**Trinity County Waterworks will be flushing fire hydrants from April 29th through May 2<sup>nd</sup>.**

Flushing lines can cause cloudy water and air to enter your system. While flushing in your neighborhood, please use as little water as possible. This will help keep your lines clear. If you get dirty water, flush an outside spigot and run it until it clears. Then, run a faucet inside the house until it runs clear.

**Flushing Order:**

April 29<sup>th</sup>: Reservoir Road; State Highway 3 from Forest Ave. to the Seventh Day Adventist school; Highland Drive; Circle Drive; Vista Lane; Oak Street; Manzanita Ave.; Humboldt Street

April 30<sup>th</sup>: State Highway 3 from Hyampom Road to the Fairgrounds; Tule Creek Road; Felch Street; Talco Way; Cycle Street; Troy Street; Riverview Road; Glass Lane; School Street; Clinic Ave.; Brady Road; Beals Street; Blue Jay Lane; Horsewater Lane

May 1<sup>st</sup>: Morgan Hill Road; Kingsbury Gulch; Kingsbury Road; Center Street; Pine Ave.; Locust Street; Kyler Ave.; R. Jessee; Genest Street; Sebring Road; Forest Ave.

May 2<sup>nd</sup>: N. Oak; Dirt Road; Big Creed Road; Mill Ave.; Clean up

**FOR ADDITIONAL INFORMATION,** Contact Shane McDonald, General Manager, Trinity County Waterworks District #1, at (530) 628-5449.
