## Introduction To The Leaders of God's Holy Church

*Greetings to God's Leaders in Christ.*

*The following is an outline of our book, "What God is Saying to His Church", which we want to share with all leaders. We have prepared an outline for God's leaders to understand the importance of what God is saying through the Interpretation of Tongues and through visions.*

*There is one prayer interpretation (dated August 13, 2021) that says so much about what God desires. We would like to share this with you, along with a few other excerpts, as an introduction to the book. What you are about to read should help you to understand what God is saying about the **Bread** (His Word); the **Core** (His Doctrine); **Recognize** His need for us; **Understand** what is happening to His children; The **Key**; The **Rock**; His **Desire**; His **Church**; His **Direction**; The **Lost**; **Fear**; **Time**; **Trusting**; **Believing**; the **Holy Spirit**; **Exposing**; His **Word** and His **Teaching**. God also mentions the **Masses**, the **Whore** and taking **Authority**.*

*We are praying that the message God has given us will resonate in you as it has in us. What the message meant for us is that we need to change the way we are teaching, using sound doctrine and teaching a personal relationship with God. We believe this will grow the Kingdom so the layperson can produce for the Kingdom as each of us is called to do. As we allow the Lord to direct and correct us, we can expect to see the same type of increase and multiplication as seen in the early church, including a willingness to give and support the work of God without being pressured or manipulated to do so.*

### Excerpts from "What God is Saying to His Church".

[August 13, 2021](#)

Bring the bread into my house to reckon with the world what is mine. The core around the world is flowing without substances or my wisdom. Break the chains that have you resting in the world's comfort and recognize my need for you now. **Toro** (3X) recognize what is happening to my children. The key is in the Rock which you have not attached to the opening. So see it now before blindness sets in your eyes. Revert to the Rock, revert to discipline and most of all desire for me. I am not pleased in the way my church is heading and without my direction. None of my children have interest in my direction or discipline and the evidence of my fruits are not showing. Render to me everything I ask, forsake your need for mine and know the benefits this will bring to others. As I bring you closer to me you should have my desire but I don't feel your closeness to me anymore. My church holds dear only her needs but it not only lacks my needs but my lost in and out of my church. The fear you are seeing now is nothing compared to the fear I will cause in the world. Right now this generation has not been concerned about what I am able to bring forth and are in for a very fearful time. **Very fearful** (7X). The time has come for those who trust and believe in me to start the action that is needed and should not be worried what that action is but know the Holy Spirit will bring them and take them through what is needed. The wrong in my church must be reckoned with and those who

are using my church for their desires will be exposed. The teachers of my word will become much stronger and leave those who are just saying words to look like they know me, behind and exposed. Those who are ready to serve me under my teaching will see fruitful results. I must be the reason my church is teaching and my compassion must be seen by my church. I need my new leaders to tear down teaching which is not from me, tear down false beliefs which are not from me, words which are not from me. Keep in prayer and you will know where and when to start. **Do you trust me?** (7X)

With my new leaders no one will be able to lead my church down a dead path again. **Search my word for something that is in my word you've never seen before** (3X). My church is headed for a great time of winning souls and these new roots will not die out. Those who stay strong in my word will lay [down] without fear but knowing all I say will come to pass. Dead people, cities and countries will be shaken and awoken in my words. **The root will rule and take charge** (7X). What is written by me will come true.

#### [Bread - September 10, 2021](#)

Remember there will come a day when all will need to answer me. Do my children still love me or are they just going through motions? Come to the Messiah and take of his bread for your nourishment.

#### [World – May 18, 2022](#)

Sugar is sweet but bitterness comes with anger. No way can a man walk in both paths. In time will see the roast. Teach them the correct path. Assure them of the place that heals, and with your tongue and my Spirit. Do not change because of this world but change this world to my way.

#### [Core – December 16, 2021](#)

Teach the core I have given you and the seir has given you for my purposes. I know you believe you are hearing and seeing correctly from me but you are not. My words speak truth and causes progress to happen.

#### [Recognize – February 28, 2022](#)

The snake of the snake is well in my children who need to change. Come up to me and not down to him. Recognize what is wrong. The snake is at work in you. Do you understand? In me all is good, but in him all will fail. The time to tie up the snake is here. Recognize or fail in your work. He who listens will show.

#### [Children – February 22, 2022](#)

I say return to me and my will and remove my people from the deceiver chains. My children can't hear me because they are bound to the deceiver and my children who know me are not helping. They don't know because you, my children, are not sharing me.

#### [Key - February 2, 2023](#)

Cover my key by teaching the roast.

#### [Rock – November 17, 2022](#)

The Rock has spoken to us. We need more in our mind, in our heart and in our spirit.

[Desire – January 5, 2023](#)

The Messiah is not coming unless you have the desire to work from my ways.

[Church – December 16, 2021](#)

The soil is right for planting for those who have not [been] seeking me and my church.

The time is now and no excuse should I hear from my church.

The time is coming when everything will become very clear to you.

To achieve what must be done you must be led by the Holy Spirit. Do I make myself clear?

[Direction – October 13, 2022](#)

Recognize my ways and my soul. I need you and them to follow all things which is holding back my church. They are under the evil one and are roving in the wrong direction.

[Lost – July 14, 2021](#)

Rush in like thunder to the lost and understand I am preparing them to receive

Many are ready to hear but my body is too busy with other things than seeking who is lost. The body is looking to blame everything else except itself for the failure of seeking the lost. Hear me my children. You are divided and proud which is not what I asked you to be. You are to be obedient to me and follow my ways. So let this stronghold you have on the people go and let my Holy Spirit be the stronghold on my children. Take down all your high beliefs and follow my simple ways. This is the order I give now: serve me, follow my ways, seek the lost in and out of the body and remember no one is more important than me.

[Fear – February 22, 2022](#)

Have no fear, my obedient children, for you are covered by me in this time of turmoil.

Remember, do not negotiate; you must stand firm.

[Time - February 22, 2022](#)

Reconsider what God has told you. The coorow time has come and do not resist. The rabbi has taught and has shown himself and it is time to use his teaching. Shed the darkness and shed your ways of thinking and go forward with my way. You must break the bonds of yesterday and see the new day clearly. Things look cloudy at this time but time is on your side. Have I made myself clear? You must make changes and know I AM.

[Trust - February 25, 2021](#)

My Father and I have summoned you to bring forth our word and not have fear. You shall endure and rise up for this time of setting the captive free. The body right now is lost and the few who believe and trust must strengthen the rest with my words. Loosen the chains of the body first and then the lost will come.

[Believe – July 30, 2021](#)

What the church is seeing right know is illusion from the enemy and those who believe him will continue to suffer.

[Holy Spirit – July 14, 2021](#)

Don't be robbed of my teaching. You must have them stay not only in my word but they must learn to be used by my Holy Spirit. Remember there were many who were hungry and thirst for

my teaching but were unable to see the lie. Many are ready to hear but my body is too busy with other things than seeking who is lost. The body is looking to blame everything else except itself for the failure of seeking the lost.

[Exposed - February 22, 2022](#)

The evil one will be exposed but it will need my children to obey.

[Word – June 21, 2021](#)

But who of you will stand out and stand up to this foreign word that people are preaching. When you start speaking in truth I will show myself to you and those who listen to you.

[Teaching - February 22, 2022](#)

The rabbi has taught and has shown himself and it is time to use his teaching.

[Masses and the Whore – March 22, 2022](#)

The masses are in jeopardy, the whore<sup>5</sup> is much inside their hearts. My root is being attack[ed] by the evil one and no one is seeing or hearing.

[Authority – July 7, 2022](#)

The enemy is here and I have given you authority to destroy him in my name.

*To summarize, we must have a genuine, intimate relationship with God. We must desire what He desires and put aside our personal agendas. We must follow His direction by allowing the Holy Spirit to use us as He sees fit. We must use the authority He has given us in everything we do for God who has told us:*

I need my new leaders to tear down teaching which is not from me, tear down false beliefs which are not from me, words which are not from me. Keep in prayer and you will know where and when to start. Do you trust me? With my new leaders, no one will be able to lead my church down a dead path again. (August 13, 2021)

*God is telling us a change is coming. I am praying that those who receive His message after reading His Book will understand that change has to come to His Church.*
