Breaking News!!! Kenneth Dixon Announced by Footprints UK as Ambassador to Zambia. Kenneth Dixon has worked in the Media/Humanitarian business for over 30 years, not only as an Executive Producer, but he also started in his early years in Hollywood Acting in Theater, TV and Films.

Kenneth got his break as a producer when he was invited to learn his craft behind the camera at Warner Brothers Studios, on a first look partnership deal with long time WB Executive Gus Blackmon (who Recently Retired after 50 years at the Studio).

Kenneth later established dual Citizenship in the UK, living abroad and creating successful programs for at risk, disadvantaged youth. His dedicated work for 10 years didn't go unnoticed, and he was soon recognized, and recommended for an Ambassadorship from a fellow Ambassador (Princess Wine) of Footprints Encyclopedia/ UK.

It's an Honor to be recognized for work, that you do, simply because you care about the welfare of others, it's so important that the citizens of the world band together, and bond in our Global Community. Regardless of Race, Party Lines, or Genders ...My Parents stressed to me, and my siblings that there are no barriers to extending your heart to others ...which included Animals. AMBASSADOR Dixon is looking forward to connecting to the People of Zambia, and partnering with other UN Ambassadors to make a positive uplifting contribution.

Kenneth Dixon is partnered with Gus Blackmon, Janette Matte, and Chris Helwink with their new Streaming Distribution platform. Udmmand.net
