

SWISH FACTORY

TRAINERS DEVELOPING ATHLETES AT SWISH

SWISH Factory is committed to partnering with Basketball Trainers across the Valley to continue to support the advancement of our athletes. We can serve as a destination to conduct individual training or shooting lessons, and even support group training classes, led by our community trainers.

- **OPPORTUNITY**

- **INDIVIDUAL:** Trainers can package a discounted bay rental with their training fee to offer to athletes.
- **GROUP/CAMPS:** Trainers can conduct a group training session (camp) and customize their rates and revenue, utilizing either part of or the entire facility for their session, with the ability to host 5-20 athletes and earn up to \$500+ for the hour.

- **VALUE**

- **SIMPLIFIED LOGISTICS:** We will setup and manage online booking for athletes and pay trainer directly, simplifying the process to help trainers focus on the logistics of their session, adding even more value to the athletes.
- **MARKETING:** We will let our community know about your training, and facilitate your best "tips" in a shareable video.
- **UNIQUE EXPERIENCE:** Trainers have the ability to watch their athletes take up to 1000 shots in 60 minutes, giving trainers an opportunity for unique real-time feedback to the individuals and entire group.
- **SUSTAINABILITY:** Players have access to their shooting statistics at home to continue to build their skill beyond the session.
