

The Barefoot Homeopath

To be considered for the Flower of Life Package, let's see where you're at.

Homeopathy is a must:

- Do you have a homeopath?
 - Yes: I may need permission to speak to your homeopath first.
 - No: Set up an Initial Consultation with me or another homeopath
- Do you know your constitutional remedy?
 - Yes: Established with a homeopath and know your personal remedy. I may need permission to speak to your homeopath.
 - No: Set up an Initial Consultation with me or another homeopath

Please understand that this package is intense, and I must verify that you're ready for this type of transition.

This is an investment in yourself.

My pricing:

- Initial and one follow-up consultation is \$200. *Do not pay for anything else until I know you are ready to move forward.*
- The Flower of Life package costs \$500.
- Flower of Life 5-month consultation package is \$300. This is not necessary, and some opt to just pay for follow-up as needed.
- Otherwise, each follow-up appointment is \$80.

I'm keeping it real. I need my clients to be ready for big changes because this is a very intense and serious package.
