Celebrating
God's WORK
through **YOU.**

MCM built our FIRST stand alone welding shop in Honduras! This building while being dedicated as a welding shop, is also an outdoor church building, overflow temporary missions housing unit, and a community use facility! All in the name of welding and spreading the Gospel! The local men and Pastors that I taught welding use this shop to earn a living, when it is not being used it is used for the above listed activities. The entire community turned out for the dedication of the new building.

Pray for God's continued blessings on these families.
