'll stay alive
Covid 19 may be rife,
and I've got no social life but I'll survive, I will survive, hey, hey

Oooohhh....
Oh now go, self-isolate
I need prosecco
By the bottle or the crate
I miss my friends oh will this lockdown never end
I have to ask
Until I find myself a mask

But I'm alive, and I'll survive
Oh as long as I've got PPE I know I'll stay alive
Covid 19 may be rife,
and I've got no social life but I'll survive, I will survive, hey, hey
